Directors

Bertrand Reimmel – member of the board of directors since August 2012

Mr. Reimmel, Senior Vice President, joined AllianceBernstein (Luxembourg) S.à r.l. in August 2005 as the Head of the Legal & Compliance Department and, since 2012, he also assumes the role of Managing Director of AllianceBernstein (Luxembourg) S.à r.l. As Managing Director, Mr. Reimmel oversees the Legal & Compliance, AML, Risk, and Corporate Accounting functions as well as the branches of AllianceBernstein (Luxembourg) S.à r.l. and subsidiaries. Mr. Reimmel became a member of the Luxembourg Bar in 1998 and, before joining AllianceBernstein (Luxembourg) S.à r.l., worked for more than eight years at Elvinger Hoss Prussen, one of the leading Luxembourg law firm, where he already covered AllianceBernstein files. Mr. Reimmel is also a key element in the launch and restructuring of each AllianceBernstein European UCITS and AIF. Furthermore, Mr. Reimmel is an active member of various ALFI Working groups. His 20 years of experience in the Luxembourg and European fund industry and his significant technical expertise to UCITS and Alternative Investment Funds make him one of the most-senior lawyers within the AllianceBernstein International Legal Group.

Scott Parkin – member of the board of directors since July 2019

Mr. Parkin joined AllianceBernstein L.P. as Vice President and Counsel, Director of International Legal, in 2017. Mr. Parkin is a senior attorney responsible for legal matters involving the firm's international asset management business, in particular the international fund platforms. Prior to joining AllianceBernstein L.P., he was Senior Legal Counsel at HSBC Global Asset Management (USA) Inc covering similar legal matters. He earned a BA from Colgate University in 2007 and a JD from Western New England School of Law 2010.

Olivia Moessner – member of the board of directors since October 2019

Ms. Moessner is a partner of the law firm Elvinger Hoss Prussen, *société anonyme*. Ms. Moessner's practice concentrates on collective asset management and investment funds. Ms. Moessner advises a number of investment fund promoters and other financial institutions in relation to the set-up and structuring of their Luxembourg investment fund operations. Her practice encompasses a broad range of investment funds (UCITS, UCIs, SIFs and RAIFs) implementing various investments strategies including hedge fund strategies.

Ms. Moessner is a member of the Luxembourg Bar since 2001 and member of numerous working groups of ALFI (Association of the Luxembourg Fund Industry) on various key European topics such as UCITS eligible assets, SFTR, ETFs, MIFID, PRIIPs, ELTIFs, money market funds and pension funds.

Susanne van Dootingh – member of the board of directors since January 2020

Ms. van Dootingh is an independent non-executive director of several Luxembourg domiciled investment funds and management companies. Prior to becoming an iNED she was at State Street Global Advisors from 2002 to 2017 with her final position being Senior Managing Director, Head of European Governance and Regulatory Strategy EMEA. Prior to this she held various senior positions within State Street Global Advisors in Global Product and Fixed Income Product Engineering. Before joining SSGA in 2002 she worked at Fortis Investment Management, Barclays Global Investors, and ABN AMRO Asset Management. She graduated from the Vrije Universiteit Amsterdam with a Master of Arts in Financial Sector Management.

Structure of the Fund

AB SICAV I (the "Fund") is an open-ended investment company with variable capital (société d'investissement à capital variable) incorporated with limited liability under the laws of the Grand Duchy of Luxembourg on June 8, 2006 and registered under Part I of the law of December 17, 2010 on undertakings for collective investment (as amended) (the "Law of 2010"). The Fund qualifies as an Undertaking for Collective Investments in Transferable Securities ("UCITS") within the meaning of Article 1(2) of the EC Directive 2009/65 of July 13, 2009 (as amended).

The Fund is structured as an "umbrella fund" comprising separate pools of assets (each a "Portfolio"). As of May 31, 2020, the Fund had 44 Portfolios.

The Fund offers various classes of shares of each of its Portfolios. All Shares of the same Class have the same rights as to distributions and redemptions.

All the assets and liabilities attributable to the SP1 class of the AllianceBernstein China Investments – China A Shares Value Equity Portfolio (USD) were attributed to the respective SP1 class of the portfolio of AB SICAV I – China A Shares Equity Portfolio.
- It was resolved by the Board to approve the creation of the following new portfolios within the Fund: Event Driven Portfolio and Europe (Ex UK) Equity Portfolio. Such Portfolios commenced operations on February 26, 2020, and March 6, 2020, respectively.

COVID 19

Beginning late in 2019 and continuing into 2020, the outbreak of a novel coronavirus, which causes the disease known as COVID-19, expanded into a global pandemic. Growing turmoil from the spread of this coronavirus, and the potential for an enduring and significant adverse impact on global economies, have driven a sharp increase in volatility across markets and a strong flight to quality.

The Board anticipates (and has already observed) challenges arising from difficult market conditions which may create operational difficulties for the Fund and its service providers. However, the Board is confident that operational plans of the Fund and its services providers are appropriate, both considering current circumstances and for potentially worsening circumstances.

The Board will continue to monitor the evolving situation and its impact on the financial position of the Portfolios and will adjust operational plans accordingly as the situation warrants.

June 22, 2020

Dear Shareholder,

This report provides an update for AB SICAV I (the "Fund") for the annual reporting period ended May 31, 2020.

US stocks recorded strong gains, while international and emerging-market stocks experienced moderate losses, during the 12-month period ended May 31, 2020. All developed and emerging equity markets rallied in April and May, rising off lows reached in March after suffering steep losses that wiped out previous gains amid the worldwide COVID-19 pandemic.

Continued support from central banks, early stage reopening of global economies and the prospect of a potential vaccine helped lift investor sentiment, despite a sharp contraction of economic growth and a resurgence of US-China tensions. At the end of the period, small-cap stocks briefly outperformed large-cap stocks. For most of the period, growth stocks outperformed their value-style peers; however, value saw a strong resurgence late in the period and outperformed growth.

Global fixed-income markets were mixed over the 12-month period. Investor sentiment was buoyant until the spread of

COVID-19 in March caused panic among investors in risk assets that lasted for several weeks. The US Federal Reserve and other developed- and emerging-market central banks initiated significant interest-rate cuts and liquidity measures as governments embarked on swift and unprecedented fiscal stimulus measures to offset the immediate global economic impact of the virus.

Developed-market treasury and investment-grade corporate bond returns were strong. As markets recovered, high-yield corporates and emerging-market sovereign bonds ended the period with positive, yet muted, gains. The US dollar advanced against most developed- and emerging-market currencies. The Swiss franc and the yen, which are also considered safe haven currencies, advanced against the US dollar.

We appreciate your investment in the Fund.

Sincerely,

AllianceBernstein L.P., the Investment Manager of the Fund

The share class performance of each Portfolio is based on the net asset value incorporating the impact of expenses reimbursed or waived by the Management Company as of May 31, 2020. No adjustment has been made for sales charges that may apply when shares are purchased or redeemed. Performance for distributing share classes includes the reinvestment of distributions paid during the year. Past performance is no guarantee of future results. Investment return and principal value may fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.

NOTE A: General Information

AB SICAV I (the “Fund”) is an open-ended investment company with variable capital (*société d’investissement à capital variable*) incorporated with limited liability under the laws of the Grand Duchy of Luxembourg on June 8, 2006 and registered under Part I of the law of December 17, 2010 on undertakings for collective investment (as amended) (the “Law of 2010”). The Fund qualifies as an Undertaking for Collective Investments in Transferable Securities (“UCITS”) within the meaning of Article 1(2) of the EC Directive 2009/65 of July 13, 2009 (as amended).

The Fund is structured as an “umbrella fund” comprising separate pools of assets (each a “Portfolio”).

The Fund offers various classes of shares of each of its Portfolios. All Shares of the same Class have the same rights as to distributions and redemptions.

AllianceBernstein India Growth (Mauritius) Limited, a Mauritian subsidiary, was incorporated under the laws of Mauritius (the “Mauritian Subsidiary”) to make investments for India Growth Portfolio in Indian securities, in accordance

with the investment objectives and policies of India Growth Portfolio. The Mauritian Subsidiary is a public company limited by shares and meets the definition of an Investment Company, as defined under Section 2 of the Mauritius Companies Act 2001. It had been issued a Category 1 Global Business License by the Financial Services Commission under the Financial Services Act 2007. It is wholly-owned by the India Growth Portfolio and issues redeemable shares only to such Portfolio. The results of the Mauritian Subsidiary are included in the financial statements of the Fund. On January 8, 2018, it was resolved by the board of directors of the Fund (the “Board of Directors”) to deregister the Mauritian Subsidiary with the intent to liquidate. AllianceBernstein L.P. (the “Investment Manager”) has been executing a plan to transition investments out of the Mauritian Subsidiary and into the India Growth Portfolio.

As the transition plan has been completed, the Investment Manager is in the process of liquidating the Mauritian Subsidiary.

NOTE B: Significant Accounting Policies

The Financial Statements have been prepared in accordance with Luxembourg legal and regulatory requirements. The Financial Statements of AB ESG Responsible Global Factor Portfolio and Multi-Sector Credit Portfolio have been prepared on a non-going concern basis as the Board of Directors closed these Portfolios on May 29, 2020 (date of the NAV used for financial statement presentation purposes) and June 30, 2020, respectively. The following is a summary of significant accounting policies followed by the Portfolios.

1. Valuation

1.1 Investments in Securities

Securities listed on a stock exchange or traded on any other regulated market are valued at the last sale price on such

exchange or market or, if there has been no sale on such day, at the mean of the closing bid and asked price quoted on such day. If a security is listed on several stock exchanges or markets, the last sale price on the stock exchange or market which constitutes the principal market for such security is used.

Securities traded in the over-the-counter market, including securities listed on an exchange whose primary market is believed to be over-the-counter (but excluding securities traded on The Nasdaq Stock Market, Inc. (“NASDAQ”)) are valued at the mean of the current bid and asked prices. Securities traded on NASDAQ are valued in accordance with the NASDAQ Official Closing Price.

Securities are valued at their current market value determined on the basis of market quotations or, if market quotations are

not readily available or are deemed unreliable, at “fair value” as determined in accordance with procedures established by, and under the general supervision of, the Management Company’s board of managers (the “Board of Managers”).

Fair valuation procedures are designed to adjust closing market prices of securities to reflect what is believed to be the fair value of those securities at the Portfolio’s Valuation Point.

When fair valuation procedures are employed with respect to a particular security, various objective and subjective factors may be considered, including, among other things, developments affecting the security or involving an entire market since the security’s latest reported price, current valuations of relevant stock indices or pronouncements of certain governmental authorities. Fair value prices based on third party vendor modeling tools may be utilized to the extent available. Therefore, when fair valuation procedures are employed, the prices of individual securities utilized to calculate the Portfolio’s Net Asset Value (“NAV”) may differ from quoted or published prices for the same securities. Currently, fair value adjustments are only applicable to certain equity securities and futures contracts.

Accordingly, as may also be the case with a previously reported stock exchange price, the price of any portfolio security determined utilizing fair value pricing procedures may be materially different from the price to be realized upon the sale of such security.

For portfolio securities primarily traded on U.S. and Indian exchanges, it is expected that fair value pricing procedures are employed only under very limited circumstances such as, for example, the early closing of an exchange on which a particular security is traded or the suspension of trading in particular security. However, it is anticipated that fair value pricing procedures will be utilized frequently for securities traded on non-U.S. exchanges or other markets, particularly European and Asian markets, excluding India, because, among other reasons, these markets close well before the Portfolio’s Valuation Point. Between the close of these markets and the relevant Portfolio’s Valuation Point, significant events including broad market moves may occur. In particular, events in the U.S. market on a trading day after the close of these other markets may affect the value of the Portfolio’s securities.

Fixed income securities (i), securities not listed on any stock exchange, or traded on any regulated market (ii), and securities, trading of which on a stock exchange or a regulated market is thin (iii), are valued at the most recent bid price provided by the principal market makers. If there is no such market price, or if such market price is not representative of a security’s fair market value, then the security is valued in a manner determined to reflect its fair value in accordance with procedures established by, and under the general supervision of, the Board of Managers and the Board of Directors.

U.S. Government securities and any other debt instruments having 60 days or less remaining until maturity are generally valued at market price by an independent pricing vendor, if a market price is available. If a market price is not available, the securities are valued at amortized cost. This methodology is commonly used for short-term securities that have an original maturity of 60 days or less, as well as short-term securities that had an original term to maturity that exceeded 60 days. In instances when amortized cost is utilized, the valuation

committee of the Investment Manager (the “Committee”) must reasonably conclude that the utilization of amortized cost is approximately the same as the fair value of the security. Such factors the Committee will consider include, but are not limited to, an impairment of the creditworthiness of the issuer or material changes in interest rates.

Over-the-counter (“OTC”) swaps and other derivatives are valued daily, primarily using independent pricing services, independent pricing models using market inputs, as well as third party broker-dealers or counterparties.

1.2 Warrant Valuation

A listed warrant is valued at the last traded price provided by approved vendors. If there has been no sale on the relevant business day, the warrant is valued at the last traded price from the previous day. On the following days, the security is valued in good faith at fair value. All unlisted warrants are valued in good faith at fair value. Once a warrant has expired, it will no longer be valued.

1.3 Financial Futures Contracts

Initial margin deposits are made upon entering into futures contracts. During the year the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by “marking-to-market” on a daily basis to reflect the market value of the contract at the end of each day’s trading. Variation margin payments are made or received, depending upon whether unrealized losses or gains are incurred. When the contract is closed, a realized gain or loss is recorded. This realized gain or loss is equal to the difference between the proceeds from (or cost of) the closing transaction and the Fund’s basis in the contract. Open futures contracts are valued using the closing settlement price or, in the absence of such a price, the most recent quoted bid price. If there are no quotations available for the day of valuation, the last available closing settlement price is used.

1.4 Forward Foreign Currency Contracts

The unrealized gain or loss on open forward foreign currency contracts is calculated as the difference between the contracted rate and the rate to close out the contract. Realized profit or loss includes net gains or losses on forward foreign currency contracts which have been settled or offset by other contracts with the same counterparty.

1.5 Options Purchased and Options Written

When an option is purchased, an amount equal to the premium paid is recorded as an investment and is subsequently adjusted to the current market value of the option purchased. Premiums paid for the purchase of options which expire unexercised are treated on the expiration date as realized losses. If a purchased put option is exercised, the premium is subtracted from the proceeds of the sale of the underlying security or foreign currency in determining whether the relevant Portfolio has realized a gain or loss. If a purchased call option is exercised, the premium increases the cost basis of the security or foreign currency purchased by the relevant Portfolio. When an option is written, an amount equal to the premium received by the relevant Portfolio is recorded as a liability and is subsequently adjusted to the current market value of the option written. Premiums received from written options which expire unexercised are treated by the relevant Portfolio on the expiration date as realized gains. If a written call option is exercised, the premium

is added to the proceeds from the sale of the underlying security or foreign currency in determining whether the relevant Portfolio has realized a gain or a loss. If a written put option is exercised, the premium reduces the cost basis of the security or foreign currency purchased by the relevant Portfolio. Listed put or call options purchased by a Portfolio are valued at the last sale price. If there has been no sale on that day, such securities are valued at the closing bid prices on that day.

1.6 Investments in other Undertakings for Collective Investments (“UCIs”)

Investments in other UCIs are valued at the last available NAV for the UCI in question.

1.7 Swap Agreements

The Portfolios accrue for interim payments on swap contracts on a daily basis, within income and expenses. Swap contracts are marked to market on a daily basis with fluctuations in value recorded in “Unrealized appreciation (depreciation) on swaps” in the Statement of Assets and Liabilities and “Changes in unrealized gains and (losses) on swaps” in the Statement of Operations and Changes in Net Assets. Once a swap contract has matured or is sold, the net amount is recorded as a “Realized gains or (losses) on swaps” in the Statement of Operations and Changes in Net Assets. The upfront premiums paid or received are recognized as cost or proceeds on the Statement of Assets and Liabilities and are amortized in a straight line basis over the life of the contract. Accruals of amortized upfront premiums on credit default swaps are included in “Swap income” until the position is sold, thereafter the amortized upfront premiums are included within “Realized gains and (losses) on swaps”. On all other swap types the amortized upfront premiums are included within “Realized gains and (losses) on swaps”. Fluctuations in the value of swap contracts are recorded as a component of “Changes in unrealized gains and (losses) on swaps” in the Statement of Operations and Changes in Net Assets.

“Upfront premiums paid/(received) on swap contracts” disclosed in the Statements of Assets and Liabilities include premiums paid (received) on the OTC credit default swaps and a margin that is yet to be settled on the centrally cleared credit default swaps.

2. Organization Expenses

The organization expenses for the following Portfolios are being amortized on a straight-line basis through the following dates:

AB SICAV I-	Dates
Asia Income Opportunities Portfolio	September 2021
China A Shares Equity Portfolio	October 2020
China Bond Portfolio	April 2022
Low Volatility Total Return Equity Portfolio	February 2024
Sustainable Global Thematic Credit Portfolio	May 2024
Sustainable European Thematic Portfolio	April 2024
Europe (Ex UK) Equity Portfolio	March 2025
Event Driven Portfolio	February 2025

The organization expenses of other existing Portfolios have been fully amortized in prior years.

For Multi-Sector Credit Portfolio, AB ESG Responsible Global Factor Portfolio, Global Income Portfolio, Asia Low Volatility Equity Portfolio, Emerging Market Debt Total Return Portfolio, All Market Total Return Portfolio, Alternative Risk

Premia Portfolio, All China Equity Portfolio and Financial Credit Portfolio, the Investment Manager waived amounts due to them in relation to formation expenses and therefore the deferred organization expenses asset has been written down on the above Portfolios during the year ended May 31, 2020.

3. Allocation Method

Income and expenses (except for class-specific management and distribution fees) for the “fixed income” and “balanced” Portfolios are allocated on a daily basis utilizing a hybrid allocation model. This model allocates based upon each class’ proportionate percentage of the combined value of settled shares for those classes which accrue a daily dividend and the value of the shares outstanding for those classes which accrue a monthly dividend or no dividend at all.

Income and expenses for the “equity” Portfolios are allocated on a daily basis by each class’ value of their proportionate shares outstanding.

For all of the Portfolios, realized and unrealized gains and losses are allocated on a daily basis by each class’ value of their proportionate shares outstanding.

Class specific management, management company, distribution fees and realized and unrealized gains and losses on forward foreign currency contracts related to the Currency Hedged Share Classes are charged/allocated directly to the respective class.

Due to the distinct institutional nature of all types of Class S shares of the Portfolios, certain fund expenses, where applicable, are allocated to the Class S shares based upon minimum shareholder activity and account level requirements.

4. Currency Translation

Values expressed in a currency, other than the currency in which a Portfolio is denominated, are translated at the average of the last available buying and selling price. Transactions in foreign currencies are translated into the currency of each Portfolio at the exchange rate ruling at the date of the transactions.

The Combined Statement of Assets and Liabilities is presented in U.S. Dollars at the exchange rates ruling at the date of the Combined Statement of Assets and Liabilities, while the Combined Statement of Operations and Changes in Net Assets is presented in U.S. Dollars at the average exchange rates ruling during the year. Exchange rates applied in the financial statements are: spot rate 0.9009 and average rate 0.9042 for USD to EUR, spot rate 7.1378 and average rate 7.0225 for USD to CNH and spot rate 0.8097 and average rate 0.7926 for USD to GBP.

The “Currency translation adjustment” presented in the Statement of Operations and Changes in Net Assets is the result of the difference in exchange rates used to translate combined net assets at the beginning of the year, the Statement of Assets and Liabilities and the Statement of Operations and Changes in Net Assets.

5. Investment Income and Investment Transactions

Dividend income is recorded on the ex-dividend date. Interest income is accrued daily. Investment gains and losses for the Portfolios are determined on an average cost basis. The Fund accretes discounts and amortizes premiums as adjustments, if applicable, to interest income. Investment transactions are recorded on trade date plus one day.

6. Estimates

The preparation of Financial Statements in conformity with accounting principles generally accepted in Luxembourg requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amounts of income and expenses during the reporting year. Actual results may differ from those estimates.

7. Swing Pricing Adjustment

(The following applies to all Portfolios except Sustainable Global Thematic Portfolio, Global Equity Income Portfolio and Multi-Sector Credit Portfolio)

The Board of Directors has communicated to all shareholders of the Fund to implement a NAV Adjustment Policy, also known as “swing pricing” policy, effective from November 2, 2015. Under this policy, a Portfolio’s NAV may be adjusted to reflect the impact of estimated transaction costs, deal spreads and charges generated by shareholders’ purchase and redemption activity. Swing pricing is automatically applied when daily net subscriptions or redemptions exceeds a threshold specified by the Swing Pricing Committee under the supervision of the Board of Directors.

When swing pricing is applied, the NAV of the relevant Portfolio’s shares will be adjusted up or down, in an amount generally not to exceed 2% of the relevant NAV, so that the transaction costs incurred due to the purchase and redemption activity are borne by the investors transacting in the Portfolio’s shares, rather than the Portfolio itself. This adjustment is intended to minimize dilution of the value of shareholders’ investment in shares of a Portfolio brought on by transactions in the Portfolio’s shares.

The recent and unprecedented financial market conditions linked to the COVID-19 crisis led to a widening of bid/offer spreads of certain securities and consequently higher transaction costs for the Fund. The Swing Pricing Committee believes that the current swing pricing thresholds of generally up to 2% for the Fund may not adequately reflect the expected costs associated with trade execution prices and therefore may not fully protect the interests of the Fund’s Shareholders in the event of redemption and subscription activity. It was resolved by the Board of Directors, in line with “FAQ CSSF on Swing Pricing Mechanism”, to allow the Swing Pricing Committee to go beyond the Swing Pricing threshold as it deems appropriate for any relevant Portfolio in order to ensure that the remaining Shareholders of the Fund are not impacted by the current transaction costs linked to the COVID-19 crisis.

The NAV per Share and the total net assets as disclosed in the Statistical Information are the published NAV per Share and the total net assets, whereas the total net assets disclosed in the Statement of Assets and Liabilities and Statement of Operations and Changes in Net Assets is the total NAV excluding any period end swing adjustments.

All Portfolios subject to swing pricing except All Market Total Return Portfolio, Sustainable European Thematic Portfolio, Emerging Market Local Currency Debt Portfolio, AB ESG Responsible Global Factor Portfolio, Asia Low Volatility Equity Portfolio, Sustainable Global Thematic Credit Portfolio and Europe (Ex UK) Equity Portfolio swung their NAVs during the reporting period. As of May 31, 2020, the following Portfolios swung their NAVs:

- Select Absolute Alpha Portfolio;
- Eurozone Equity Portfolio.

NOTE C: Taxes

As a Luxembourg *société d’investissement à capital variable* (SICAV), the Fund is not subject, under present tax laws, to income, withholding or capital gains taxes in Luxembourg.

The Fund is subject to the Luxembourg *taxe d’abonnement* at the rate of 0.05% per annum calculated and payable quarterly, on the aggregate total net assets on the last day of each calendar quarter. The rate is 0.01% for share classes reserved to institutional investors within the meaning of Article 174 of the Law of 2010. Dividends, interest and capital gains on Portfolio securities issued in certain countries may be subject to withholding or capital gains taxes imposed by such countries.

India

Income distributions to the Mauritian Subsidiary by way of interest from its investments in debt securities of Indian companies should be subject to withholding tax at the rate between 5% to 20%. Dividends paid to the Mauritian Subsidiary from its investment in equity securities of Indian companies should not be subject to withholding tax. The Governments of India and Mauritius have signed a Protocol for amending the tax treaty between India and Mauritius. The renegotiation of the Treaty clarifies the applicability of a general anti-avoidance rule (“GAAR”) to a Mauritius subsidiary deemed a tax resident of Mauritius. As per the Protocol, India shall have the right to tax capital gains arising from disposition of shares acquired on or after April 1, 2017 in a company resident in India, with shares acquired on or before March 31, 2017 being grandfathered as exempt from capital gains taxation.

People’s Republic of China (PRC)**Corporate Income Tax (“CIT”)**

By investing in shares of PRC resident enterprises (including China A-, B- and H-Shares), RMB denominated corporate and government bonds, securities investment funds and warrants listed on the PRC stock exchanges or PRC inter-bank bond markets, a Portfolio may be subject to withholding income tax (“WIT”) and other taxes imposed in the PRC.

Lacking specific guidance, it is uncertain whether the RQFII or the relevant investing Portfolios would be considered the taxpayer with respect to the PRC-sourced income derived from the investment in bonds, shares and other securities in the PRC.

In the event the RQFII were considered to be the taxpayer, any PRC taxes levied against the RQFII would be reimbursed and ultimately borne by the relevant Portfolios of the Fund.

If the relevant Portfolios are deemed to be the taxpayer, then such Portfolios will be subject to PRC CIT at 25% on its worldwide taxable income if it is considered to be a tax resident enterprise of the PRC. If the Portfolio is considered to be a nontax resident enterprise with an establishment or place of business (“PE”) in the PRC, the PRC sourced profits attributable to that PE would be subject to CIT at 25%.

Under the PRC CIT Law effective from 1 January 2008, a foreign enterprise without a PE in the PRC will generally be subject to a WIT at the current rate of 10% on its PRC sourced income, including but not limited to passive income (e.g. dividends, interest, gains arising from transfer of assets, etc.), subject to the application of treaty relief.

The Investment Manager intends to manage and operate the Portfolios in such a manner that the Portfolios and the Fund not be treated as a tax resident enterprise of the PRC or a nontax resident enterprise with a PE in the PRC for CIT purposes, although this cannot be guaranteed. As such, it is expected that the Portfolios should only be subject to WIT at 10% to the extent the Portfolio directly derives PRC sourced income in respect of its investment in bonds, shares and other securities in the PRC.

Equity investments

With the approval from the PRC State Council, the PRC State Administration of Taxation, the PRC Ministry of Finance and the China Securities Regulatory Commission have jointly issued Caishui [2014] 79 (“Circular 79”) to clarify the WIT treatment with respect to gains derived by QFIIs and RQFIIs from the disposal of equity investments, including shares in PRC enterprises. According to Circular 79, QFIIs and RQFIIs are temporarily exempt from WIT with respect to gains derived from the disposal of equity investments, including shares in PRC enterprises (e.g. A-Shares and B-Shares), via the QFII or RQFII investment quota, effective from November 17, 2014.

PRC tax disclosure regarding Stock Connect

In addition to investing in A-Shares via the RQFII quota of the RQFII Holder, the Fund may gain exposure to A-Shares through Stock Connect, which has commenced trading as of November 17, 2014.

With the approval from the PRC State Council, the PRC State Administration of Taxation, the PRC Ministry of Finance and the CSRC have jointly issued Caishui [2014] 81 (“Circular 81”)

to clarify the PRC tax treatment regarding China Connect Securities. Circular 81 is effective on November 17, 2014.

According to Circular 81, the Fund is subject to the following PRC income tax treatment with respect to the Northbound Trading under Stock Connect (i.e. trading of certain A-Shares on the SSE):

- Temporarily exempt from PRC WIT with respect to gains derived from the disposal of A-Shares.
- Subject to PRC WIT at 10% with respect to dividends received from A-Shares.
- Subject to PRC SD at 0.1% with respect to the sale of A-Shares (i.e. the purchase of A-Shares is not subject to PRC SD).

Investors should note that Stock Connect has limited or no history, and, accordingly, the taxation rules applicable to China Connect Securities traded on Stock Connect are not long established and subject to change in the future. Investors should seek advice from their professional tax advisors with any questions regarding China Connect Securities.

The PRC Ministry of Finance (“MOF”) and PRC State Administration of Taxation (“SAT”) have jointly issued Caishui [2018] 108 (“Circular 108”) to clarify the 3-year PRC tax exemption treatment of bond interest derived by foreign institutional investors on 22 November 2018. According to Circular 108, foreign institutional investors are temporarily exempt from PRC Withholding Income Tax (“WHT”) and PRC Value-Added Tax with respect to bond interest income derived in the domestic bond market for the period from 7 November 2018 to 6 November 2021. Circular 108 does not mention the retroactive tax collection on bond interest derived prior to 7 November 2018.

NOTE D: Distributions

The Board of Directors (hereinafter the “Board”) does not currently intend to pay dividends with respect to the shares for the following Portfolios: International Technology Portfolio, US Small and Mid-Cap Portfolio, Select Absolute Alpha Portfolio, Global Factor Portfolio, Multi-Sector Credit Portfolio, AB ESG Responsible Global Factor Portfolio, All Market Total Return Portfolio, All China Equity Portfolio, Sustainable European Thematic Portfolio and Event Driven Portfolio. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the Shares.

For International Health Care Portfolio:

- For class A, AX, B, BX, C, I, S, S1 and S14 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the Shares will be reflected in the respective NAV of the Shares.
- For class AD, ED and ID shares, the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes, and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor’s original investment amount and as such may result in a decrease in the NAV per share for the relevant class.

For Global Real Estate Securities Portfolio:

- For class A, B, C, I, 1, 2, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares.
- For class AD, BD, ID and SD shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes, and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor’s original investment amount and as such may result in a decrease in the NAV per share for the relevant class.
- For class 1D shares, the Board intends to declare and pay annually dividends equal to all or substantially all of the Portfolio’s net income attributable to each class of shares. To the extent the net income and net realized profits attributable to these shares exceed the amount declared payable, the excess return will be reflected in the respective NAV of such shares. Dividends will be automatically reinvested in further shares of the same class unless the Shareholder elects to receive cash by so instructing the Management Company in writing. Dividends for reinvestment will be paid to the Management Company which will reinvest them

in the purchase of shares, at the offer price at that date or such other price as may from time to time be agreed, on the dividend payment date. A statement of reinvestment will be sent to the Shareholder. Dividends which are not reinvested will be sent by post or other means on the dividend payment date. The Fund cannot accept liability for non-delivery or late delivery of dividends.

For Sustainable Global Thematic Portfolio:

- For class SD shares the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share class, and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.
- For all shares except SD shares, the Board currently does not intend to pay distributions with respect to the Shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares.

For India Growth Portfolio:

- For class A, AX, B, BX, C, I, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares. At the discretion of the Board, special dividends may be declared.
- For class AD and SD shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes, and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.

For Euro High Yield Portfolio:

- For class A, C and I shares (and corresponding H shares), the Board intends to declare daily and pay monthly dividends equal to all or substantially all of the Portfolio's net income attributable to each class of shares.
- For class AT, CT, IT, NT and ZT shares (and corresponding H shares), the Board intends to declare and pay monthly dividends equal to all or substantially all of the Portfolio's net income attributable to each class of shares.
- For class AA shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes.
- For class AR shares the Board intends to declare and pay annual distributions.

- For class AM shares, the Board intends to declare and pay monthly distributions. The Board intends to maintain a fixed distribution of 7% (annualized) per share for AM shares. As such, distributions may come from net income, realized and unrealized gains and capital attributable to the relevant class. Distributions from capital may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class. The Board will periodically review the level of income and expenses at the AM class level, along with the fixed distribution percentage and may decide to decrease or increase the fixed distribution percentage.
- For class A2, AB, B2, C2, I2, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the Shares are reflected in the NAV of the Shares.

For Emerging Markets Multi-Asset Portfolio:

- For class A, B, C, I, N, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the respective NAV of the Shares.
- For class AD, BD, ED, ID, SD and S1D shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes. For class AR shares (and corresponding H shares), the Board intends to declare and pay annual distributions. Distributions may come from gross income (before reduction for fees and expenses), realized and unrealized capital gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.
- For class SQD shares (and corresponding H shares), the Board intends to declare and pay quarterly distributions. The Board intends to maintain a stable distribution rate per share for such share classes and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized capital gains and capital attributable to the relevant class.

For RMB Income Plus Portfolio:

- For class A2, C2, I2, S, S1 and W2 shares, the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the Shares are reflected in the NAV of the Shares.
- For class AT, CT, IT and ZT shares the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized capital gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.

- For class AR shares, the Board intends to declare and pay annual distributions. Distributions may come from gross income (before deduction of fees and expenses) and distributions may also include realized and unrealized gains and capital attributable to such classes of Shares. Since fees and expenses do not reduce the distribution rate, the NAV per share of the relevant classes will be reduced by such fees and expenses.

For Short Duration High Yield Portfolio:

- For class A2, B2, C2, I2, N2, S, S1 and W2 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares.
- For class AT, BT, CT, IT and NT shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. For class I shares (and corresponding H shares), the Board intends to declare daily and pay monthly distributions. Distributions may come from gross income (before reduction for fees and expenses), realized and unrealized capital gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.
- For class AA shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. For class AR shares (and corresponding H shares), the Board intends to declare and pay annual distributions. The Board intends to maintain a stable distribution rate per share for such share classes. The distribution rate is to be derived from gross income (before deduction of fees and expenses) and distributions may also include realized and unrealized gains and capital attributable to such classes of shares. Since fees and expenses do not reduce the distribution rate, the NAV per share of the relevant classes will be reduced by such fees and expenses.
- For class AM shares, the Board intends to declare and pay monthly distributions. The Board intends to maintain a fixed distribution of 5% (annualized) per share for AM shares. As such, distributions may come from net income, realized and unrealized gains and capital attributable to the relevant class. Distributions from capital may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class. The Board will periodically review the level of income and expenses at the AM class level, along with the fixed distribution percentage and may decide to decrease or increase the fixed distribution percentage.
- For class S1QD shares (and corresponding H shares), the Board intends to declare and pay quarterly dividends equal to all or substantially all of the Portfolio's net income attributable to the class of shares.

For Select US Equity Portfolio:

- For class A, AW, C, I, N, S, S1, F and W shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the Shares will be reflected in the respective NAV of the Shares.

- For class AR shares (and corresponding H shares), the Board intends to declare and pay annual distributions. Distributions may come from gross income (before deduction of fees and expenses) and distributions may also include realized and unrealized gains and capital attributable to such classes of Shares. Since fees and expenses do not reduce the distribution rate, the NAV per Share of the relevant classes will be reduced by such fees and expenses.

For Global Plus Fixed Income Portfolio:

- For class A2, C2, I2, 1, 2, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares.
- For class AT, BT, CT, IT and 1D shares (and corresponding H shares), the Board intends to declare and pay monthly dividends equal to all or substantially all of the Portfolio's net income attributable to each class of shares.
- For class AR shares (and corresponding H shares), the Board intends to declare and pay annual distributions. The distribution rate is to be derived from gross income (before deduction of fees and expenses) and distributions may also include realized and unrealized gains and capital attributable to such classes of shares. Since fees and expenses do not reduce the distribution rate, the NAV per share of the relevant classes will be reduced by such fees and expenses.
- For class SA shares, the Board intends to declare and pay monthly distributions.
- For class IK shares (and corresponding H shares), the Board intends to declare and pay bi-annually dividends equal to all or substantially all of the Portfolio's net income attributable to the relevant class of Shares.
- For class S1QD shares (and corresponding H shares), the Board intends to declare and pay quarterly distributions. The Board intends to maintain a stable payout per share for S1QD shares (and corresponding H shares).

For Emerging Market Local Currency Debt Portfolio:

- For class AA and SA shares, the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes.
- For class A2, I2, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares.
- For class AT, CT, IT and ZT shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes, and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized capital gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.

- For class AR shares (and corresponding H shares), the Board intends to declare and pay annual distributions. The distribution rate is to be derived from gross income (before deduction of fees and expenses) and distributions may also include realized and unrealized gains and capital attributable to such classes of shares. Since fees and expenses do not reduce the distribution rate, the NAV per share of the relevant classes will be reduced by such fees and expenses.

For Asia Pacific Local Currency Debt Portfolio:

- For class A2, B2, C2, I2, S and S1 shares (and corresponding H shares), the Board currently does not intend to pay dividends with respect to the shares. Therefore, any net income and net realized profits attributable to the shares are reflected in the NAV of the shares.
- For class AA shares (and corresponding H shares), the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes. For class AR shares (and corresponding H shares), the Board intends to declare and pay annual distributions. The distribution rate is to be derived from gross income (before deduction of fees and expenses) and distributions may also include realized and unrealized gains and capital attributable to such classes of shares. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.

For Global Core Equity Portfolio:

- For class A, C, N, I, S, S1, S1X, IX, RX and XX shares (and corresponding H and HP shares), the Board currently does not intend to pay dividends with respect to the Shares. Therefore, any net income and net realized profits attributable to the Shares are reflected in the respective NAV of the Shares.
- For class SD shares, the Board intends to declare and pay monthly distributions. The Board intends to maintain a stable distribution rate per share for such share classes, and therefore distributions may come from gross income (before reduction for fees and expenses), realized and unrealized gains and capital attributable to the relevant class. Distributions in excess of net income (gross income less fees and expenses) may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per share for the relevant class.
- For class AR shares, the Board intends to declare and pay annual distributions. Distributions may come from gross income (before reduction for fees and expenses), realized and unrealized gains and capital attributable to the relevant class. Expenses borne by the Management Company are included in the Statement of Operations and Changes in Net Assets under "Expense reimbursed or waived". Reimbursement receivable is included in the Statement of Assets and Liabilities under "Other receivables" or in "Accrued expenses and other liabilities".

The Fund also pays its Management Company, a management company fee. Specific share classes of each Portfolio will pay the Distributor, a distribution fee, which is compensation for providing distribution related services to the Fund with respect to such shares.

All of the aforementioned fees are accrued at an annual rate on the average daily net assets of each Portfolio and paid monthly.

A list of each Portfolio's annual rate for their applicable fees can be found in Table 1 (Page 394 to 415). Also, Class B, BD, BXX and each applicable H shares are subject to a contingent deferred sales charge at rates of between 0.00% and 4.00%. Class BX and each applicable H shares are subject to a contingent deferred sales charge at rates of between 0.00% and 3.00% or between 0.00% and 4.00%. Class B2, B2X, BT, E, ED and each applicable H shares are subject to a contingent deferred sales charge at rates of between 0.00% and 3.00%. Class C, C2, CD, CT, C2X, CX and each applicable H shares are subject to a contingent deferred sales charge at rates between 0.00% and 1.00% which may be waived in certain circumstances by the dealer.

The Fund compensates its registrar and transfer agent, AllianceBernstein Investor Services, a unit of the Management Company, under a Management Fund Services Agreement for providing personnel and facilities to perform registrar and transfer agency services for the Fund. Such compensation amounted to \$9,029,363 for the year ended May 31, 2020.

The Fund compensates the Investment Manager for certain services provided to the Fund in connection with the registration of the Fund for sale in certain jurisdictions outside of Luxembourg, subject to certain conditions. For the year ended May 31, 2020, such compensation amounted to \$1,447,628 and is included in "Professional fees" in the Statement of Operations and Changes in Net Assets.

NOTE F: Soft Commission Arrangements and Transaction Costs

During the period ended May 31, 2020, where permitted under applicable law, the Investment Manager and any Affiliated Sub-Investment Manager, if applicable, received and entered into soft-dollar commissions/ arrangements with brokers relating to Portfolios of the Fund that invest in equity securities, in respect of which certain goods and services used to support the investment decision making process were received. The soft commission arrangements were entered into on the basis that the execution of transactions on behalf of the Fund will be consistent with best execution standard and the Investment Manager considers many factors regarding best execution standards when entering into soft commission arrangements such as the size and nature of brokerage fees.

Additionally, due to the nature of the investment strategy of certain Portfolios, including where the Investment Manager delegates investment management services to AllianceBernstein Limited and CPH Capital Fondsmæglerselskab A/S, all costs associated with soft commission arrangements may be "unbundled" and borne by the Investment Manager or its sub-delegates, if required by applicable law.

The goods and services received include specialist industry, company and consumer research, portfolio and market analysis and computer software used for the delivery of such services.

The Fund compensates its legal adviser, Elvinger Hoss Prussen, *société anonyme* (of which Mr. Yves Prussen, a director of the Fund, until January 13, 2020, and on the Board of Managers of its Management Company, is a partner) for legal services rendered to the Fund. Payments of €33,393 were made for the year ended May 31, 2020 and are included in "Professional fees" in the Statement of Operations and Changes in Net Assets.

The Investment Manager has not entered into transactions in relation to a placing and/or a new issue in which a connected person had a material interest as a member of the underwriting syndicate.

All transactions executed on behalf of the Fund were entered into in the ordinary course of business and/or normal commercial terms.

The total aggregate value of the transactions of the Fund effected through the affiliated firms, Sanford C. Bernstein & Co., LLC and Sanford C. Bernstein Ltd. were \$39,855. Such transactions represent less than 0.01% of total transactions. There was \$1 in commission paid for the period ended May 31, 2020 on securities transactions utilizing the services of the affiliated firms, Sanford C. Bernstein & Co. LLC and Sanford C. Bernstein Ltd. Several of the Fund's directors are employees and/or officers of the Investment Manager and/or its affiliates.

Global Plus Fixed Income Portfolio, US High Yield Portfolio, Multi-Sector Credit Portfolio and Global Income Portfolio invest in AB FCP I – Mortgage Income Portfolio, a portfolio which is managed by the Management Company. All Market Total Return Portfolio invests in AB FCP I – Global High Yield Portfolio, a portfolio which is managed by the Management Company.

The nature of the goods and services received is such that the benefits provided under the arrangement must be those which assist in the provision of investment services to the Fund and may contribute to an improvement in the Fund's performance.

For the avoidance of doubt, such goods and services do not include travel, accommodations, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employees' salaries or direct money payments.

Transaction costs are costs incurred in the acquisition, issue or disposal of transferable securities, money market instruments, derivatives or other eligible assets. They can include bid-ask spread, fees and commissions paid to agents, advisers, brokers and dealers, transaction related taxes and other market charges. They do not include debt premiums or discounts, financing costs or internal administrative or holding costs. Transaction costs are included within the cost of investments in the Portfolio of Investments as well as in the "Realized gains and (losses) on investments" and "Changes in unrealized appreciation and (depreciation) on investments" in the Statement of Operations and Changes in Net Assets. Transaction costs are excluded from the Total Expense Ratio and/or expense reimbursement calculation.

NOTE G: Forward Foreign Currency Contracts

A forward foreign currency contract is a commitment to purchase or sell a foreign currency at a future date at a negotiated forward rate. The gain or loss arising from the difference between the original contract and the closing of such contract is included in “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency” in the Statement of Operations and Changes in Net Assets.

Fluctuations in the value of open forward foreign currency contracts are reflected for financial reporting purposes as a component of “Unrealized appreciation/(depreciation) on forward foreign currency contracts” in Statement of Assets and Liabilities.

One or more of a Portfolio’s share classes offered in a particular currency (each, an “Offered Currency”) may be hedged to such Offered Currency. Any such share class will constitute a “Currency Hedged Share Class”. Currency Hedged Share Classes aim to provide investors a return more closely

correlated to the Portfolio’s base currency return by reducing the effect of exchange rate fluctuations between the portfolio’s base currency and the relevant Offered Currency, taking into account practical considerations such as transaction costs. The hedging strategy employed is designed to reduce, but may not eliminate, currency exposure between the portfolio’s base currency and the Offered Currency. Risks may arise from the potential inability of counterparty to meet the terms of a contract and from unanticipated movements in the value of a foreign currency relative to the hedged currency.

Given that there is no segregation of liabilities between the various share classes within a portfolio, there is a remote risk that, under certain circumstances, currency hedging transactions in relation to a Currency Hedged Share Class could result in liabilities which might affect the NAV of the other share classes of the same portfolio, in which case assets of the other share classes of the portfolio may be used to cover the liabilities incurred by such Currency Hedged Share Class. The securities in the Fund are used as collateral for forward foreign currency contracts including those used for share class hedging.

NOTE H: Financial Futures Contracts

The Fund may buy or sell financial futures contracts. The Fund bears the market risk that arises from changes in the value of these financial instruments. The Fund's activities in financial futures contracts are conducted through regulated exchanges, which do not result in counterparty credit risk.

At the time the Fund enters into a financial futures contract, the Fund deposits and maintains with the broker as collateral an initial margin as required by the exchange on which the transaction is effected.

NOTE I: Swap Transactions

A swap is an agreement that obliges two parties to exchange a series of cash flows at specified intervals based upon or calculated by reference to changes in specified prices or rates for a specified amount of an underlying asset or otherwise determined notional amount. Realized gains and (losses) and changes in unrealized gains and (losses) on swaps are included in the Statement of Operations and Changes in Net Assets respectively under "Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency" and as a component of "Change in unrealized gains and (losses) on swaps."

Centrally Cleared Credit Default Swaps

The buyer in a centrally cleared credit default swap agreement is obliged to pay the seller a periodic stream of payments over the term of the contract in return for a contingent payment upon the occurrence of a credit event with respect to an underlying reference obligation.

Centrally Cleared Interest Rate Swaps

A centrally cleared interest rate swap is a bilateral agreement in which each of the parties agree to exchange a series of fixed or floating interest rate payments based on a notional amount that serves as a computation basis.

Total Return Swaps

A total return swap is a bilateral agreement in which each of the parties agree to exchange the total performance of an underlying asset for a series of interest payments based on a notional amount that serves as a computation basis.

NOTE J: Loans of Portfolio Securities

A Portfolio may make secured loans of its securities. The risk in lending securities, as with other extensions of credit, consists of possible loss of rights in the collateral should the borrower fail financially. In addition, a Portfolio will be exposed to the risk that the sale of any collateral realized upon the borrower's default will not yield proceeds sufficient to replace the loaned securities.

In determining whether to lend securities to a particular borrower, the Investment Manager will consider all relevant facts and circumstances, including the creditworthiness of the borrower.

While securities are on loan, the borrower may pay a Portfolio concerned any income from the securities. A Portfolio may invest any cash collateral in money market instruments, thereby earning additional income, or receive an agreed upon amount of income from a borrower who has delivered equivalent collateral.

Pursuant to the contract, the Fund agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as the variation margin and are recorded by the Fund as unrealized gains or losses. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the time it was closed.

Credit Default Swaps

The buyer in a credit default swap agreement is obliged to pay the seller a periodic stream of payments over the term of the contract in return for a contingent payment upon the occurrence of a credit event with respect to an underlying reference obligation.

Interest Rate Swaps

An interest rate swap is a bilateral agreement in which each of the parties agree to exchange a series of fixed or floating interest rate payments based on a notional amount that serves as a computation basis.

Inflation Swaps

An inflation swap is a bilateral agreement in which each of the parties agree to exchange fixed rate payments for floating, inflation index linked payments based on a notional amount that serves as a computation basis.

Variance Swaps

Variance swaps are contracts in which two parties agree to exchange cash payments based on the difference between the stated level of variance and the actual variance realized on underlying asset(s) or index(es). Actual "variance" as used here is defined as the sum of the square of the returns on the reference asset(s) or index(es) (which in effect is a measure of its "volatility") over the length of the contract term. So the parties to a variance swap can be said to exchange actual volatility for a contractually stated rate of volatility.

A Portfolio may have the right to regain record ownership of loaned securities or equivalent securities in order to exercise ownership rights such as voting rights, subscription rights and rights to dividends, interest or distributions. A Portfolio may pay reasonable finders', administrative and other fees in connection with a loan.

For making secured loans of its securities, a Portfolio receives gross fee income, of which 20% is paid to securities lending agent for providing securities lending services.

For the year ended May 31, 2020, the Portfolios earned a net fee income, which is presented in Statement of Operations and Changes in Net Assets under "Securities lending income, net".

For the year ended May 31, 2020 Brown Brothers Harriman & Co. (acting as securities lending agent) earned a fee of \$504,134 for providing securities lending services. This is included in the Statement of Operations and Changes in Net Assets under "Securities lending income, net".

The value of loaned securities and related collateral outstanding as of May 31, 2020, are as below. The collateral relates to securities held on the Portfolios.

NOTE K: Bank Facility

The Fund has access to an overdraft facility (the “Facility”), established with the Depositary, intended to provide for short-term/temporary financing if necessary, subject to certain restrictions, in connection with abnormal redemption activity.

Each Portfolio of the Fund is limited to borrowing 10% of its respective net assets. Borrowings pursuant to the Facility are subject to interest at a mutually agreed upon rate and security by the underlying assets of each Portfolio.

NOTE L: Option Transactions

The Fund may purchase and write (sell) put and call options on securities. The risk associated with purchasing an option is that the Fund pays a premium whether or not the option is exercised. Additionally, the Fund bears the risk of loss of the premium and a change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities. The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from securities sold through the exercise of put options are decreased by the premiums paid.

realized loss. If a call option is exercised, the premium received is added to the proceeds from the sale of the underlying security or currency in determining whether the Fund has realized a gain or loss. If a put option is exercised, the premium received reduces the cost basis of the security or currency purchased by the Fund. In writing an option, the Fund bears the market risk of an unfavorable change in the price of the security or currency underlying the written option.

When the Fund writes an option, the premium received by the Fund is recorded as a liability and is subsequently adjusted to the current market value of the option written.

Exercise of an option written by the Fund could result in the Fund selling or buying a security or currency at a price different from the current market value.

Premiums received from written options which expire unexercised are recorded by the Fund on the expiration date as realized gains from options written. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium received is less than the amount paid for the closing purchase transaction, as a

The Fund may also invest in options on swap agreements, also called swaptions. A swaption is an option that gives the buyer the right, but not the obligation, to enter into a swap on a future date in exchange for paying a market-based premium.

A receiver swaption gives the owner the right to receive the total return of a specified asset, reference rate, or index. A payer swaption gives the owner the right to pay the total return of a specified asset, reference rate, or index. Swaptions also include options that allow an existing swap to be terminated or extended by one of the counterparties.

NOTE N: Co-Management of Assets

For the purpose of effective management, where the investment policies of a Portfolio so permit, the Management Company may choose to co-manage assets of certain Portfolios within or outside the Fund. In such cases, assets of different Portfolios will be managed in common. The assets which are co-managed shall be referred to as a “pool”. These pooling arrangements are an administrative device designed to reduce operational and other expenses and do not change the legal rights and obligations of Shareholders. The pools do not constitute separate entities and are not directly accessible to investors. Each of the co-managed Portfolios shall remain entitled to its specific assets. Where the assets of more than one Portfolio are pooled, the assets attributable to each participating Portfolio will initially be

determined by reference to its initial allocation of assets to such a pool and will change in the event of additional allocations or withdrawals.

The entitlements of each participating Portfolio to the co-managed assets apply to each and every line of investments of such pool. Additional investments made on behalf of the co-managed Portfolios shall be allotted to such Portfolios in accordance with their respective entitlement, whereas assets sold shall be levied similarly on the assets attributable to each participating Portfolio.

As of May 31, 2020, the Fund co-manages the assets of certain Portfolios within the Fund utilizing the following pool:

NOTE O: Clearing Reserve Fund

(The following applies to China A Shares Equity Portfolio)
Under the Investment Regulations, the Sub-Custodian is required to deposit a minimum clearing reserve fund as a percentage of the ABL Quota, the percentage amount to be determined from

time to time by the China Securities Depository & Clearing Corporation Limited (“CSDCC”) Shanghai and Shenzhen branches. Currently, the minimum clearing reserve ratio determined by the CSDCC Shanghai and Shenzhen branches are 0.08% and 0.06% respectively.

NOTE P: Incentive Fee**Select US Equity Portfolio**

The Investment Manager will receive, generally at the end of each fiscal year, from the Portfolio, an amount equal to 25% of the amount by which the NAV of each of the relevant Shares of the Portfolio at the end of such fiscal year (before deduction of the current year’s Incentive Fee and after reduction for the Management Fee) (the “Adjusted NAV”) exceeds the performance of the S&P 500 Index (the “Index”) during such fiscal year. For the avoidance of doubt and subject to this section, the Incentive Fee will be paid regardless of whether the Index itself has positive or negative performance for the applicable fiscal year. Any distributions to Shareholders during such fiscal year are added back to the Adjusted NAV.

Index performance in respect of any fiscal year is calculated as the difference between the level of the Index calculated at the Value Point on the last Business Day of the Portfolio’s previous fiscal year and the level of the Index calculated at the Valuation Point of the last Business Day of the Portfolio’s current fiscal year, expressed as a percentage.

Portfolio performance in respect of any fiscal year is calculated as the difference between the opening Adjusted NAV on the last Business Day of the Portfolio’s previous fiscal year and the Adjusted NAV at the Valuation Point on the last Business Day of the Portfolio’s current fiscal year, expressed as a percentage.

Calculation of the Incentive Fee will be based on the “Weighted Average Shares” in issue during the Portfolio’s fiscal year, as long as Weighted Average Shares do not exceed current Shares outstanding by more than 20%. In cases where Weighted Average Shares exceed current Shares outstanding by more than 20%, the Incentive Fee will be calculated based on current Shares outstanding. “Weighted Average Shares” is the total Shares in issue on each day of the Portfolio’s fiscal year, including weekends, divided by the total number of days comprising that fiscal year.

For calculation of Incentive Fees with respect to H Shares, the Management Company will exclude the impact of currency hedging activity. The exchange rates used in calculating the NAV (including the Adjusted NAVs) for hedged share classes will be the prevailing exchange rates at the Fund’s Valuation Point. Therefore, an Incentive Fee may be accrued and paid with respect to H shares after the effects of currency hedging activity.

The Incentive Fee, if applicable, is payable yearly following the end of each fiscal year. Incentive Fees will be calculated by the Administrator and verified by the Depository. Incentive Fee calculations will also be reviewed by the Auditors as part of the Fund’s annual audit.

If the class of Shares of the Portfolio that is charged Incentive Fees is redeemed other than as of the end of a fiscal year, an Incentive Fee with respect to such Shares will be determined for such partial fiscal year and paid as of such date.

Incentive Fees are payable on the Adjusted NAV (which includes net unrealized gains and losses) as at the end of the Portfolio’s fiscal year and, as a result, Incentive Fees may be paid on unrealized gains which may subsequently never be realized. In addition, Incentive Fees may also be payable in respect of a fiscal year in which there is a decline in NAV per Share.

The benchmark S&P 500 Index is provided by an administrator that is not included in the register referred to in Article 36 of the Regulation (EU) 2016/1011” (the “BMR Regulation”).

In accordance with the use of the benchmark for this Portfolio, the Management Company’s BMR procedures may be obtained upon request and free of charge at the registered office of the Management Company.

As of May 31, 2020 incentive fees payable by Select US Equity Portfolio was \$86. This is included within the line item “Accrued expenses and other liabilities” in the Statement of Assets and Liabilities.

Select Absolute Alpha Portfolio (effective until 30 October 2019)

The Investment Manager will receive from the Portfolio an amount equal to 20% (10% for class F shares and 15% for class S13 shares) of the amount by which the NAV of each of the relevant Shares of the Portfolio at the end of such fiscal year (before reduction for the current year’s Incentive Fee and after reduction for the Management Fee) (the “Adjusted NAV”) exceeds the Prior High NAV of such Shares at the end of such fiscal year.

The Incentive Fee will be based on the “Weighted Average Shares” in issue during the Observation Period (as defined in here), as long as Weighted Average Shares do not exceed current Shares outstanding by more than 20%. In cases where Weighted Average Shares exceed current Shares outstanding by more than 20%, the Incentive Fee will be calculated based on current Shares outstanding. The “Weighted Average Shares” is the total Shares in issue on each day of the relevant fiscal year, including weekends, divided by the total number of days comprising that fiscal year. The Investment Manager will only receive such fee if the Adjusted NAV per Share of a class of Shares is in excess of its Prior High NAV for the relevant Observation Period.

The “Prior High NAV” of a class of shares is the NAV of that respective class (appropriately adjusted for distributions, if any) immediately after giving effect to the last Incentive Fee paid with respect to such class of Shares or if no Incentive Fee has been paid for a period of two consecutive years, the NAV of the Shares (appropriately adjusted for distributions, if any) at the end of the Observation Period.

The Management Company will use a two-year period to determine or reset the Prior High NAV (“Observation Period”). The mechanism applied to determine the term of the Observation Period is the following:

- If at the end of the first fiscal year, an Incentive Fee is accrued and paid for the relevant Class of Shares, then a new Observation Period begins.
- In the absence of Incentive Fee accrued at the end of the first fiscal year, the Observation Period follows through a second fiscal year. At the end of this second fiscal year, if an Incentive Fee is accrued and paid, then a new Observation Period begins.
- In the absence of Incentive Fee accrued at the end of the second fiscal year, a new Observation Period begins regardless of the accrual and payment or not of Incentive Fee.

The Incentive Fee, if applicable, is payable yearly following the end of each fiscal year.

If the class of Shares of the Portfolio that are charged Incentive Fees are redeemed other than as of the end of a fiscal year, an Incentive Fee with respect to such Shares will be determined for such partial fiscal year and paid as of such date. The Prior High NAV is not reset on those Dealing Days at which Incentive Fees crystallise following the redemption of Shares.

Based on the incentive fee calculation methodology used, the Portfolio may have to pay an incentive fee even if it has not fully recovered from a decrease in the Net Assets attributable to the relevant class of Shares, as the case may be (as adjusted by subscriptions, redemptions, dividends and other distributions), from a prior fiscal year.

For the calculation of Incentive Fees with respect to H Shares, the Management Company will exclude the impact of currency hedging activity. Therefore an Incentive Fee may be accrued and paid with respect to H Shares when after the effects of hedging activity, the NAV of such H shares exceeds the Prior High NAV for the relevant Observation Period (as adjusted for currency gains or losses).

Select Absolute Alpha Portfolio (effective as of 31 October 2019)

The Investment Manager will receive, generally at the end of each fiscal year, from the Portfolio, an amount equal to 20% (10%

for class F shares and 15% for class S13 shares) of the amount by which the Net Asset Value of each of the relevant Shares of the Portfolio at the end of such fiscal year (before reduction for the current year's Incentive Fee and after reduction for the Management Fee) (the "*Adjusted NAV*") exceeds the Prior High NAV (as defined below) of such Shares at the end of such fiscal year. The Incentive Fee will be based on the "*Weighted Average Shares*" in issue, as long as Weighted Average Shares do not exceed current Shares outstanding by more than 20%. In cases where Weighted Average Shares exceed current Shares outstanding by more than 20%, the Incentive Fee will be calculated based on current Shares outstanding.

- The "Prior High NAV" of a class of shares is the NAV of that respective class (appropriately adjusted for distributions, if any) immediately after giving effect to the last Incentive Fee paid with respect to such class of Shares or, if no Incentive Fee has been paid, the NAV of such class of Shares at issue.

The Incentive Fee, if applicable, is payable yearly following the end of each fiscal year.

If the class of Shares of the Portfolio that are charged Incentive Fees are redeemed other than as of the end of a fiscal year, an Incentive Fee with respect to such Shares will be determined for such partial fiscal year and paid as of such date. The Prior High NAV is not reset on those Dealing Days at which Incentive Fees crystallize following the redemption of Shares.

For calculation of Incentive Fees with respect to H Shares, the Management Company will exclude the impact of currency hedging activity. Therefore, an Incentive Fee may be accrued and paid with respect to H Shares when, after the effects of currency hedging activity, the NAV of such H Shares exceeds the Prior High NAV.

As of May 31, 2020 incentive fees payable by Select Absolute Alpha Portfolio was \$6,824,944. This is included within the line item "Accrued expenses and other liabilities" in the Statement of Assets and Liabilities.

NOTE Q: Subsequent Events

The portfolio AB SICAV I – Multi-Sector Credit Portfolio was fully redeemed. The last NAV was calculated on June 30, 2020.

Beginning late in 2019 and continuing into 2020, the outbreak of a novel coronavirus, which causes the disease known as COVID-19, expanded into a global pandemic. Growing turmoil from the spread of this coronavirus, and the potential for an enduring and significant adverse impact on global economies, have driven a sharp increase in volatility across markets and a strong flight to quality.

The Board anticipates (and has already observed) challenges arising from difficult market conditions which may create operational difficulties for the Fund and its service providers. However, the Board is confident that operational plans of the Fund and its services providers are appropriate, both considering current circumstances and for potentially worsening circumstances.

The Board will continue to monitor the evolving situation and its impact on the financial position of the Portfolios and will adjust operational plans accordingly as the situation warrants.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of AB SICAV I

Opinion

We have audited the financial statements of AB SICAV I (the "Fund") and of each of its portfolios, which comprise the statement of assets and liabilities and the portfolio of investments as at May 31, 2020, and the statement of operations and changes in net assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and of each of its portfolios as at May 31, 2020, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of July 23, 2016 on the audit profession (the "Law of July 23, 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of July 23, 2016 and ISAs are further described in the "responsibilities of the *réviseur d'entreprises agréé*" for the audit of the financial statements" section of our report. We are also independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of the *réviseur d'entreprises agréé* thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the

preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its portfolios' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or any of its portfolios or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the *réviseur d'entreprises agréé* for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the *réviseur d'entreprises agréé* that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.
- Conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any each of its portfolios' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the *réviseur d'entreprises agréé* to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the *réviseur d'entreprises agréé*. However, future events or conditions may cause the Fund or any of its portfolios (except for the portfolios where a decision or an intention to close exists) to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT (continued)

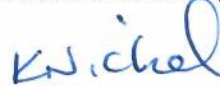

- In respect of portfolios where a decision or an intention to close exists, we conclude on the appropriateness of the Board of Directors of the Fund's use of the non-going concern basis of accounting. We also evaluate the adequacy of the disclosures describing the non-going concern basis of accounting and reasons for its use. Our conclusions are based on audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé".
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the

audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Notice to Shareholders

If required by law and applicable regulations, notice to shareholders will be published in the *Recueil Electronique des Sociétés et Associations* (formerly the "Mémorial") and in such other newspaper(s) in such countries as the Management Company may from time to time determine.

Changes in the Investment Portfolio

Changes in the Portfolio of Investments during the reporting year are available free of charge to the Shareholders at the registered office of the Management Company.

Controversial Weapons Policy

The Management Company arranges for the screening of companies globally for their corporate involvement in anti-personnel mines, cluster munitions and/or munitions made with depleted uranium. Where such corporate involvement has been verified, the Management Company's policy is not to permit investment in securities issued by such companies by the Fund.

Value at Risk

For UCITS the Value at Risk (VaR) can be measured on an absolute or a relative basis. VaR is a widely used risk measure of the risk of loss on a specific portfolio of financial assets. The Investment Manager monitored the total global exposure (market risk) of the equity Portfolios for the year ended

May 31, 2020 utilizing the VaR calculated on a relative basis (pursuant to which the VaR of the relevant Portfolio may not exceed twice the VaR of the relevant reference benchmark). During the aforementioned year the low, high and average VaR of the Portfolios measured on a relative basis were as follows:

Portfolio	Benchmark	Low	High	Average
International Health Care Portfolio	MSCI World Healthcare	85.91%	114.03%	97.14%

Leverage

For the Portfolios listed below, the Investment Manager does not expect to utilize bank borrowing in implementing the Portfolios' investment strategy.

The expected level of leverage is calculated as the sum of the notionals of the financial derivative instruments held by the Portfolio. Pursuant to the CSSF Circular 11/512 dated May 30, 2011, this calculation methodology neither takes into account the fact that a particular financial derivative instrument increases or decreases the Portfolio's investment risks nor permits to net financial derivative instruments with reverse positions.

Shareholders should be aware that (i) a higher level of expected leverage does not automatically imply a higher level of investment risk and (ii) the expected level of leverage disclosed above is mainly generated by the use of derivatives for hedging purposes or for efficient portfolio management. In addition, the actual leverage of the Portfolio may deviate from the below mentioned expected level of leverage:

PEA Eligibility (Plan d’Epargne en Actions)

The Plan d’Epargne en Actions (“PEA”) is a French tax savings plan that allows French residents to benefit from certain tax exemptions for investing in European equities. A PEA eligible fund must permanently invest at least 75% of its net assets in PEA eligible equity-related securities (excluding convertible bonds) of companies established in a European Union Member State or in Liechtenstein, Iceland and Norway and subject to corporate income, or an equivalent, tax.

Through the year ended May 31, 2020, the following Portfolio invested primarily in PEA eligible equity - related securities, with the daily average percentage of investment in such securities as follows:

Portfolio	Daily Average (%)
Eurozone Equity Portfolio	98.09%

Securities Financing Transaction Regulation

The Securities Financing Transaction Regulation (“the SFTR”) introduces reporting requirements for securities financing transactions (“SFTs”) and total return swaps.

A SFT is defined as per Article 3(11) of the SFTR as:

- a repurchase/reverse repurchase agreement;
- securities or commodities lending and securities or commodities borrowing;
- a buy-sell back transaction or sell-buy back transaction; or
- a margin lending transaction.

During the year ended May 31, 2020, the Fund had entered into securities lending and total return swaps (TRS) as type of instrument in scope of the SFTR.
