Unaudited Semi-Annual Report As at June 30, 2023

No subscriptions should be made on the basis of the Financial Reports including audited financial statements alone. Subscriptions should only be made on the basis of the current Prospectus supplemented by the application form, the Key Investor Documents ("KIDs"), the latest Annual Report including audited financial statements and the latest unaudited Semi-Annual Report, if published thereafter.

Performance data shown represents past performance and is not a guarantee of future results. More recent performance may be lower or higher. Principal value and returns fluctuate over time (including as a result of currency fluctuations) so that Shares, when redeemed, will be worth more or less than their original cost. Performance shown is net of all Fund expenses, but does not include the effect of sales charges or correspondent bank charges, and assumes reinvestment of distributions. If such charges were included, returns would have been lower. Performance for other share classes will be more or less depending on differences in fees and sales charges.

Unless otherwise indicated, all defined terms used herein shall have the same meaning as set out in the Prospectus of the SICAV.

The Prospectus and KIDs are available free of charge at the registered office of the SICAV I in Luxembourg and on www.ossiam.com.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Presentation of financial statements

The financial statements are prepared in accordance with Luxembourg legal and regulatory requirements concerning undertakings for collective investment in transferable securities ("UCITS") and generally accepted accounting principles.

b) Method of Calculation

The value of each Sub-Fund's assets shall be determined as follows:

- *Securities and money market instruments traded on exchanges and Regulated Markets* - last closing price (unless the Board of Directors of the SICAV believes that an occurrence after the publication of the last market price and before any Sub-Fund next calculates its net asset value will materially affect the security's value. In that case, the security may be fair valued: the Administrative Agent determines its fair value by or pursuant to procedures approved by the Board of Directors of the SICAV).
- *Securities and money market instruments not traded on a Regulated Market (other than short-term money market instruments)* - based upon valuations provided by pricing vendors, which valuations are determined based on normal, institutional-size trading of such securities using market information, transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders.
- *Swaps contracts* - the swaps contracts agreements are valued on the basis of a total return swap, which corresponds to the net positive or negative value resulting from, on one hand, either the market value or gain/(loss) of the portfolio of investments, and, on the other hand, of the market value or gain/(loss) of the index plus any additional payment related to dividend distributions for those indices which are total return indices. The net positive or negative value is disclosed in the Statement of Net Assets under the caption "Net unrealised gain/(loss) on swaps contracts" and net realised profit/(loss) and change in net unrealised appreciation/(depreciation) are presented in the Statement of Operations and Changes in Net Assets.
- *Forward foreign exchange contracts* - in order to track the Hedged Index performance, in addition to the use of swaps contracts, the SICAV will also enter into currency forward foreign exchange contracts to reduce the impact of exchange rate fluctuations between the currency of the Index and the foreign exchange currency in which the Hedged Index is calculated. Unrealised gain/(loss) is disclosed in the Statement of Net Assets under the caption "Unrealised gain/(loss) on forward foreign exchange contracts" and net realised profit/(loss) and change in net unrealised appreciation/(depreciation) are presented in the Statement of Operations and Changes in Net Assets. The forward foreign exchange

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

b) Method of Calculation (continued)

contracts are valued on the basis of current settlement prices. When a settlement price is not used, forward foreign exchange contracts are valued at their fair value as determined pursuant to procedures approved by the Board of Directors of the SICAV, as used on a consistent basis.

- *Units or shares of open-ended funds* – last published net asset value.
- *Cash on hand or deposit, bills, demand notes, accounts receivable, prepaid expenses, cash dividends and interest declared or accrued and not yet received* - full amount, unless in any case such amount is unlikely to be paid or received in full, in which case the value thereof is arrived at after the SICAV or its agent makes such discount as it may consider appropriate in such case to reflect the true value thereof.
- *All other assets* - fair market value as determined pursuant to procedures approved by the Board of Directors of the SICAV.

c) Foreign Exchange Translation

The value of all assets and liabilities not expressed in the reference currency of a Sub-Fund is converted into the reference currency of such Sub-Fund at rates last quoted by any major bank. Income and expenses expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the transaction.

Foreign currency exchange gains or losses relating to investments, derivative financial investments, and all other foreign currency exchange gains or losses relating to monetary items, including cash and cash equivalents, are reflected in the net realised profit/(loss) or change in net unrealised appreciation/(depreciation) on forward foreign exchange contracts and foreign currencies in the Statement of Operations and Changes in Net Assets.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

d) Net realised result on sales of investments

Net realised profit/(loss) on sales of investments has been determined on the basis of the average cost method.

e) Conversion of the acquisition cost of securities in the portfolio

For securities expressed in currencies other than the reference currency of the SICAV, the conversion of the acquisition cost is calculated based on the closing exchange rates of the day of purchase.

f) Combined Financial Statements

The accounts of each Sub-Fund are expressed in the Sub-Funds' reference currency. The combined figures of the SICAV are expressed in EUR and include the total of the financial statements of the different Sub-Funds. g) Dividend and interest income

Dividend income are recorded on the ex-dividend date and are recognized on a net basis after withholding tax, if any. Interest income is accrued on a daily basis.

h) Dividend Distribution

Distributing Shares identified by the inclusion of a D in their name make periodic distributions in the form of cash, as decided by the Shareholders upon proposal of the Board of Directors of the SICAV. In addition, the Board of Directors of the SICAV may declare interim dividends.

The SICAV's administrative agent ("Administrative Agent") is responsible for calculating the amounts of any distribution.

The SICAV's paying agent ("Paying Agent") is responsible for liaising, and arranging, with the Depositary of the SICAV for the payment to Shareholders of any distribution.

There was no distribution during the period 2023.

Note 3 - FEES PAID TO THE MANAGEMENT COMPANY

The Management Company is entitled to receive from the SICAV a management fee. The Management Company pays the Fund's Investment Manager, distributors and other fees out of the fees it receives from the SICAV.

The Management Fee is calculated as the difference between the amount of Total Expense Ratio of each Sub-Fund and the total real expenses paid by each. If the total real expenses paid by each Sub-Fund exceed the Total Expense Ratio, the Management Company will not receive any Management Fee and instead will support the difference as explained under Note 5.

Note 4 - TAXATION

The SICAV is not subject to any Luxembourg tax on interest or dividends received by any Sub-Fund, any realised or unrealised capital appreciation of Sub-Fund assets or any distribution paid by any Sub-Fund to Shareholders. The SICAV is not subject to any Luxembourg stamp tax or other duty payable on the issuance of Shares.

Notes to the Financial Statements (continued)

As at June 30, 2023

Note 5 - TOTAL EXPENSE RATIO ("TER") (continued)

The Total Expense Ratio by share class, as indicated in each Sub-Fund's description, does not necessarily include all the expenses linked to the Sub-Fund's investments (such as but not limited to brokerage fees and bank interest fees) that are paid by such Sub-Fund.

Costs (including index license paid by the swap counterparties to index providers) and gross incomes provided by a Total Return Swap or performance swap shall be considered as basic flows between a Sub-Fund and a swap counterparty. Such costs and expenses will be borne by each Sub-Fund and the gross revenue will revert to the relevant Sub-Fund. These costs and expenses are not comprised in the Total Expense Ratio.

If the total real expenses paid by each Sub-Fund exceed the Total Expense Ratio, the Management Company will support the difference and the corresponding income will be presented under "Other Income" in the Statement of Operations and Changes in Net Assets and respectively in "Other Assets" in the Statement of Net Assets; at June 30, 2023, total real expenses didn't exceed the Total Expense Ratio for any Sub-Funds in current period.

Other charges presented in Statement of Operations and Changes in Net Assets includes i.a. audit fees, listing fees, distribution fees, legal fees, liquidity provider fees and subscription taxes.

Note 6 - TOTAL RETURN SWAPS
