### Term

The term of the Sub-Fund is unlimited and therefore there is no maturity date. The Management Company may not unilaterally terminate the Sub-Fund.

### Objectives

#### Investment Objective

The objective of the Sub-Fund is to achieve capital growth in the medium to long-term by investing primarily, directly or indirectly in equities and equity-type transferable securities of small and medium-sized companies having their registered office in Europe ex-UK, or carrying the majority of their activities in Europe ex-UK or generating the majority of their revenue from Europe ex-UK or listed on a European ex-UK regulated market. These companies may include European emerging companies and Russian companies.

#### Investment Policy

The Sub-Fund is eligible to the PEA (French Equity Savings Plan).

The Sub-Fund is actively managed. The Benchmark of the Class is MSCI Europe ex UK Small TR Net GBP and is shown for comparison purposes only, without implying any particular constraints to the Sub-Fund's investments.

Extra financial considerations (Environmental, Social and Governance ("ESG")) are fully integrated in the investment process of the Sub-Fund. Therefore, the Sub-Fund will focus on companies whose social and environmental factors and methods of governance have a sustainable impact on financial performance. All of the three ESG criteria are applied according to the following main criteria:

- Governance: Board structure, independence and diversity; business ethics, bribery and corruption.
- Social: Human resources management and customer/supplier relations.
- Environment: Energy efficiency, waste management, carbon emissions reduction.

An Extra-financial analysis process is used to assign an ESG score based on an internal analysis and/or on the data provided by an extra-financial rating agency in order to define the eligible investment universe.

Further information regarding the way the fund's sustainable investment objective is achieved is available in the fund's prospectus and accessible via [www.mirabaud-am.com](http://www.mirabaud-am.com). The fund is subject to Mirabaud Sustainable and Responsible investment policy.

## What are the risks and what could I get in return?

### Risk Indicator (SRI)

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7 which is the a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity to pay you.

**Be aware of currency risk.** If your local currency is different from the Product currency, you will receive payments in a different currency, so

the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Beside the risks included in the risk indicator, other risks may affect the fund performance: liquidity. For more information, please see prospectus.

This product does not include any protection from future market performance so you could lose some or all of your investment.

## Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future.

## What happens if Mirabaud Asset Management (Europe) SA is unable to pay out?

You may not face a financial loss due to the default of Mirabaud Asset Management (Europe) SA. The assets of the Fund are held in safekeeping by its depositary, Pictet & Cie (Europe) SA. In the event of the insolvency of Mirabaud Asset Management (Europe) SA, the Fund's assets in the safekeeping of the Depositary will not be affected. However, in the event of the Depositary's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. This risk is mitigated to a certain extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the Fund. The Depositary will also be liable to the Fund for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfil its obligations (subject to certain limitations as set out in the agreement with the Depositary).

Losses are not covered by an investor's compensation or guaranteed scheme.

## What are the costs?

### Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- GBP 10 000

	If you exit after 1 year	If you exit after 5 years
Total costs	£122	£925
Annual cost impact (*)	1.2%	1.2% each year

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11,6 % before costs and 10,4 % after costs.
