## General Information (Unaudited)

Invesco Markets II plc (the "Company") is an open-ended variable capital company with segregated liability between Funds of the Company (each a "Fund" and collectively the "Funds"). The Company was incorporated on 11 September 2015. It is organised under the laws of Republic of Ireland as a public limited company pursuant to the Companies Act 2014 (as amended) and as an undertaking for collective investment in transferable securities pursuant to the European Communities ("Undertakings for Collective Investment in Transferable Securities") Regulations 2011 (as amended) (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities Regulations 2019 (the "Central Bank UCITS Regulations").

The Company is structured as an umbrella investment company and comprises separate Funds which may be established from time to time by the Directors with the prior approval of the Central Bank of Ireland (the "Central Bank").

A Fund is defined as a separate portfolio of assets which is invested in accordance with the investment objective and policies set out in the relevant Supplement and to which all liabilities, income and expenditure attributable or allocated to such portfolio shall be applied and charged.

The particulars of each Fund are set out in a separate Supplement. Any such Supplement lists all of the existing Funds. Redeemable Shares/Shares (these terms are used interchangeably throughout the Financial Statements) of more than one Class may be issued in relation to a Fund. Information contained within the Supplements is selective and should be read in conjunction with the Prospectus. On the introduction of any new Class of Shares, the Company prepares and the Directors will issue documentation setting out the relevant details of each such Class of Shares. A separate portfolio of assets is maintained for each Fund and investments are made in accordance with the investment objective applicable to each Fund.

There are 79 active Funds in existence as at 31 December 2024.

## Investment Managers Report (Unaudited)

The central bank easing cycle started in 2024, helping to make the year rewarding for many investors.

A year ago, we were expecting less economic growth but the belief that central banks would start easing led to optimism about market outcomes. Central banks did ease, and assets did well.

The best performing global assets in 2024 were precious metals and equities. The only global asset class to generate negative returns (in USD) was government bonds. The 13.6% USD total return on our Neutral portfolio in 2023 (13.3% in local currency) was followed by 7.9% in 2024 (11.1% in local currency). The Neutral portfolio is a static mix of global cash, fixed income, equity, real estate and commodity assets.

As usual, bad news sells, and the majority of the most-read stories were on the negative side. The various ongoing conflicts did not make the list and US elections appeared only in odd ways. The dominant event was the early August volatility inspired by weak US jobs data and the rise of the yen (and the knock-on 50 basis point Fed rate cut). There was interest in Israel/Gaza, Iran, Ukraine and tariffs made an appearance.

The positive market outcomes suggest a willingness to look through geopolitics (except for the rise in gold) and to focus on rate cuts, fiscal activism and a potential pick-up in growth. There have also been a range of idiosyncratic factors that have driven various assets (AI and hoped for post-election US deregulation, for example). Bonds may be back, but the lack of recession helped equities again outperform government bonds by a wide margin. Though emerging market (EM) bonds did well (relative to elsewhere), EM stocks did even better.

As is often the case, emerging markets dominate both ends of the spectrum, though Japanese government bonds again appear in the bottom three whether in local currency or in US dollars. Argentina topped the equity league table, on both a local and a common currency basis. Otherwise, India's bonds ranked better than its equities (the latter were also outperformed by Chinese stocks!). Also of note is that its neighbouring stock markets (Pakistan and Sri Lanka) were in the top three. Finally, the 21% decline in the Brazilian Real (versus USD) pushed its bond and equity performance to last place (in USD).

The long-awaited easing by the Federal Reserve ("the Fed") finally came in September. By the time the Fed cut rates for the first time, more than 40 other central banks had already eased. The dramatic 50 basis point first move by the Fed suggested that its decision makers were worried they had waited too long, a concern no doubt stoked by the weaker than expected non-farm payroll data for July (published in early August). That data provoked volatility in a broad range of assets but it turned out to be partly the result of residual seasonality (July is usually one of the weaker payroll months of the year).

The Fed has continued to ease but at a more leisurely pace. Fed Funds Futures now imply there will be two 25 basis point rate cuts by the end of 2025 (at most), bringing the upper end of the Fed's policy range to 4.00%, versus the below 3.00% rate implied at the time of the first cut. In that time, the 10-year treasury yield has risen from 3.62% to 4.57%.

We continue to believe the main driver of returns will be economic and policy cycles. Central banks are now easing, and we expect the global economy to accelerate as real incomes expand and financial conditions improve.

## Investment Objectives and Policies (Unaudited)

The Articles provide that the investment objective and policies for each Fund be formulated by the Directors at the time of the creation of the Funds.

The investment objective of each Fund is to seek to provide Redeemable Shareholders/Shareholders (these terms are used interchangeably throughout the Financial Statements) with a Target Performance linked to the performance of a Reference Index or Reference Asset by directly or indirectly purchasing a portfolio of transferable securities that may (but is not obliged to) comprise all or a representative sample of the constituent securities of that Reference Index or Reference Asset.

Each Fund will seek to achieve its objective by pursuing a policy which will seek to track the performance of a Reference Index or Reference Asset and will generally use either a Replication Strategy, Sampling Strategy or Master Feeder Strategy, with the aim of minimising as far as possible the difference in performance between the Funds and the relevant Reference Index or Reference Asset. The Investment Manager determines whether a Replication Strategy, Sampling Strategy or Master Feeder Strategy is most appropriate for a Fund. The Relevant Supplement will specify and describe the strategy the applicable Fund intends to use.

The following is a summary description of each of the Replication Strategy, Sampling Strategy and Master Feeder Strategy.

- Replication Strategy - this strategy seeks to hold all of the securities of a particular Reference Index or Reference Asset, with the approximate weightings of that Reference Index or Reference Asset, so that the portfolio of such Fund is a near mirror-image of the components of the relevant Reference Index or Reference Asset.
- Sampling Strategy - this strategy seeks to build a representative portfolio that provides a return comparable to that of a Reference Index or Reference Asset. This strategy is used for tracking certain equity or fixed income indices which are too broad to replicate (i.e. the Reference Index or Reference Asset contains too many securities for the Fund to be able to purchase them all efficiently) contain securities which are currently unavailable or difficult to purchase in the open markets or an announcement has been made that certain securities will shortly be included as components of the Reference Index or Reference Asset. Consequently, a Fund using this strategy will typically hold only a subset of the securities which comprise the relevant Reference Index or Reference Asset.
- Master Feeder Strategy - this strategy seeks to achieve the investment objective of the relevant Fund by investing substantially all (and in any event no less than 85%) of the assets of the relevant Fund in another eligible UCITS CIS in accordance with the requirements of the Central Bank.

A passively managed Fund may also on occasion hold securities which were not comprised in the relevant Reference Index or Reference Asset where the Investment Manager believes this to be appropriate in light of the investment objective and investment restrictions of the Fund, or other factors such as market conditions. The potential for any such proposed investment by a Fund will be disclosed in the relevant Supplement.

In limited circumstances and only where disclosed in the Supplement a passively managed fund may also use the Swap Strategy.

- Swap Strategy - this strategy uses financial derivative instruments and transactions and/or OTC derivatives to achieve the Target Performance by exchanging the performance of a basket of global equity securities and equity related securities in return for the performance/return of the Reference Index.

In each case, information in relation to the types of instruments or securities in which the relevant Fund will invest, including details in relation to the exchanges or markets on which the Fund's investments will be listed or traded, will be set out in the Supplement of the relevant Fund.

There is no assurance that the investment objective of any Fund whose performance is linked to the Reference Index or Reference Asset will actually be achieved.

The individual Fund's investment objectives and policies are detailed on pages 17 to 46.

## Investment Objectives and Policies (Unaudited) (continued)

### Invesco Preferred Shares UCITS ETF

The investment objective of the Invesco Preferred Shares UCITS ETF (the "Fund") is to achieve the total return performance of the ICE BofA Diversified Core Plus Fixed Rate Preferred Securities Net Total Return Index (the "Reference Index") less fees, expenses and transaction costs.

The Reference Index is designed to measure the net total return performance of fixed rate US Dollar denominated preferred securities issued in the US domestic market. The index includes preference shares (perpetual preferred securities) stock and senior and subordinated debt issued in USD25, USD50 or USD100 par/liquidation increments. Securities comprising the Reference Index must be rated at least B3 (based on an average of Moody's, S&P and Fitch) and must have an investment grade rated country of risk (based on an average of Moody's, S&P and Fitch foreign currency long-term sovereign debt ratings). The Reference Index is rebalanced monthly. In order to achieve the investment objective, the Fund will employ a replication method that looks to invest predominately in securities that as closely as possible match the constituents of the Reference Index.

### Invesco USD IG Corporate Bond ESG UCITS ETF

The investment objective of the Invesco USD IG Corporate Bond ESG UCITS ETF (the "Fund") is to achieve the total return performance of the Bloomberg MSCI USD Liquid Corporate ESG Weighted SRI Bond Index (the "Reference Index"), less fees, expenses and transaction costs.

The Reference Index is designed to reflect the performance of USD Dollar denominated investment grade, fixed-rate, taxable debt securities issued by US and non-US corporate issuers adjusted based upon certain environmental, social and governance ("ESG") metrics, which seek to increase overall exposure to those issuers demonstrating a robust ESG profile. The Reference Index includes publicly issued securities by industrial, utility and financial institution issuers in global and regional markets.

Sector: Corporate (industrial, utility and financial institutions) issuers only.

Eligible currencies: Principal and interest must be denominated in USD.

Quality: Securities must be rated investment grade (Baa3/BBB-/BBB- or higher) using the middle rating of Moody's, S&P and Fitch; when a rating from only two agencies is available, the lower is used; when only one agency rates a bond, that rating is used.

Amount outstanding: Utilities:

- USD500mn minimum par amount outstanding.
- Industrial: USD1bn minimum par amount outstanding.
- Financial Institutions: USD1bn minimum par amount outstanding.

Coupon:

- Fixed-rate coupon.
- Callable fixed-to-floating rate bonds are eligible during their fixed-rate term only.

### Invesco EUR IG Corporate Bond ESG UCITS ETF

The investment objective of the Invesco EUR IG Corporate Bond ESG UCITS ETF (the "Fund") is to achieve the performance of the Bloomberg MSCI Euro Liquid Corporate ESG Weighted SRI Bond Index (the "Reference Index"), less fees, expenses and transaction costs.

The Reference Index is designed to reflect the performance of EUR denominated investment grade, fixed-rate, taxable debt securities issued by corporate issuers adjusted based upon certain environmental, social and governance ("ESG") metrics, which seek to increase overall exposure to those issuers demonstrating a robust ESG profile. The Reference Index includes publicly issued securities by industrial, utility and financial institution issuers in global and regional markets.

Quality: Securities must be rated investment grade (Baa3/BBB-/BBB- or higher) using the middle rating of Moody's, S&P and Fitch; when a rating from only two agencies is available, the lower is used; when only one agency rates a bond, that rating is used. In cases where explicit bond level ratings may not be available, other sources may be used to classify securities by credit quality.

EUR 300mn minimum par amount outstanding.

### Invesco EUR Corporate Bond ESG Multi-Factor UCITS ETF

The Investment objective of the Invesco Euro Corporate Bond ESG Multi-Factor UCITS ETF (the "Fund") is to seek total return by investing in an actively managed portfolio of corporate bonds that meet certain environmental, social, and corporate governance ("ESG") criteria.

In order to achieve its investment objective, the Fund will generally invest in a portfolio of fixed rate euro denominated unsecured corporate bonds from global issuers with an investment grade credit rating.

Securities are selected by the Investment Manager based on two criteria:

- compliance with the Fund's ESG policy (the "ESG Policy");
- attractiveness determined in accordance with the Investment Manager's quantitative investment model.

## Investment Objectives and Policies (Unaudited) (continued)

### Invesco EUR Corporate Bond ESG Short Duration Multi-Factor UCITS ETF

The Investment objective of the Invesco Euro Corporate Bond ESG Short Duration Multi-Factor UCITS ETF (the "Fund") is to seek total return by investing in an actively managed portfolio of corporate bonds that meet certain environmental, social, and corporate governance ("ESG") criteria.

In order to achieve its investment objective, the Fund will generally invest in a portfolio of fixed rate euro denominated unsecured corporate bonds from global issuers with an investment grade credit rating and less than or equal to 5 years until maturity.

Securities are selected by the Investment Manager based on two criteria:

- compliance with the Fund's ESG policy (the "ESG Policy");
- attractiveness determined in accordance with the Investment Manager's quantitative investment model.

### Invesco Euro Corporate Hybrid Bond UCITS ETF

The investment objective of the Invesco Euro Corporate Hybrid Bond UCITS ETF (the "Fund") is to achieve the total return performance of Bloomberg Euro Universal Corporate ex Financials Hybrid Capital Securities 8% Capped Bond Index (the "Reference Index") less fees, expenses and transaction costs.

The Reference Index is designed to reflect the performance of EUR-denominated, fixed rate, investment-grade and high yield corporate and government related debt securities whilst including only fixed-to-float hybrid capital securities from industrial and utilities sectors.

EUR 500mn minimum par amount outstanding.

### Invesco GBP Corporate Bond ESG UCITS ETF

The investment objective of the Invesco GBP Corporate Bond ESG UCITS ETF (the "Fund") is to achieve the total return performance of the Bloomberg MSCI Sterling Liquid Corporate ESG Weighted SRI Bond Index (the "Reference Index") less fees, expenses and transaction costs.

In order to achieve the investment objective, the Company will employ a sampling strategy ("Sampling Strategy"), which includes the use of quantitative analysis, to select securities from the Reference Index using factors such as the index weighted average duration and credit quality.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk, return and environmental, social and governance ("ESG") characteristics either (a) closely resemble the risk and return and ESG characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" of the Prospectus. The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Reference Index is designed to reflect the performance of sterling-denominated investment grade, fixed-rate, taxable securities issued by corporate issuers adjusted based upon certain environmental, social and governance ("ESG") metrics, which seek to increase overall exposure to those issuers demonstrating a robust ESG profile. The Index includes publicly issued securities by industrial, utility and financial institution issuers.

### Invesco GBP Corporate Bond UCITS ETF

The investment objective of the Invesco GBP Corporate Bond UCITS ETF (the "Fund") is to achieve the total return performance of the Bloomberg Sterling Liquid Corporate Bond Index (the "Reference Index") less fees, expenses and transaction costs.

In order to achieve the investment objective, the Company will employ a sampling strategy ("Sampling Strategy"), which includes the use of quantitative analysis, to select securities from the Reference Index using factors such as the index weighted average duration and credit quality. Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk and return characteristics either (a) closely resemble the risk and return characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" of the Prospectus.

The Reference Index is designed to reflect the performance of GBP-denominated investment grade, fixed-rate, taxable securities issued by corporate issuers. The index includes publicly issued securities by industrial, utility and financial institution issuers.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The investment objective of the Invesco Global High Yield Corporate Bond ESG UCITS ETF (the "Fund") is to achieve the total return performance of the Bloomberg MSCI Global High Yield Liquid Corporate ESG Weighted SRI Bond Index (the "Reference Index") less fees, expenses and transaction costs.

Further information on the components and selection criteria of the Reference Index is set out under "General Description of the Reference Index" in the Supplement to the Prospectus.

In order to achieve the investment objective, the Company will employ a sampling strategy ("Sampling Strategy").

In tracking the Reference Index, the Investment Manager applies the Sampling Strategy, which includes the use of quantitative analysis, to select securities from the Reference Index that use factors such as the index weighted average duration, industry sectors and credit quality.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy, the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk, return and environmental, social and governance ("ESG") characteristics either (a) closely resemble the risk, return and ESG characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" of the Prospectus.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund may also engage in transactions in FDIs for hedging and/or efficient portfolio management purposes. The Fund may use the following FDIs listed on a Market or traded OTC, as applicable: options and futures transactions, forward contracts, non-deliverable forwards and spot foreign exchange transactions. Further details on FDIs and how they may be used are contained in the main part of the Prospectus under "Appendix III - Use of Financial Derivative Instruments And Efficient Portfolio Management".

The Fund shall not invest more than 10% of its net assets in other UCITS or other open or closed ended CIS.

With the exception of permitted investment in unlisted securities or in units of open-ended CIS, investment will be limited to the stock exchanges and regulated markets set out in Appendix I of the Prospectus.

Further information relevant to the Fund's investment policy is contained in the main part of the Prospectus under "Investment Objectives & Policies" and under "Investment Restrictions and Permitted Investments".

### Invesco Emerging Markets USD Bond UCITS ETF

The investment objective of the Invesco Emerging Markets USD Bond UCITS ETF (the "Fund") is to achieve the performance of the Bloomberg Emerging Markets USD Sovereign Index (the "Reference Index"), less fees, expenses and transaction costs.

The Reference Index is designed to measure fixed and floating-rate US dollar-denominated debt issued by Emerging Markets governments.

Sector: Sovereign issues only.

Amount outstanding: At the security level, USD 500mn minimum par amount outstanding.

Country inclusion: The Index Provider uses a fixed list of emerging market countries that is reviewed annually to define country eligibility in dedicated emerging markets hard currency, local currency, and inflation-linked benchmarks. Criteria for inclusion in the emerging markets country list are rules-based and include:

- Countries that meet one of the following two criteria: World Bank Income group classifications of low/middle income or International Monetary Fund (IMF) classification as a non-advanced country.
- Additional countries that bond investors classify as emerging market due to factors such as investability concerns, the presence of capital controls, and/or geographic considerations may also be included on the list and are also reviewed on an annual basis. As of April 2014, 4 additional markets are included in the Bloomberg EM country list: Czech Republic, Israel, South Korea, and Taiwan.

Issue rating: Investment grade, high yield and unrated securities are permitted. Unrated bonds may use an implied issuer rating when not rated by a credit rating agency (Moody's, S&P, and Fitch).

### Invesco MSCI Europe ESG Leaders Catholic Principles UCITS ETF

The investment objective of the Invesco MSCI Europe ESG Leaders Catholic Principles UCITS ETF (the "Fund") is to achieve the performance of the MSCI Europe Select Catholic Principles ESG Leaders 10/40 Index (the "Reference Index") less fees, expenses and transaction costs.

The Reference Index is a free float-adjusted market capitalisation index designed to represent the net total return performance of companies with high environmental, social and governance ("ESG") ratings relative to sector peers.

The Reference Index comprises of securities in the form of equities and is constructed from the MSCI Europe Index (the "Parent Index"). At each annual index review, the composition of the index is reassessed in order to target 50% free float-adjusted cumulative market capitalisation of each sector of the Parent Index. The Reference Index aims to target sector weights that reflect the relative sector weights of the Parent Index to limit the systematic risk introduced by the ESG selection process. The Reference Index uses company ratings and research provided by MSCI ESG Research LLC. In particular, the Reference Index uses the following three MSCI ESG research products: MSCI ESG Ratings, MSCI ESG Controversies and MSCI Business Involvement Screening Research.

Existing constituents of the Reference Index are required to have an MSCI ESG rating score above B and a MSCI ESG controversies score above 0 to remain in the Reference Index, while companies that are currently not constituents of the Reference Index are required to have an MSCI ESG rating score above BB and an MSCI ESG controversies score above 3 to be considered eligible for inclusion in the Reference Index.

The Reference Index excludes companies showing involvement in the following activities: extraction of unconventional oil and gas, fossil fuel reserves, controversial weapons, civilian firearms, nuclear weapons, tobacco, alcohol, gambling, genetically modified organisms, nuclear power, and thermal coal.

The Reference Index also excludes companies that are considered to be not in accordance with Catholic principles as evaluated based on their involvement in the following activities: stem cells, adult entertainment, conventional weapons, abortion, contraceptives, animal testing and failing to comply with the United Nations guiding principles for business and human rights.

The remaining securities in the Reference Index are weighted in proportion to their free float-adjusted market capitalisation.

The MSCI 10/40 Index's methodology is applied to the remaining securities such that the weight of any single group entity is capped at 10% and the sum of the weights of all group entities with a weight of more than 5% is capped at a maximum of 40%.

### Invesco MSCI World ESG Universal Screened UCITS ETF

The investment objective of the Invesco MSCI World ESG Universal Screened UCITS ETF (the "Fund") is to achieve the performance of the MSCI World ESG Universal Select Business Screens Index (the "Reference Index") less fees, expenses and transaction costs.

The Reference Index tracks the net total return performance of large and mid-capitalisation companies in developed markets worldwide and aims to represent the performance of an investment strategy that, by adjusting the constituents' free-float market capitalisation weights based upon certain environmental, social and governance ("ESG") metrics, seeks to increase overall exposure to those companies demonstrating both a robust ESG profile as well as a positive trend in improving that profile. MSCI ESG metrics is a tool designed to produce a broad set of standardised ESG data and simple flagged metrics that are comparable across a broad universe of companies and used to assess the ESG profile of a company. ESG metrics cover risk exposure, controversies, performances and practices and take the following areas into account: climate change, natural capital, pollution and waste, environmental opportunities, human capital, product liability, stakeholder opposition and corporate behaviour.

The Reference Index is constructed from the MSCI World Index (the "Parent Index") by excluding from the Parent Index securities that:

1) have not been assessed or rated by the Index Provider on the basis of the ESG metrics; 2) have faced very severe controversies pertaining to ESG issues (including UN Global Compact violations) over the last three years; or 3) are involved in any of the following business activities: civilian firearms, recreational, controversial weapons, conventional weapons, nuclear weapons, oil sands, thermal coal, cannabis and tobacco 4) have an MSCI ESG rating of CCC and 5) are categorised as investment trust companies.

Each of the eligible component securities is then assigned a combined ESG score, which reflects the Index Provider's assessment of both the security's current ESG rating, as well as the trend in that rating, defined as the change in the security's ESG rating over time (the "Combined ESG Score"). This Combined ESG Score is then applied to re-weight the eligible securities from their free-float market cap weights in the Parent Index to construct the weighting of the Reference Index.

The investment objective of the Invesco MSCI EMU ESG Universal Screened UCITS ETF (the "Fund") is to achieve the net total return performance of the MSCI EMU ESG Universal Select Business Screens Index (the "Reference Index") less fees, expenses and transaction costs.

In order to achieve the investment objective, the Fund will employ a replication method that looks to invest as far as possible and practicable in the constituents of the Reference Index. The Fund intends to replicate the Reference Index by holding all of its constituent securities in a similar proportion to their weightings in the Reference Index. In order to replicate the Reference Index, the Fund may invest up to 20% of its Net Asset Value in shares issued by the same body. This limit may be raised to 35% for a single issuer in exceptional market circumstances, for example, market dominance. Market dominance exists where a particular component of the Reference Index has a dominant position in the particular market sector or geographical region in which it operates and as a result accounts for a large proportion of the Reference Index. This means that the Fund may have a high concentration of investment in a particular issuer.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Reference Index tracks the net total return performance of large- and mid-capitalisation companies in Europe and aims to represent the performance of an investment strategy that, by adjusting the constituents' free-float market capitalisation weights based upon certain environmental, social and governance ("ESG") metrics, seeks to increase overall exposure to those companies demonstrating both a robust ESG profile as well as a positive trend in improving that profile. MSCI ESG metrics is a tool designed to produce a broad set of standardised ESG data and simple flagged metrics that are comparable across a broad universe of companies and used to assess the ESG profile of a company. ESG metrics cover risk exposure, controversies, performances and practices and take the following areas into account: climate change, natural capital, pollution and waste, environmental opportunities, human capital, product liability, stakeholder opposition and corporate behavior.

### **Invesco MSCI Europe ex UK ESG Universal Screened UCITS ETF**

The investment objective of the Invesco MSCI Europe ex UK ESG Universal Screened UCITS ETF (the "Fund") is to achieve the net total return performance of the MSCI Europe ex UK ESG Universal Select Business Screens Index (the "Reference Index") less fees, expenses and transaction costs.

In order to achieve the investment objective, the Fund will employ a replication method that looks to invest as far as possible and practicable in the constituents of the Reference Index. The Fund intends to replicate the Reference Index by holding all of its constituent securities in a similar proportion to their weightings in the Reference Index. In order to replicate the Reference Index, the Fund may invest up to 20% of its Net Asset Value in shares issued by the same body. This limit may be raised to 35% for a single issuer in exceptional market circumstances, for example, market dominance. Market dominance exists where a particular component of the Reference Index has a dominant position in the particular market sector or geographical region in which it operates and as a result accounts for a large proportion of the Reference Index. This means that the Fund may have a high concentration of investment in a particular issuer.

The Reference Index tracks the performance of large- and mid-capitalisation companies across 14 Developed Markets in Europe (excluding the UK) and aims to represent the performance of an investment strategy that, by adjusting the constituents' free-float market capitalisation weights based upon certain environmental, social and governance ("ESG") metrics, seeks to increase overall exposure to those companies demonstrating both a robust ESG profile as well as a positive trend in improving that profile. MSCI ESG metrics is a tool designed to produce a broad set of standardised ESG data and simple flagged metrics that are comparable across a broad universe of companies and used to assess the ESG profile of a company. ### Invesco EUR Government and Related Green Transition UCITS ETF

The investment objective of the Invesco EUR Government and Related Green Transition UCITS ETF (the "Fund") is to provide the performance of the European government bond market by investing in an actively managed portfolio of government and government-related bonds that also factors certain environmental, social, and corporate governance ("ESG") criteria into the portfolio construction and maximises exposure to Green Bonds subject to exposure and liquidity considerations.

In order to achieve its investment objective, the Fund will generally invest in a portfolio of euro denominated government and government-related bonds predominantly issued by European issuers with an investment grade credit rating.

Securities are selected by the Investment Manager based on three criteria:

- compliance with the Fund's ESG policy (the "ESG Policy");
- maximising exposure to Green Bonds subject to specific exposure and liquidity considerations; and
- the overall ability of the Fund's portfolio to meet the targets set out in the "Benchmark" section of the Supplement to the Prospectus.

To qualify as eligible for investment by the Fund, a bond must be classified as treasury or government related at a Bloomberg BCLASS Classification Level 1 and must have an investment grade rating by the rating agencies S&P, Fitch or Moody's. Investment grade securities are those rated BBB- or higher by Standard and Poor's or Fitch and Baa3 or higher by Moody's. If the rating for a specific bond is unavailable, the rating of the issuer is to be used instead. Otherwise, unrated securities are eligible if they are determined by the Investment Manager to be of comparable quality to the above based on internal assessment of issuer credit quality. If the ratings of a bond differ between agencies, the middle rating is used to determine a bond's credit quality. If only two agencies rate a bond, the more conservative (lower) rating is used. If only one agency rates a bond, that single rating is used. If the credit rating of any security held by the Fund is downgraded below these respective ratings, the Investment Manager will liquidate this position at the earliest optimal opportunity, within 90 days of the downgrade, taking due account of the interests of its Shareholders.

Fixed and floating rate bonds are eligible for inclusion. The Fund may invest up to 10% of its assets in floating rate bonds.

The Fund will not invest in bonds that are in default at the time of investment. If a bond defaults subsequent to purchase by the Fund, the Investment Manager will determine in its discretion whether to hold or dispose of such security, taking due account of the interests of its Shareholders.

The Fund may invest up to 30% of its assets in bonds denominated in currencies other than euro. Exposure to exchange-rate fluctuations resulting from these investments will be hedged back to euro at the Investment Manager's discretion. The Fund will only invest in bonds from developed market issuers, unless an issuer is from the European Economic Area (EEA) in which case an emerging market issuer is eligible; it is not expected that the Fund would invest more than 10% of its assets in securities from emerging market issuers. The Fund may invest up to 30% of its assets in issuers not from the EEA.

### Invesco FTSE All-World UCITS ETF

The investment objective of the Invesco FTSE All-World UCITS ETF (the "Fund") is to achieve the net total return of the FTSE All-World Index (the "Reference Index") less fees, expenses and transaction costs.

Further information on the components and selection criteria of the Reference Index is set out under "General Description of the Reference Index" in the Supplement to the Prospectus.

In order to achieve the investment objective, the Company will employ a sampling strategy ("Sampling Strategy"). In tracking the Reference Index, the Investment Manager applies the Sampling Strategy, which includes the use of quantitative analysis, to select securities from the Reference Index that use factors such as the country weights, industry sector weights and liquidity.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk and return characteristics either (a) closely resemble the risk and return characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective & Policies" and section 5 "Investment Restrictions and Permitted Investments" of the Prospectus. The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund may also engage in transactions in FDIs for hedging and/or efficient portfolio management purposes. The Fund may use the following FDIs listed on a Market or traded OTC, as applicable: options and futures transactions, forward contracts, non-deliverable forwards and spot foreign exchange transactions. Further details on FDIs and how they may be used are contained in the main part of the Prospectus under "Appendix III - Efficient Portfolio Management and Use Of Financial Derivative Instruments".

The Fund shall not invest more than 10% of its net assets in other UCITS or other open or closed ended CIS.

With the exception of permitted investment in unlisted securities or in units of open-ended CIS, investment will be limited to the stock exchanges and regulated markets set out in Appendix I of the Prospectus. The Fund may invest in China A shares via Stock Connect.

Further information relevant to the Fund's investment policy is contained in the main part of the Prospectus under "Investment Objectives & Policies" and under "Investment Restrictions and Permitted Investments".

Information on the Fund's approach to sustainability risks in accordance with Article 6 of SFDR is set out in the Prospectus. The Fund is not classified as an Article 8 or Article 9 fund pursuant to SFDR. The investments underlying the Fund do not take into account the EU criteria for environmentally sustainable economic activities outlined in Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment. Given the investment strategy of the Fund and its risk profile, the likely impact of sustainability risks on the Fund's returns is expected to be low.

### Invesco FTSE All Share ESG Climate UCITS ETF

The investment objective of the Invesco FTSE All Share ESG Climate UCITS ETF (the "Fund") is to achieve the net total return performance of the FTSE All Share ex Investment Trusts ESG Climate Select Index (the "Reference Index") less fees, expenses and transaction costs.

### Invesco US Municipal Bond UCITS ETF

The investment objective of the Invesco US Municipal Bond UCITS ETF (the "Fund") is to achieve the total return performance of the ICE BofA US Taxable Municipal Securities Plus Index (the "Reference Index") less fees, expenses and transaction costs.

In order to achieve the investment objective, the Company will employ a sampling strategy ("Sampling Strategy").

In tracking the Reference Index, the Investment Manager applies the Sampling Strategy, which includes the use of quantitative analysis, to select securities from the Reference Index with the goal of matching key characteristics of the Reference Index such as the weighted average duration, industry weights, issuer types, regional exposures and credit quality.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy, the Fund may also hold securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk and return characteristics either (a) closely resemble the risk and return characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition is expected to improve the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated.

## Investment Objectives and Policies (Unaudited) (continued)

### Invesco US Municipal Bond UCITS ETF (continued)

Whilst the level of sampling will vary over the life of the Fund depending on asset levels of the Fund, market structure and other factors, including liquidity, degree of correlation across different subsets of the taxable municipal market, the volume of issuances in the taxable municipal bond market and the diversity of different types of issuing entities, it is generally expected that the Fund will hold a total number of securities that is significantly less than the number in the Reference Index— frequently less than 10% – though this may change and the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective. The Fund will hold municipal securities (being debt securities issued by state and local governments in the United States, which are generally used to finance public projects), corporate bonds and other types of securities that may comprise the Reference Index.

The reason the Investment Manager expects to hold a significantly fewer securities than what is found in the Reference Index is that the issuance of municipal securities is frequently done in multiple, smaller issuances rather than in the less frequent, larger issues that are common in, for example, the investment grade corporate bond markets. As a result, the Reference Index has a very large number of individual securities with highly similar characteristics. It is these characteristics that the Investment Manager looks to replicate with the Sampling Strategy.

In addition, while the Investment Manager expects to manage the majority of inflows and outflows from the fund through purchase and sale of securities in the secondary market, the Investment Manager will participate significantly in the primary market as newly issued securities frequently exhibit attractive pricing and secondary market liquidity. These securities may not yet be included in the Reference Index and there is no guarantee that they will be included.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" of the Prospectus.

The Reference Index is designed to reflect the performance of US dollar denominated taxable municipal debt publicly issued by US states and territories, and their political subdivisions, in the US domestic market.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund shall not invest more than 10% of its net assets in other UCITS or other open or closed ended CIS.

With the exception of permitted investment in unlisted securities or in units of open-ended CIS, investment will be limited to the stock exchanges and regulated markets set out in Appendix I of the Prospectus.

Further information relevant to the Fund's investment policy is contained in the main part of the Prospectus under "Investment Objectives & Policies" and under "Investment Restrictions and Permitted Investments".

### Invesco S&P 500 Equal Weight UCITS ETF

The investment objective of the Invesco S&P 500 Equal Weight UCITS ETF (the "Fund") is to achieve the net total return performance of the S&P 500 Equal Weight Index (the "Reference Index") less fees, expenses and transaction costs.

In order to achieve the investment objective, the Fund will employ a replication method that looks to invest as far as possible and practicable in the constituents of the Reference Index. The Fund intends to replicate the Reference Index by holding all of its constituent securities in a similar proportion to their weightings in the Reference Index. In order to replicate the Reference Index, the Fund may invest up to 20% of its Net Asset Value in shares issued by the same body.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

## Investment Objectives and Policies (Unaudited) (continued)

### Invesco S&P 500 Equal Weight UCITS ETF (continued)

The Reference Index measures the performance of the companies in the S&P 500 index (the "Parent Index") when taking a size neutral approach. The Parent Index is designed to reflect the US large-cap equity market, by including 500 leading companies and covering approximately 80% of the available market capitalisation.

### Invesco S&P 500 Low Volatility UCITS ETF

The investment objective of the Invesco S&P 500 Low Volatility UCITS ETF (the "Fund") is to achieve the net total return performance of the S&P 500 Low Volatility Index (the "Reference Index") less fees, expenses and transaction costs.

The Reference Index measures the performance of the 100 least volatile stocks in the S&P 500 index (the "Parent Index"). The Parent Index is designed to reflect the US large-cap equity market, by including 500 leading companies and covering approximately 80% of the available market capitalisation. The Reference Index rebalances quarterly.

In order to achieve the investment objective, the Fund will employ a replication method that looks to invest as far as possible and practicable in the constituents of the Reference Index. The Fund intends to replicate the Reference Index by holding all of its constituent securities in a similar proportion to their weightings in the Reference Index. In order to replicate the Reference Index, the Fund may invest up to 20% of its Net Asset Value in shares issued by the same body. This limit may be raised to 35% for a single issuer in exceptional market circumstances, for example, market dominance. Market dominance exists where a particular component of the Reference Index has a dominant position in the particular market sector or geographical region in which it operates and as a result accounts for a large proportion of the Reference Index. This means that the Fund may have a high concentration of investment in a particular issuer.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" and section 5 "Investment Restrictions and Permitted Investments" of the Prospectus.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

### Invesco USD High Yield Corporate Bond ESG UCITS ETF

The investment objective of the Invesco USD High Yield Corporate Bond ESG UCITS ETF (the "Fund") is to achieve the total return performance of the Bloomberg MSCI USD High Yield Liquid Corporate ESG Weighted SRI Bond Index (the "Reference Index") less fees, expenses and transaction costs. The Reference Index is designed to reflect the performance of USD-denominated high yield, fixed-rate securities issued by corporate issuers adjusted based upon certain environmental, social and governance ("ESG") metrics, which seek to increase overall exposure to those issuers demonstrating a robust ESG profile. The index includes publicly issued securities by industrial, utility and financial institution issuers in global and regional markets. Bonds issued by emerging markets issuers are excluded. The Reference Index rebalances monthly.

In tracking the Reference Index, the Investment Manager applies the Sampling Strategy, which includes the use of quantitative analysis, to select securities from the Reference Index that use factors such as the index weighted average duration, industry sectors and credit quality.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk and return characteristics either (a) closely resemble the risk and return characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" of the Prospectus.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

### Invesco Solar Energy UCITS ETF

The investment objective of the Invesco Solar Energy UCITS ETF (the "Fund") is to achieve the net total return performance of the MAC Global Solar Energy Index (the "Reference Index") less fees, expenses and transaction costs.

The Reference Index is a thematic index which is designed to reflect the performance of the global solar energy equity sector and includes companies who derive significant revenue from solar business activities. The Reference Index is rebalanced quarterly.

Companies eligible for inclusion in the Reference Index are reviewed quarterly and may be excluded if according to S&P's exclusionary criteria: 1) the company is engaged in (as defined by S&P) the following business activities: Adult Entertainment, Alcohol, Gambling, Tobacco, Anti-Personnel Mines, Biological and Chemical Weapons, Blinding Laser Weapons, Cluster Munitions, Depleted Uranium, Incendiary Weapons, Military Contracting, Nuclear Weapons, Small Arms, Arctic Drilling, Coal, Nuclear Energy, Oil Sands or Tar Sands, Shale Oil and Gas, Ultra Deep Sea Drilling, Fossil Fuel Power Generation and Extraction; or 2) the company has an S&P Governance and Economic Score of less than 5; or 3) the company has no S&P Governance and Economic Score coverage. If the company is not covered from a data availability perspective to test for exclusionary business activities, then the security shall be eligible for inclusion in the Reference Index subject to the below further eligibility criteria.

In order to achieve the investment objective, the Fund will employ a replication method that looks to invest as far as possible and practicable in the constituents of the Reference Index. The Fund intends to replicate the Reference Index by holding all of its constituent securities in a similar proportion to their weightings in the Reference Index. In order to replicate the Reference Index, the Fund may invest up to 20% of its Net Asset Value in shares issued by the same body.

Further information in relation to how the Fund will seek to track the Reference Index is set out in section 4 "Investment Objective and Policies" and section 5 "Investment Restrictions and Permitted Investments" of the Prospectus.

The Fund shall not invest more than 10% of its net assets in other UCITS or other open or closed ended CIS.

With the exception of permitted investment in unlisted securities or in units of open-ended CIS, investment will be limited to the stock exchanges and regulated markets set out in Appendix I of the Prospectus.

Further information relevant to the Fund's investment policy is contained in the main part of the Prospectus under "Investment Objectives & Policies" and under "Investment Restrictions and Permitted Investments".

### Invesco ChiNext 50 UCITS ETF

The investment objective of the Invesco ChiNext 50 UCITS ETF (the "Fund") is to provide exposure to the performance of the most liquid companies listed on the ChiNext market of the Shenzhen Stock Exchange in China.

In order to achieve the investment objective, the Fund will seek to replicate the net total return performance of the ChiNext 50 Capped Index (the "Reference Index"), less fees, expenses and transaction costs. Further information on the components and selection criteria of the Reference Index is set out under "General Description of the Reference Index" in the Supplement to the Prospectus.

The Fund will generally seek to employ a replication method that looks to invest as far as possible and practicable in the constituents of the Reference Index. When employing a replication method, the Fund intends to replicate the Reference Index by holding all of its constituent securities in a similar proportion to their weightings in the Reference Index.

There are circumstances, however, where gaining access to the components of the Reference Index may be prohibited by applicable legal, regulatory or similar reasons, may not otherwise be in Shareholders' interest or may not otherwise be possible or practicable. Such circumstances may include, but are not limited to, a suspension of trading or insufficient liquidity of the underlying securities comprising the Reference Index. Where employing a replication method is not reasonably possible, the Sub-Fund will employ a sampling strategy ("Sampling Strategy") to select securities from the Reference Index using factors such as the industry sectors and liquidity. Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy, the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk and return characteristics either (a) closely resemble the risk and return characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund may also engage in transactions in FDIs for hedging and/or efficient portfolio management purposes. The Fund may use the following FDIs listed on a Market or traded OTC, as applicable: options and futures transactions, forward contracts, non-deliverable forwards and spot foreign exchange transactions. Further details on FDIs and how they may be used are contained in the main part of the Prospectus under "Appendix III - Use of Financial Derivative Instruments And Efficient Portfolio Management".

The Fund shall not invest more than 10% of its net assets in other UCITS or other open or closed ended CIS.

### Invesco BulletShares 2026 USD Corporate Bond UCITS ETF

The investment objective of Invesco BulletShares 2026 USD Corporate Bond UCITS ETF (the "Fund") is to provide exposure to the performance of USD denominated investment grade ("IG") corporate bonds each with an Effective Maturity in 2026.

In order to achieve the investment objective, the Fund will seek to track the total return performance of the Bloomberg 2026 Maturity USD Corporate Bond Screened Index (the "Reference Index"), less fees, expenses and transaction costs.

Further information on the components and selection criteria of the Reference Index is set out under "General Description of the Reference Index" in the Supplement to the Prospectus.

In tracking the Reference Index, the Investment Manager applies the Sampling Strategy ("Sampling Strategy"), which includes the use of quantitative analysis, to select securities from the Reference Index that use factors such as the index weighted average duration, industry sectors and credit quality.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy, the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk, return and environmental, social and governance ("ESG") characteristics either (a) closely resemble the risk, return and ESG characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

The Fund may invest up to 10% of its Net Asset Value in the corporate bonds of any one issuer.

The Fund has a fixed term and will terminate on the Maturity Date. Throughout the lifetime of the Fund, as the corporate bonds held by the Fund reach maturity, the cash received by the Fund will increase proportionately and will be invested in short maturity USD denominated debt issued by the US Treasury ("Treasury Securities") in a similar manner to the Reference Index. During the Maturity Year, as the corporate bonds continue to mature, the level of investment in Treasury Securities will increase and may constitute up to 35% of the Fund's Net Asset Value in a single Treasury Security or the Fund may invest up to 100% of its Net Asset Value in Treasury Securities provided that the Fund holds a minimum of six different Treasury Securities and no one security exceeds 30% of the Fund's Net Asset Value.

The Company will provide reasonable notice prior to the Maturity Date confirming the Maturity Date and providing further details on the fund termination process. On the Maturity Date the Fund will be redeemed by reference to the Net Asset Value of the respective Share Class of the Fund. Repurchase proceeds less fees, expenses and transaction costs will be paid in the relevant Share Class currency to Shareholders. The Fund will not distribute a predetermined or guaranteed return.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund may also engage in transactions in FDIs for hedging and/or efficient portfolio management purposes. The Fund may use the following FDIs listed on a Market or traded OTC, as applicable: options and futures transactions, forward contracts, non-deliverable forwards and spot foreign exchange transactions. Further details on FDIs and how they may be used are contained in the main part of the Prospectus under "Appendix III - Use of Financial Derivative Instruments And Efficient Portfolio Management".

On the Maturity Date the Fund will be redeemed by reference to the Net Asset Value of the respective Share Class of the Fund. Repurchase proceeds less fees, expenses and transaction costs will be paid in the relevant Share Class currency to Shareholders. The Fund will not distribute a predetermined or guaranteed return.

## Investment Objectives and Policies (Unaudited) (continued)

### Invesco BulletShares 2028 EUR Corporate Bond UCITS ETF (continued)

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund may also engage in transactions in FDIs for hedging and/or efficient portfolio management purposes. The Fund may use the following FDIs listed on a Market or traded OTC, as applicable: options and futures transactions, forward contracts, non-deliverable forwards and spot foreign exchange transactions. Further details on FDIs and how they may be used are contained in the main part of the Prospectus under "Appendix III - Use of Financial Derivative Instruments And Efficient Portfolio Management".

The Fund shall not invest more than 10% of its net assets in other UCITS or other open or closed ended CIS.

With the exception of permitted investment in unlisted securities or in units of open-ended CIS, investment will be limited to the stock exchanges and regulated markets set out in Appendix I of the Prospectus.

Further information relevant to the Fund's investment policy is contained in the main part of the Prospectus under "Investment Objectives & Policies" and under "Investment Restrictions and Permitted Investments".

### Invesco BulletShares 2029 EUR Corporate Bond UCITS ETF

The investment objective of Invesco BulletShares 2029 EUR Corporate Bond UCITS ETF (the "Fund") is to provide exposure to the performance of EUR denominated investment grade ("IG") corporate bonds each with an Effective Maturity in 2029.

In order to achieve the investment objective, the Fund will seek to track the total return performance of the Bloomberg 2029 Maturity EUR Corporate Bond Screened Index (the "Reference Index"), less fees, expenses and transaction costs.

Further information on the components and selection criteria of the Reference Index is set out under "General Description of the Reference Index" in the Supplement to the Prospectus.

In tracking the Reference Index, the Investment Manager applies the Sampling Strategy ("Sampling Strategy"), which includes the use of quantitative analysis, to select securities from the Reference Index that use factors such as the index weighted average duration, industry sectors and credit quality.

Where consistent with its investment objective, and in conjunction with the use of a Sampling Strategy, the Fund may also hold some securities which are not component securities of the Reference Index, but are of a similar nature to them and whose risk, return and environmental, social and governance ("ESG") characteristics either (a) closely resemble the risk, return and ESG characteristics of constituents of the Reference Index or of the Reference Index as a whole, (b) whose addition improves the quality of the replication of the Reference Index, or (c) whose future inclusion into the Reference Index is anticipated. The level of sampling will vary over the life of the Fund depending on asset levels of the Fund, as certain asset levels may make replication uneconomical or impractical, and the nature of the components of the Reference Index. It is generally expected that the Fund will hold less than the total number of securities in the Reference Index however, the Investment Manager reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective.

The Fund may invest up to 10% of its Net Asset Value in the corporate bonds of any one issuer.

The Fund has a fixed term and will terminate on the Maturity Date. Throughout the lifetime of the Fund, as the corporate bonds held by the Fund reach maturity, the cash received by the Fund will increase proportionately and will be invested in short maturity EUR denominated debt issued by Eurozone based investment grade rated government issuers ("Treasury Securities") in a similar manner to the Reference Index. During the Maturity Year, as the corporate bonds continue to mature, the level of investment in Treasury Securities will increase and may constitute up to 35% of the Fund's Net Asset Value in a single Treasury Security or the Fund may invest up to 100% of its Net Asset Value in Treasury Securities provided that the Fund holds a minimum of six different Treasury Securities and no one security exceeds 30% of the Fund's Net Asset Value.

The Company will provide reasonable notice prior to the Maturity Date confirming the Maturity Date and providing further details on the fund termination process. On the Maturity Date the Fund will be redeemed by reference to the Net Asset Value of the respective Share Class of the Fund. Repurchase proceeds less fees, expenses and transaction costs will be paid in the relevant Share Class currency to Shareholders. The Fund will not distribute a predetermined or guaranteed return.

The Fund may hold ancillary liquid assets and use efficient portfolio management techniques in accordance with the requirements of the Central Bank.

The Fund may also engage in transactions in FDIs for hedging and/or efficient portfolio management purposes. The Fund may use the following FDIs listed on a Market or traded OTC, as applicable: options and futures transactions, forward contracts, non-deliverable forwards and spot foreign exchange transactions. ## Directors' Report (Unaudited)

The Directors present herewith the Annual Report and Audited Financial Statements for the financial year ended 31 December 2024.

### Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the audited Financial Statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union, the Companies Act 2014 (as amended) and the applicable regulations.

Irish company law requires the Directors to prepare Financial Statements for each financial year. Under the law, the Directors have elected to prepare the Company's Financial Statements in accordance with IFRS as adopted by the European Union. Under company law, the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company as at the financial year end date and of the profit or loss of the company for the financial year and otherwise comply with the Companies Act 2014 (as amended).

In preparing those Financial Statements, the Directors are required to:

- select suitable accounting policies for the Company Financial Statements and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the Financial Statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the Financial Statements. These Financial Statements have been prepared on a going concern basis. Please see liquidity risks outlined in note 2(d).

The Directors are responsible for keeping adequate accounting records which correctly explain and record the transactions of the Company, enable at any time the assets, liabilities, financial position and profit or loss of the Company to be determined with reasonable accuracy and which enable them to ensure that the Financial Statements are prepared in accordance with IFRS as adopted by the European Union and comply with the provisions of the Companies Act 2014 (as amended), the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations"), the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (as amended) (the "Central Bank UCITS Regulations"), the Listing Rules of the various stock exchanges and enable the Financial Statements to be audited. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In this regard, BNY Mellon Fund Services (Ireland) Designated Activity Company (the "Administrator") has been appointed for the purpose of maintaining adequate accounting records and The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") have been appointed for the purpose of safeguarding the assets of the Company. The accounting records are maintained at the Administrator's registered offices at One Dockland Central, Guild Street, IFSC, Dublin 1, Ireland.

The Financial Statements are published on the [efi.invesco.com](http://efi.invesco.com) website. The Directors are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the presentation and dissemination of the Financial Statements may differ from legislation in other jurisdictions.

### Principal activities

The investment objective of each Fund is to seek to provide Redeemable Shareholders/Shareholders (these terms are used interchangeably throughout the Financial Statements) with a Target Performance linked to the performance of a Reference Index or Reference Asset by directly or indirectly purchasing a portfolio of transferable securities that may (but is not obliged to) comprise all or a representative sample of the constituent securities of that Reference Index or Reference Asset. Please refer to pages 13 to 44 for the Investment Objectives of each Fund.

### Results for the financial year

The results of operations for the financial year are set out in the Statement of Comprehensive Income.

### Corporate governance statement

The European Communities (Directive 2006/46/EC) Regulations (S.I. 450 of 2009 and S.I. 83 of 2010) (the "Regulations") requires the inclusion of a corporate governance statement in the Directors' Report.

On 8 December 2015, the Board of Directors formally adopted the Corporate Governance Code for Irish Domiciled Collective Investment Schemes as published by Irish Funds ("IF"), as the Company's corporate governance code. This publication is available from the IF website ([www.irishfunds.ie](http://www.irishfunds.ie)).

The Board of Directors has assessed the measures included in the IF Code as being consistent with its corporate governance practices and procedures for the financial year.

## Directors' Report (Unaudited) (continued)

### Corporate governance statement (continued)

As at 31 December 2024, the Company is in compliance with the IF Code. The Company is also subject to corporate governance practices imposed by:

- (i) The Companies Act 2014 (as amended) which is available for inspection at the registered office of the Company and may also be obtained at: [www.irishstatutebook.ie](http://www.irishstatutebook.ie);
- (ii) The Constitutional Documents of the Company which are available for inspection at the registered office of the Company at Ground Floor, 2 Cumberland Place, Fenian Street, Dublin 2, Ireland and at the Companies Registration Office in Ireland;
- (iii) The Central Bank of Ireland in the Central Bank UCITS Regulations which can be obtained from the website at: [www.centralbank.ie](http://www.centralbank.ie);
- (iv) Deutsche Börse through the trading model of XETRA for shares (including ETFs) which can be obtained from the Deutsche Börse website at: [www.deutscheboerse.com](http://www.deutscheboerse.com); and
- (v) The Irish Stock Exchange ("ISE") trading as Euronext Dublin continuing obligations requirements for open-ended Funds which can be obtained from the ISE website at: [www.ise.ie](http://www.ise.ie);
- (vi) The Swiss Stock Exchange ("SIX") continuing obligations requirements for investment Funds which can be obtained from the SIX website at: [www.six-group.com](http://www.six-group.com); and
- (vii) The Euronext Amsterdam and Milan Exchanges through their Rules and Regulations which can be obtained from the Euronext website at: <https://www.euronext.com>.
- (viii) The Bolsa Mexicana de Valores ("BMV") continuing obligations requirements for investment Funds which can be obtained from the BMV website at [www.bmv.com.mx](http://www.bmv.com.mx).

By virtue of the listing on the ISE, certain Funds are admitted to trading on the London Stock Exchange ("LSE") on a "cross listing" basis. In the context, however, of corporate governance, the Funds are not subject to the listing requirements of the London Stock Exchange but instead comply with those of the ISE. In respect of Funds admitted to trading on Xetra or SIX, the Funds are listed directly with the exchanges and are required to comply with the listing requirements of the local jurisdiction. Please refer to listing details on pages 14 to 16.

### Board Diversity

The Board considers that diversity in its membership is beneficial and therefore seeks to ensure that the Board's size, structure and composition, including skills, knowledge, experience and diversity is sufficient for the effective direction and control of the Company. However, as the Board is committed to appointing the most appropriate candidates as Directors of the Company, it has not set any measurable objectives in respect of this policy.

### Internal control and risk management systems

The Company is responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process.

The Company has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and semi-annual Financial Statements. The Company has appointed BNY Mellon Fund Services (Ireland) Designated Activity Company (the "Administrator") as its administrator consistent with the regulatory framework applicable to investment Fund companies such as the Company.

The Administrator has functional responsibility for the preparation of the Company's annual and semi-annual Financial Statements and the maintenance of its accounting records. On appointing the Administrator, the Board of Directors (the "Board") noted that it is regulated by the Central Bank of Ireland and, in the Board's opinion, has significant experience as an administrator.

The Board also noted the independence of the Administrator from the Company's Investment Manager. Subject to the supervision of the Board, the appointment of the Administrator is intended to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board evaluates and discusses significant accounting and reporting issues as the need arises. The Board reviews the Financial Statements prior to their approval, though it should be noted that such review does not include verification of information in the Financial Statements to underlying documents. The annual Financial Statements are subject to independent audit by PricewaterhouseCoopers (the "Auditor") and the Board receives and considers a report from the Auditor as to the audit process.

This report includes observations as to the extent to which (i) the annual Financial Statements provide a true and fair view (ii) adjustments were made to the accounting records maintained by the Administrator in order to provide Financial Statements giving a true and fair view and (iii) potential significant control weaknesses identified by the Auditor during the audit process. The Auditor presents this report at the board meeting at which the Financial Statements are presented to the Board for approval. The Board also invites the Auditor to attend the board meeting prior to the commencement of the audit, at which the Auditor presents the audit plan to the Board.

### Shareholders' meetings

The convening and conduct of Shareholders' meetings are governed by the constitutional documents of the Company and the Companies Act 2014. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors are required to convene an annual general meeting of the Company within fifteen months of the date of the previous annual general meeting.

Shareholders representing not less than one-tenth of the paid up share capital of the Company may also request the Directors to convene a Shareholders' meeting.

Not less than twenty one clear days' notice of every annual general meeting and any meeting convened for the passing of a special resolution must be given to Shareholders and fourteen clear days' notice must be given in the case of any other general meeting unless the Auditors of the Company and all the Shareholders of the Company entitled to attend and vote agree to shorter notice.

Two Shareholders present either in person or by proxy constitutes a quorum at a general meeting. Every holder of shares present in person or by proxy who votes on a show of hands is entitled to one vote and the holders of Subscriber shares shall have one vote in respect of all of the Subscriber shares in issue. On a poll, every holder of shares present in person or by proxy is entitled to one vote in respect of each share held by him.

## Directors' Report (Unaudited) (continued)

### Shareholders' meetings (continued)

The chairperson of a general meeting of the Company or at least two Shareholders present in person or by proxy having the right to vote at the meeting or any holder or holders of shares present in person or by proxy representing at least one tenth of the shares in issue having the right to vote at such meeting may demand a poll.

Shareholders may resolve to sanction an ordinary resolution or special resolution at a Shareholders' meeting. An ordinary resolution of the Company or of the Shareholders of a particular Fund or Class requires a simple majority of the votes cast by the Shareholders voting in person or by proxy at the meeting at which the resolution is proposed. A special resolution of the Company or of the Shareholders of a particular Fund or Class requires a majority of not less than 75% of the Shareholders present in person or by proxy and voting in general meeting in order to pass a special resolution including a resolution to amend the constitutional documents of the Company.

### Composition of the Board of Directors

Unless otherwise determined by an ordinary resolution of the Company in general meeting, the number of Directors may not be less than two. Currently the Board is composed of four Directors.

The business of the Company is managed by the Directors.

A Director may, and the Company Secretary of the Company on the requisition of a Director will, at any time summon a meeting of the Directors. Questions arising at any meeting of the Directors are determined by a majority of votes. In the case of an equality of votes, the chairperson has a casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

The Board has not appointed, nor does it intend to appoint, a Director from the Company's Investment Manager as recommended in section 4.2 of the Corporate Governance Code. This decision is consistent with the Investment Manager's policy not to have a representative on the board of any entities for which it provides Investment Management services and is intended to ensure the independence of each such board.

The Directors of the Company are described below:

#### **Feargal Dempsey – Independent Non-Executive Director (Resigned 31 December 2024)**

A detailed explanation of the risks to which the Company is exposed and the financial instruments utilised is provided in Note 2 to the Financial Statements. The Company is also exposed to non-financial risks such as operational risk, conduct risks, compliance risks and cyber risks, as well as environmental, social and governance ("ESG") factors.

### Transactions with connected persons

Any transaction carried out with a UCITS by a management company or depositary to the UCITS, the delegates or sub-delegates of the management company or depositary, and any associated or group of such a management company, depositary, delegate or sub-delegate ("connected persons") must be carried out as if conducted at arm's length. Transactions must be in the best interests of the Shareholders.

The Manager is satisfied that there are arrangements (evidenced by written procedures) in place, to ensure that the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations are applied to all transactions with connected persons and are satisfied that transactions with connected persons entered into during the year complied with the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations.

### Directors' compliance statement

The Directors acknowledge that they are responsible for securing the Company's compliance with the relevant obligations as set out in section 225 of the Companies Act 2014 (as amended).

The Directors confirm that:

- 1) A compliance policy statement has been drawn up that sets out policies, that in our opinion are appropriate to the Company, respecting compliance by the Company with its relevant obligations;
- 2) Appropriate arrangements or structures are in place that are, in our opinion, designed to secure material compliance with the Company's relevant obligations; and

During the financial year, the arrangements or structures referred to in (2) have been reviewed.

### Statement of relevant audit information

The following applies in the case of each person who was a Director of the Company, as disclosed on page 55, at the time this report is approved:

- (a) so far as the Director is aware, there is no relevant audit information of which the Company's statutory auditors are unaware; and
- (b) the Director has taken all the steps that ought to have been taken as a director in order to make himself or herself aware of any relevant audit information and to establish that the Company's statutory auditors are aware of that information.

### Audit Committee

The Directors are aware of Section 167 of the Companies Act which require certain companies to establish an audit committee. The Directors have reserved to the Board the functions of an audit committee.

### Independent auditors

In accordance with Section 383(2) of the Companies Act 2014 (as amended), PricewaterhouseCoopers, Chartered Accountants and Registered Auditors, will continue in office.

## REPORT FROM THE DEPOSITARY TO THE SHAREHOLDERS

For the period from 1<sup>st</sup> January 2024 to 31<sup>st</sup> December 2024 (the “**Period**”)

The Bank of New York Mellon SA/NV, Dublin Branch (the “**Depositary**” “**us**”, “**we**”, or “**our**”), has enquired into the conduct of Invesco Markets II plc (the “**Company**”) for the Period, in its capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company, in accordance with our role as Depositary to the Company and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

### Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No 352 of 2011), as amended (the “**Regulations**”).

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company’s constitutional documentation and the Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not been so managed, we as Depositary must state in what respects it has not been so managed and the steps which we have taken in respect thereof.

### Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of its constitutional documentation and the appropriate regulations and (ii) otherwise in accordance with the Company’s constitutional documentation and the appropriate regulations.

### Opinion

In our opinion, the Company has been managed during the Period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the constitutional documentation and the Regulations; and
- (ii) otherwise in accordance with the provisions of the constitutional documentation and the Regulations.

# ***Independent auditors' report to the members of Invesco Markets II plc***

## **Report on the audit of the financial statements**

---

### **Opinion**

In our opinion, Invesco Markets II plc's financial statements:

- give a true and fair view of the Company's and Funds' assets, liabilities and financial position as at 31 December 2024 and of their results and cash flows for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended).

We have audited the financial statements, included within the Annual Report and Audited Financial Statements, which comprise:

- the Statement of Financial Position as at 31 December 2024;
- the Statement of Comprehensive Income for the year then ended;
- the Statement of Cash Flow for the year then ended;
- the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares for the year then ended;
- the Schedule of Investments for each of the Funds as at 31 December 2024; and
- the notes to the financial statements for the Company and for each of its Funds, which include a description of the accounting policies.

Our opinion is consistent with our reporting to the Board of Directors.

---

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and applicable law.

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Independence**

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard as applicable to listed public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

To the best of our knowledge and belief, we declare that non-audit services prohibited by IAASA's Ethical Standard were not provided to the Company.

Other than those disclosed in note 6, we have provided no non-audit services to the Company in the period from 1 January 2024 to 31 December 2024.

---

### **Emphasis of matter - financial statements prepared on a basis other than going concern**

In forming our opinion on the financial statements, which is not modified, we draw attention to note 1 in the financial statements which describes the reasons why the financial statements of Invesco USD High Yield Corporate Bond ESG UCITS ETF and Invesco MSCI EMU ESG Universal Screened UCITS ETF have been prepared on a basis other than going concern.

### The scope of our audit

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we looked at where the directors made subjective judgements, for example the selection of pricing sources to value the investment portfolio. As in all of our audits, we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the directors that represented a risk of material misstatement due to fraud.

### Key audit matters

Key audit matters are those matters that, in the auditors' professional judgement, were of most significance in the audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by the auditors, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters, and any comments we make on the results of our procedures thereon, were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

### *How we tailored the audit scope*

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the structure of the Company, the accounting processes and controls, and the industry in which it operates.

As at 31 December 2024 there are 81 Funds under audit, including 2 terminated Funds. The Company's Statement of Financial Position, Statement of Comprehensive Income, Statement of Cash Flow and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares are an aggregation of the positions and results of the Funds.

The directors control the affairs of the Company and are responsible for the overall investment policy which is determined by them. The Company engages the Manager to manage certain duties and responsibilities with regards to the day to day management of the Company. The Manager has delegated certain responsibilities to Invesco Capital Management LLC (the 'Investment Manager') and to BNY Mellon Fund Services (Ireland) DAC (the 'Administrator'). The financial statements, which remain the responsibility of the directors, are prepared on their behalf by the Administrator. The Company has appointed The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") to act as Depositary of the Company's assets. In establishing the overall approach to our audit we assessed the risk of material misstatement at a Fund level, taking into account the nature, likelihood and potential magnitude of any misstatement. As part of our risk assessment, we considered the Company's interaction with the Administrator, and we assessed the control environment in place at the Administrator.

### *Materiality*

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the financial statements as a whole.

Based on our professional judgement, we determined materiality for the financial statements of each of the Company's Funds as follows:

<b>Overall materiality and how we determined it</b>	50 basis points (2023: 50 basis points) of Net Assets Value ("NAV") at 31 December 2024 (2023: 31 December 2023) for each of the Company's Funds.
<b>Rationale for benchmark applied</b>	We have applied this benchmark because the main objective of the Company is to provide investors with a total return at a Fund level, taking account of the capital and income returns.

We use performance materiality to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds overall materiality. Specifically, we use performance materiality in determining the scope of our audit and the nature and extent of our testing of account balances, classes of transactions and disclosures, for example in determining sample sizes. Our performance materiality was 75% of overall materiality.

In determining the performance materiality, we considered a number of factors - the history of misstatements, risk assessment and aggregation risk and the effectiveness of controls - and concluded that an amount at the upper end of our normal range was appropriate.

We agreed with the Board of Directors that we would report to them misstatements identified during our audit above 5 basis points of each Fund's NAV, for NAV per share impacting differences (2023: 5 basis points of each Fund's NAV, for NAV per share impacting differences) as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

### Conclusions relating to going concern

With the exception of Invesco USD High Yield Corporate Bond ESG UCITS ETF and Invesco MSCI EMU ESG Universal Screened UCITS ETF where a basis of accounting other than going concern has been adopted as set out in the Emphasis of matter - financial statements prepared on a basis other than going concern above, our evaluation of the directors' assessment of the Company's and Funds' ability to continue to adopt the going concern basis of accounting included:

- Obtaining an understanding of the nature of the Company and the Funds;
- Obtaining management's assessment of going concern which included the key indicators that are monitored with response to the going concern assumption and management's future plans for the Company and the Funds over the going concern period (being 12 months from the date of approval of the financial statements);
- Consideration of post period end capital activity
- Reviewing the liquidity profile of the liabilities as detailed in note 2 (D) Liquidity Risk. as recorded in the underlying accounting records;
- Enquiring of management with respect to any plans to terminate any of the Funds;
- Agreeing the liquidity risk management techniques which are available to the Company and its Funds (as per note 2 (D) Liquidity Risk to legal documents; and

With the exception of Invesco USD High Yield Corporate Bond ESG UCITS ETF and Invesco MSCI EMU ESG Universal Screened UCITS ETF where a basis of accounting other than going concern has been adopted as set out in the Emphasis of matter - financial statements prepared on a basis other than going concern above, based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's and Funds' ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

With the exception of Invesco USD High Yield Corporate Bond ESG UCITS ETF and Invesco MSCI EMU ESG Universal Screened UCITS ETF where a basis of accounting other than going concern has been adopted as set out in the Emphasis of matter - financial statements prepared on a basis other than going concern above, in auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Company's and Funds' ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

### Reporting on other information

The other information comprises all of the information in the Annual Report and Audited Financial Statements other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude

that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Directors' Report, we also considered whether the disclosures required by the Companies Act 2014 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (Ireland) and the Companies Act 2014 require us to also report certain opinions and matters as described below:

### *Directors' Report*

- In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 31 December 2024 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.
- Based on our knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' Report.

### *Corporate governance statement*

- In our opinion, based on the work undertaken in the course of the audit of the financial statements, the description of the main features of the internal control and risk management systems in relation to the financial reporting process included in the Corporate Governance Statement, is consistent with the financial statements and has been prepared in accordance with section 1373(2)(c) of the Companies Act 2014.
- Based on our knowledge and understanding of the Company and its environment obtained in the course of the audit of the financial statements, we have not identified material misstatements in the description of the main features of the internal control and risk management systems in relation to the financial reporting process included in the Corporate Governance Statement.
- In our opinion, based on the work undertaken during the course of the audit of the financial statements, the information required by section 1373(2)(a),(b),(e) and (f) of the Companies Act 2014 and regulation 6 of the European Union (Disclosure of Non-Financial and Diversity Information by certain large undertakings and groups) Regulations 2017 is contained in the Corporate Governance Statement.

## **Responsibilities for the financial statements and the audit**

### *Responsibilities of the directors for the financial statements*

As explained more fully in the Statement of Directors' Responsibilities set out on page 53, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's and Funds' ability to continue as going concerns, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

### *Auditors' responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and industry, we identified that the principal risks of non-compliance with laws and regulations related to the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended), and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended). We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to Risk of Management Override of Control.

Audit procedures performed by the engagement team included:

- Enquiry of management to identify any instances of non-compliance with laws and regulations;
- Identifying and testing year end journal entries that met our specific risk based criteria;
- Testing material accounting estimates and judgements and considered potential for management bias;
- Designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing;
- Reviewing minutes of the meetings of the Board of Directors; and
- Reviewing financial statement disclosures and agreeing to supporting documentation to assess compliance with applicable laws and regulations.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

Our audit testing might include testing complete populations of certain transactions and balances, possibly using data auditing techniques. However, it typically involves selecting a limited number of items for testing, rather than testing complete populations. We will often seek to target particular items for testing based on their size or risk characteristics. In other cases, we will use audit sampling to enable us to draw a conclusion about the population from which the sample is selected.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

This description forms part of our auditors' report.

### *Use of this report*

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with section 391 of the Companies Act 2014 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

## **Other required reporting**

---

### **Companies Act 2014 opinions on other matters**

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.

---

### **Companies Act 2014 exception reporting**

#### *Directors' remuneration and transactions*

Under the Companies Act 2014 we are required to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by sections 305 to 312 of that Act have not been made. We have no exceptions to report arising from this responsibility.

---

### **Appointment**

We were appointed by the directors on 14 November 2016 to audit the financial statements for the year ended 31 December 2016 and subsequent financial periods. The period of total uninterrupted engagement is 9 years, covering the years ended 31 December 2016 to 31 December 2024.
