Creutz & Partners The Art of Asset Management S.A., (ISIN: LU2677653326) www.creutz-partners.com

Call +352 978 22 11 for more information

Creutz & Partners The Art of Asset Management S.A. is authorised in Luxembourg and regulated by Commission de Surveillance du Secteur Financier (CSSF).

Last update of the key information document: 15.01.2024

What is this product?

Type: As a sub-fund of C&P Funds SICAV, an investment company with variable capital under Luxembourg law, C&P Funds DetoX is a globally investing equity fund that is subject to the provisions of the Luxembourg law of 17 December 2010 relating to Undertakings for Collective Investment (UCITS).

Term: The term of the sub-fund is perpetual but can be terminated at any time as further detailed in the sales prospectus.

Objectives: The objective of the investment policy is, in addition to generating an appropriate return, the fulfilment of ethical and sustainable objectives. In this context, the focus is on positive alignment with the United Nations Sustainable Development Goals 2030 (»SDGs«). The sub-fund pursues an active investment approach based on the MSCI World in EUR (price index) as its benchmark. The benchmark is however only used to compare performance, and not in relation to the attainment of the promoted environmental and social characteristics. The portfolio composition of the sub-fund may differ significantly from its benchmark. The sub-fund invests mainly in equities of listed companies without geographical restrictions. The majority of the sub-funds' total assets - continuously more than 50 % - must be invested in equity investments according to section 2 (8) of the German Investment Tax Act (»GITA«) (or a respective successor provision). The sub-fund therefore qualifies as an »equity fund« within the meaning of the GITA. The sub-fund will not invest in derivatives neither for investment nor for hedging purposes.

This sub-fund is subject to Article 8 of Regulation (EU) 2019/2088 (Disclosure Regulation) and Article 6 of Regulation (EU) 2020/852 (Taxonomy Regulation).

Unless otherwise decided by the Board of Directors of C&P Funds SICAV, the income of the sub-fund is reinvested, i.e. used to increase the sub-fund assets and accordingly not distributed. The C&P Funds DetoX provides no guarantee of positive return or performance. The value of the sub-fund is directly related to the performance of its investments and is subject to fluctuations that depend primarily on developments on the financial markets. The investor bears the full risk of these fluctuations and may not redeem the money invested. In addition, should the investor liquidate the investment early, i.e. before the recommended holding period, this may result in the actual risk/return ratio deviating from the indicator below.

Intended retail investor: The C&P Funds DetoX is aimed at investors who pursue the goal of specific retirement provision or general asset growth/-optimization and who have a long-term investment horizon of more than 5 years. This sub-fund is also suitable for investors pursuing sustainable investment objectives, in particular in the sense of promoting environmental or social characteristics. The C&P Funds DetoX is also suitable for investors with basic knowledge, which can also be obtained through information, e.g. with the help of this document and the sales prospectus. However, investors should be able to accept a risk of 4 to 7 and losses up to the total loss of the capital invested. In this respect, the C&P Funds DetoX does not offer any capital guarantee.

The depositary of the sub-fund is Edmond de Rothschild (Europe) with registered offices at 4, rue Robert Stumper, L-2557 Luxembourg.

Further information on the C&P Funds can be obtained free of charge at any time in German, French, English and Dutch from the Management Company Creutz & Partners The Art of Asset Management S.A., 18, Duarrefstrooss, L-9944 Beiler, such as the Prospectus, the annual and semi-annual reports as well as a summary of your investor rights and information on collective redress instruments.

The latest price of the shares is available online at <https://navcentrefis.edram.com> and at www.creutz-partners.com/en/cp-funds/c-p-funds-detox.

Shareholders have the right to request conversion of their shares into shares in another sub-fund of the company and to sell their shares on any dealing day (as further detailed in the sales prospectus).

What are the risks and what could I get in return?

Risk Indicator

Lower Risk Higher Risk

The risk indicator assumes you keep the product for 5 years. If you sell the investment early, the actual risk may differ significantly and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity of the sub-fund to pay you.

Other material risks: There are also risks that are not included in the summary risk indicator (e.g. liquidity risk, operational risk). More detailed explanations can be found in the Prospectus.

This product does not provide protection against future market developments, so you could lose all or part of the capital invested.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product/a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: 5 years Example Investment: 10.000 EUR		If you redeem after 1 year	If you redeem after 5 years
Minimum	You could lose some or all of your investment		
Stress ¹⁾	What you might get back after costs	1.410 EUR	1.350 EUR
	Average return each year	-85,9 %	-33,0 %
Unfavourable ²⁾	What you might get back after costs	8.580 EUR	10.100 EUR
	Average return each year	-14,2 %	0,2 %
Moderate ³⁾	What you might get back after costs	10.680 EUR	14.970 EUR
	Average return each year	6,8 %	8,4 %
Favourable ⁴⁾	What you might get back after costs	14.170 EUR	17.780 EUR
	Average return each year	41,7 %	12,2 %

The figures shown include all the costs of the product itself. The figures do not take into account your personal tax situation, which may also affect how much you get back.

¹⁾The stress scenario shows what you might get back in extreme market circumstances. ²⁾This type of scenario occurred for an investment in the benchmark between December 2021 and December 2023. ³⁾This type of scenario occurred for an investment in the benchmark between January 2014 and January 2019. ⁴⁾This type of scenario occurred for an investment in the benchmark between October 2016 and October 2021.

What happens if Creutz & Partners The Art of Asset Management S.A. is unable to pay out?

The assets of the sub-fund are segregated from those of Creutz & Partners The Art of Asset Management S.A.. In addition, Edmond de Rothschild (Europe) S.A., as depositary (the »Depositary«) of C&P Funds SICAV, is responsible for the safekeeping of the assets of the sub-fund. As such, a possible failure of Creutz & Partners The Art of Asset Management S.A. would have no immediate financial impact on the sub-fund. The sub-fund's assets are kept segregated from the Depositary's assets, which limits the risk that the sub-fund would suffer a loss in the event of default by the Depositary. There is no compensation or guarantee mechanism for the shareholders of the sub-fund.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding period we have assumed the product performs as shown in the moderate scenario
- EUR 10.000 is invested

Costs over time	If you redeem after 1 year	If you redeem after 5 years
Total costs	152 EUR	898 EUR
Annual cost impact (*)	1,52 %	1,52 %

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 9,92 % before costs and 8,40 % after costs.

Composition of costs		
One-off costs upon entry or exit		If you redeem after 1 year
Entry costs	We do not charge an entry fee.	N/A
Exit costs	We do not charge an exit fee for this product.	N/A
Ongoing costs		
Management fees and other administrative or operating costs	1,40 % of the value of your investment per year. This is an estimate based on actual costs over the last year.	140 EUR
Transaction costs	0,12 % of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	12 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	N/A

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

We have chosen 5 years since the product invests for the long term. You can sell your shares of the product on any dealing day (as defined in the sales prospectus) by contacting us using any of the means set out in the sales prospectus. In case you sell all or part of your investment before the end of 5 years, it is less likely that the product will achieve its objectives; however, you will not incur any additional costs.

How can I complain?

If you wish to lodge a complaint about the product or about Creutz & Partners The Art of Asset Management S.A., please first write to the customer complaints manager at Creutz & Partners The Art of Asset Management S.A. at 18, Duarrefstrooss, L-9944 Beiler, Luxembourg or by e-mail to complaints@creutz-partners.com. For more information on Creutz & Partners' customer complaints policy, please refer to the information sheet on handling investor complaints on the following website: <https://www.creutz-partners.com/en/cp-funds/c-p-funds-about>

If, after receiving a final response to your complaint, you do not agree with its handling or the solution reached, you have the right to an out-of-court complaint procedure with the supervisory authority responsible for Creutz & Partners, the «Commission de Surveillance du Secteur Financier» (CSSF). For more information on this procedure, please visit the following website: <https://www.cssf.lu/en/customer-complaints>

Other relevant information

The information contained in this Key Information Document (KID) is supplemented by the sales prospectus, the articles of association and the semi-annual or annual report of C&P Funds SICAV. As required by law, these documents are available free of charge in paper form upon request from the Management Company (Creutz & Partners The Art of Asset Management S.A.) and as a download at www.creutz-partners.com.

The net asset value per share as well as the issue price, redemption price and any exchange price can either be obtained free of charge from the Management Company or consulted on the Depositary's website <https://navcentreifs.edram.com>.

Information on past performance is made available to you in the following appendix and at www.creutz-partners.com/en/cp-funds/c-p-funds-detoX retrospectively for up to 10 years. Under the same link you will also find the calculations of past performance scenarios, which are published there monthly as required by law.

Upon request of the investor, the Depositary Agreement, the Central Administration Agreement and the Investment Manager Agreements as well as the Engagement and Voting Policy of C&P Funds SICAV are available for inspection at the registered office of the Management Company, 18, Duarrefstrooss, L-9944 Beiler, Luxembourg.

Past performance

This chart shows the fund's performance as the percentage loss or gain per year over the last 10 years against its benchmark.

Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future.

It can help you to assess how the fund has been managed in the past and compare it to its benchmark.

Performance is shown after deduction of ongoing charges. Any entry and exit charges are excluded from the calculation.

The MSCI World in EUR (price index) is shown as the benchmark. This index version is calculated without taking into account the reinvestment of revenues.

C&P Funds DetoX was launched in January 2024.

Due to the recent launch of the sub-fund, no meaningful data on past performance can be provided at this point.
