# Notes to the Financial Statements

## for the financial period ended 31 May 2023

### 1. Organisation

Dimensional Funds plc (the "Company") was incorporated on 14 January 2002. The Company is established as an umbrella investment company with segregated liability between funds (each a "Fund", together the "Funds") and variable capital incorporated in Ireland as a public limited company pursuant to the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended), and under the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (together the "UCITS Regulations").

A number of the Company shares were listed on Euronext Dublin throughout the financial year. Post year end the company delisted its shares from Euronext Dublin on 9 January 2023.

### 2. Basis of Preparation and Presentation

These condensed unaudited Financial Statements are prepared in accordance with the Financial Reporting Standard 104 'Interim Financial Reporting' ("FRS 104"), and comply with financial reporting standards of the Financial Reporting Council and the UCITS Regulations. The Company has continued to avail of the exemption available to open-ended investment funds under Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") and is not presenting a cash flow statement.

The condensed unaudited Financial Statements should be read in conjunction with the Company's annual audited Financial Statements for the financial year ended 30 November 2022 which were prepared in accordance with FRS 102 and the applicable regulations as issued by the Central Bank of Ireland (the "Central Bank").

The condensed Financial Statements are unaudited. We note that the statutory auditor's report in the Company's annual audited Financial Statements for the financial year ended 30 November 2022 was unqualified.

The Financial Statements have been prepared on a going concern basis.

### 3. Significant Accounting Policies

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates and judgements are continually evaluated and are based on historical experience and other factors. Estimates and assumptions used may include the use of valuation techniques for the purposes of determining the fair value of financial instruments that are not quoted in active markets, such as unlisted equities and investment in other investment funds.

### 4. Lending of Securities

Each security loan is collateralised with collateral assets in an amount greater than the current market value of the loaned securities. There is a risk of delay in receiving collateral or in recovering the securities loaned or even loss of rights in collateral should the borrower fail financially.

However, in the event of default or bankruptcy by the other party to the agreement, realisation and/or retention of the collateral may be subject to legal proceedings. In the event that the borrower fails to return loaned securities, and collateral being maintained by the Fund in question is insufficient to cover the value of loaned securities and provided such collateral insufficiency is not the result of investment losses, the securities lending agent has agreed to pay the amount of the shortfall to the respective Fund or, at the option of the securities lending agent, to replace the securities.

Subject to each Fund's investment policy, any cash collateral received by a Fund from securities on loan may be invested in securities of the U.S. government or its agencies, repurchase agreements collateralised by securities of the U.S. government or its agencies, time deposits and registered and unregistered money market funds. Agencies include both agency debentures and agency mortgage backed securities.

As at 31 May 2023, EUR329,286,758 (30 November 2022: EUR240,547,749) of the total cash collateral received by the Funds (as disclosed on the Statement of Financial Position and in the tables below) was re-invested in repurchase agreements with approved counterparties: Citigroup, JP Morgan, Merrill Lynch and Societe Generale (30 November 2022: Citigroup, JP Morgan, Merrill Lynch and Societe Generale). The fair value of these repurchase agreements as at 31 May 2023 was EUR330,305,922 (30 November 2022: EUR240,547,749). These agreements were entered into on 31 May 2023 and matured on 1 June 2023 (30 November 2022: entered into on 30 November 2022 and matured on 1 December 2022).

In addition, each Fund will be able to terminate the loan at any time and will receive reasonable interest on the loan, as well as amounts equal to any dividends, interest or other distributions on the loaned securities.

As at 31 May 2023 and 30 November 2022 each of the Funds disclosed in the following tables had outstanding loans of securities to certain brokers, dealers or other financial institutions for which each Fund has a security interest and lien upon segregated cash and/or securities equivalent to at least 100% of the current market value of the loaned securities with respect to any type of securities loaned through the securities lending agent.

As at 31 May 2023 and 30 November 2022 the collateral received for securities lending purposes comprised cash and government bonds as disclosed in the Market Value of U.S. Loaned Securities and Market Value of non-U.S. Loaned Securities on the following tables.

### 5. Taxation

Under current law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or chargeable gains. However, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes any distribution payments to shareholders, any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year anniversary beginning with the acquisition of such shares.

No Irish tax will arise on the Company in respect of chargeable events in respect of:

- a) a shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act 1997, as amended, are held by the Company at that time or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- b) certain exempted Irish tax resident shareholders who have provided the Company with the appropriate signed declarations in the prescribed Revenue format.

Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

For the financial period ended 31 May 2023 the Company incurred capital gains taxes of EUR660,984 (31 May 2022: incurred capital gains taxes EUR2,204,551).

### 6. Cash and Cash Equivalents

The cash balances as disclosed in the Statement of Financial Position were held at State Street Custodial Services (Ireland) Limited as at 31 May 2023 and 30 November 2022.

In March 2015, the Central Bank introduced Investor Money Regulations ("IMR"). These regulations, which were effective from 1 July 2016, detail material changes to the current rules in relation to investor money, and were designed to increase transparency and enhance investor protection.

In response to these regulations, cash accounts held with a third party banking entity for collection of subscriptions and payment of redemptions are now deemed to be assets of the Company.

Cash may be deposited or owed by or on behalf of the Funds for initial margin purposes with brokers for options and futures contracts. These amounts are recognised as Margin Cash on the Statement of Financial Position.

Cash collateral received relates to collateral received for securities on loan and is held by the securities lending agent as at 31 May 2023 and 30 November 2022.

See Note 4 for reference to cash collateral received by the Funds that was re-invested in repurchase agreements.

### 7. Share Capital

The authorised share capital of the Company is 500 billion and 30,000 shares of no par value divided into 30,000 Subscriber Shares of no par value and 500 billion shares (the "Shares") of no par value. The Subscriber Shares entitle the holders to attend and vote at general meetings of the Company but do not entitle the holders to participate in the profits or assets of the Company except for a return of capital on a winding-up. The Subscriber Shares are not included in the calculation of the NAV per redeemable share.

As at 31 May 2023, Peter Blessing, Victoria Parry, Nathan Lacaze and John Romiza held subscriber shares (fully paid-up) in the Company (30 November 2022: Peter Blessing, Victoria Parry, Nathan Lacaze and John Romiza).

## for the financial period ended 31 May 2023 (continued)

### 7. Share Capital (continued)

Shares entitle the holders to attend and vote at general meetings of the Company and to participate equally (subject to any differences between fees, charges and expenses applicable to different classes) in the profits and assets of the Company on the terms and conditions set

out in the Prospectus. The Funds have the ability to issue multiple classes of redeemable shares. Each redeemable share within a class represents an identical legal interest in the Funds and has identical rights.

### 8. Related Party Transactions

### 9. Fair Value Estimation

The fair value of the financial instruments traded in active markets such as publicly traded derivatives and trading securities is based on quoted market prices at the Statement of Financial Position date. The quoted market price at the valuation point used for bonds traded on a regulated market held by the Company can be last traded price or

quoted mid price depending on the bond type. Securities other than bonds which are traded on a regulated market will be issued at the last traded prices at the relevant valuation point. When a "readily available market quotation" for a security is not available, the Company employs "fair value" methodologies to price securities. As a general principle, fair value is the price that the Fund might reasonably expect to receive

upon a current sale. The fair valuation process requires the Investment Manager to make a determination in good faith as to the value of a particular security or group of securities depending on the particular facts and circumstances involved. Circumstances in which a market quotation is not readily available may include, trading suspensions prior to the close of the relevant market; events that unexpectedly close entire markets such as natural disasters, power blackouts, or similar major events; market holidays; or volume of trading in a security.

When a market quotation for a security is not available and a fair valuation is being determined, the Investment Manager may consider all relevant methods, including but not limited to any one or all of the following pricing methods:

1. A multiple of earnings;
2. A discount from market of a similar freely traded security;
3. A discounted cash-flow analysis;
4. The book value or a multiple thereof;
5. A risk premium/yield analysis;
6. Yield to maturity; or
7. Fundamental investment analysis.

No material investments were valued using these techniques as at 31 May 2023 and 30 November 2022.

Investments measured and reported at fair value are classified and disclosed in one of the following fair value hierarchy levels based on the significance of the inputs used in measuring its fair value. These levels are the fair value hierarchy levels per FRS 102.

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the valuation date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

The following tables analyse under the fair value hierarchy the Funds' financial assets and financial liabilities measured at fair value at 31 May 2023 and 30 November 2022. All amounts represent the valuation of securities as presented in the Portfolio of Investments.

Level 2 inputs are inputs other than quoted prices in active markets included within Level 1 that are observable for the asset or liability, either directly or indirectly. Fair value is determined through the use of models or other valuation methodologies.

Level 2 inputs include the following:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in markets that are not active, that is, markets in which there are few transactions for the asset or liability, the prices are not current, or price quotations vary substantially either over time or among market makers, or in which little information is released publicly;
- c) Inputs other than quoted prices that are observable for the asset or liability (e.g. interest rate and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks and default rates); and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Company's own assumptions about how market participants would be expected to value the asset or liability. Unobservable inputs are developed based on the best information available in the circumstances, other than market data obtained from sources independent of the Company and might include the Company's own data.

An investment is always categorised as Level 1, 2 or 3 in its entirety. In certain cases, the fair value measurement for an investment may use a number of different inputs that fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and is specific to the investment.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in these securities.

\* World Sustainability Equity Fund launched on 28 March 2023.

There were no Level 3 securities held during the financial period ended 31 May 2023 and the financial year ended 30 November 2022.

Securities of the aggregated market value of EUR78,414,356 were transferred from Level 1 to Level 2 during the financial period ended 31 May 2023 (30 November 2022: EUR583,427). During the same time securities of the aggregated market value of EUR397,332 were transferred from Level 2 to Level 1 (30 November 2022: EUR6,062,036).

On 28 February 2022, the Russian stock markets ceased trading and pricing for these securities was temporarily unavailable. Reliable price quotations for Russian securities, including Russian depositary receipts trading outside of Russia that are held by the sub-funds, are difficult to obtain, requiring the Investment Manager to estimate prices for such depositary receipts using other market information, which in turn may also be more difficult to obtain and validate. It is uncertain how long the conflict, economic sanctions and market instability will continue and whether they will escalate further. The Investment Manager is actively monitoring the situation and the impact it may have on the Company.

As of 31 May 2023, the Emerging Markets Large Cap Core Equity Fund, Emerging Markets Sustainability Core Equity Fund, Emerging Markets Value Fund and World Equity Fund exposure to Russian securities through investment in depositary receipts have been fair valued by the Investment Manager with a market value of Nil.

### 11. Derivative Financial Instruments

A Fund may employ investment techniques and instruments for efficient portfolio management of its assets including hedging against market movements, currency exchange or interest rate risks, under the conditions and within the limits stipulated by the Central Bank under the UCITS Regulations. A Fund may use such investment techniques and instruments only where their use is, in the opinion of the Investment Manager, consistent with the investment policies of that Fund. In particular, a Fund may lend its securities, enter repurchase and reverse repurchase agreements, call options, spot and forward contracts and financial futures. The total exposure of a Fund including but not limited to its exposure from the use of any derivative instruments, may not exceed the total net assets of the Fund.

Any gains or losses from these forward currency contracts are assigned solely to the relevant non-base currency class.

As at 31 May 2023, none of the Funds invested in futures contracts (30 November 2022: U.S. Small Companies Fund invested in futures contracts).

# Notes to the Financial Statements

## for the financial period ended 31 May 2023 (continued)

### 11. Derivative Financial Instruments (continued)

The direct and indirect operational costs arising from these forward currency contracts cannot practically be split from the total return of the instrument. The realised and unrealised gains and losses on forward currency contracts and futures contract are included within net gain/(loss) on financial assets at fair value through profit or loss in the Statement of Comprehensive Income. Details of the exposure obtained and counterparties to the settlement of these forward currency contracts and futures contract are disclosed in the Portfolio of Investments.

As at 31 May 2023, a number of Funds have also entered into securities lending agreements for the purposes of efficient portfolio management. Please refer to note 4 for further details.

### 12. Distributions

The Directors may declare dividends in respect of any shares out of net income (including dividend and interest income) and the excess of realised and unrealised capital gains over realised and unrealised losses in respect of investments of the Company. Paid and proposed distributions to redeemable participating shares are classified as finance costs in the Statement of Comprehensive Income.

The Directors anticipate that there will be no dividend distributions in respect of the accumulation classes of the Funds. Accordingly, income and capital gains arising in respect of the accumulation classes of the Funds will be re-invested in the relevant Fund and reflected in the NAV per share of the relevant Fund.

The Directors anticipate making dividend distributions in respect of the distributing classes of the Funds. Accordingly, any income arising in respect of the distributing classes of the Funds will be distributed to investors in the relevant Fund in accordance with their respective shareholdings.

Dividends of the GBP distributing classes, if any are declared by the Directors, will normally be paid for the financial periods ending 31 May and 30 November. Dividends of the JPY distributing classes and SGD distributing classes, if any are declared by the Directors, will normally be paid for the financial periods ending 28 February, 31 May, 31 August and 30 November. Dividends of the other distributing classes will normally be declared by the Directors for the period ending 30 November.

The Directors do not expect to declare a dividend in respect of any class where it would be uneconomical to pay such dividend to shareholders.

# Notes to the Financial Statements

## for the financial period ended 31 May 2023 (continued)

### 16. Connected party transactions

Central Bank UCITS Regulations 'Restrictions on transactions with connected persons' states that 'A responsible person shall ensure that any transaction between a UCITS and a connected person is a) conducted at arm's length; and b) in the best interest of the unitholders of the UCITS'.

As required under Central Bank UCITS Regulations, the Directors, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43(1) are applied to all transactions with a connected party; and all transactions with connected parties that were entered into during the financial period to which the report relates complied with the obligations that are prescribed by Regulation 43(1).

### 17. Significant Events during the Financial Period

A new German Consolidated Prospectus was issued on 8 December 2022.

The Company delisted its shares from Euronext Dublin on 9 January 2023.

The First Addendum was issued on 20 February 2023. It was supplemental to the Prospectus dated 30 November 2022, to add a new GBP hedged accumulation share class to the World Equity Fund.

Management continue to monitor the ongoing conflict in Ukraine and its impact on the securities held by the sub-funds. Reliable price quotations for Russian securities, including Russian depositary receipts trading outside of Russia that are held by the sub-funds, continue to be difficult to obtain, requiring the Investment Manager to estimate prices for such depositary receipts using other market information, which in turn may also be more difficult to obtain and validate. As of 31 May 2023, the Emerging Markets Value Fund, World Equity Fund, Emerging Markets Large Cap Core Equity Fund & Emerging Markets Sustainability Core Equity Fund had an immaterial exposure to Russian securities through investment in depositary receipts.

As at 31 May 2023, certain Sub-Funds had exposure to the US regional banking sector through equity holdings in these banks. Subsequent to year-end, the Sub-Funds continue to have exposure to this sector. In certain cases, government agencies have assumed control or otherwise intervened in the operations of certain banks due to liquidity and solvency concerns. While the ultimate resolution of these liquidity and solvency concerns and the extent of the related impact to the Sub-Funds is uncertain the overall exposure to these banks is immaterial.

In March 2023 Credit Suisse experienced significant liquidity and solvency issues which ultimately resulted in a takeover by the Swiss bank UBS. UBS completed the acquisition on 12 June 2023. As at 31 May 2023, Credit Suisse was not a counterparty to the Company however certain Sub-Funds had exposure to Credit Suisse through equities and fixed income securities. Subsequent to year end, the Sub-Funds have an immaterial exposure to this bank.

World Sustainability Equity Fund was launched on 28 March 2023.

An updated Prospectus was issued on 13 March 2023, in order update the pre-contractual disclosure templates required under Commission Delegated Regulation (EU) 2022/1288 (SFDR Level 2).

The First Addendum to the Prospectus dated 13 March 2023 was issued on 30 March 2023, to include a new GBP accumulation share class and GBP distribution share class to the U.S. Core Equity Fund.

The updated Memorandum and Articles of Association were adopted on 13 April 2023, which included the following changes:

- general factual updates throughout the Articles, such as references to legislation and definitions;
- permitting a share class or sub-fund of the Company to be redeemed in full, if such redemption is provided for in the Prospectus or such redemption is in the best interest of shareholders, the Company, or relevant share class or sub-fund;
- providing 14 days' notice in respect of extraordinary general meetings, other than those called for the passing of a special resolution;
- the removal of the requirement for proxies to be deposited 48 hours in advance of the meeting; and
- lowering the quorum for board meetings from four directors to two directors in line with the Companies Act 2014.

The Extract Prospectus for Switzerland was issued on 26 April 2023. It included the Additional Information for Investors in Switzerland.

There were no other significant events during the financial period end which required adjustment to, or disclosure in, these financial statements.

### 18. Significant Events after the Financial Period End

An updated Prospectus with Second Addendum was issued on 3 July 2023 to update investment policies for the Global Value Fund with regards to German tax disclosure.

There are no other significant events after the financial period end which require adjustment to, or disclosure in, these financial statements.

### 19. Seasonal or Cyclical Activities

The Company is not subject to seasonal or cyclical activities.

### 20. Approval of Financial Statements

The financial statements were approved by the Directors on 20 July 2023.

# Statement of Portfolio Changes

## for the financial period ended 31 May 2023

In accordance with the Central Bank (Supervision and Enforcement) Act, 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019, a statement of the largest changes in the composition of the Portfolio of Investments during the financial period is provided to ensure that shareholders can identify changes in the investments held by the Fund. These statements present the aggregate purchases and sales of an investment exceeding 1.00% of the total value of purchases and sales for the financial period or at least the top 20 purchases and sales. Should there have been less than that amount of transactions, all such transactions have been disclosed.
