- i. the shares of the sub-fund or of the share class must be reserved to Institutional Investors;
- ii. the sub-fund must qualify as short-term money market fund within the meaning of the Regulation 2017/1131 and;
- iii. the sub-fund must benefit from the highest possible rating of a recognized rating agency.

When due, the “*taxe d’abonnement*” is payable quarterly based on the relevant net assets and calculated at the end of the quarter for which it is applicable.

In addition, the Company may be subject to foreign UCI’s tax, and/or other regulators levy, in the country where the sub-fund is registered for distribution.

Taxation of the Company’s investments

Some of the Company’s portfolio income, especially income on dividends and interest, as well as certain capital gains, may be subject to tax at various rates and of different types in the countries in which they are generated. This income and capital gains may also be subject to withholding tax. Under certain circumstances, the Company may not be eligible for the international agreements preventing double taxation that exist between the Grand Duchy of Luxembourg and other countries. Some countries will only consider that persons taxable in Luxembourg qualify under these agreements.

Taxation of shareholders

- a) Residents of the Grand Duchy of Luxembourg

On the date of the Prospectus (August 2024), the dividends earned and capital gains made on the sale of shares by residents of the Grand Duchy of Luxembourg are not subject to withholding tax.

Dividends are subject to income tax at a personal tax rate.

Capital gains made on the sale of shares are not subject to income tax if the shares are held for a period of over six months, except in the case of resident shareholders holding over 10% of the shares of the Company.

- b) Non-residents of the Grand Duchy of Luxembourg

According to current law and in the event that the provisions of Directive 2011/16 as specified in item c) below do not apply::

- the dividends earned and the capital gains made on the sale of shares by non-residents are not subject to withholding tax;
- the capital gains made by non-residents on the sale of shares are not subject to Luxembourg income tax..

Nevertheless, if there is a dual tax convention between the Grand Duchy of Luxembourg and the shareholder’s country of residence, the capital gains made on the sale of shares are tax-exempt in principle in Luxembourg, with the taxation authority being attributed to the shareholder’s country of residence.

Exchange of information

- a) Residents of another member state of the European Union, including the French overseas departments, the Azores, Madeira, the Canary Islands, the Åland Islands and Gibraltar.

Any individual who receives dividends from the Company or the proceeds from the sale of shares in the Company through a paying agent based in a state other than the one in which he resides is advised to seek information on the legal and regulatory provisions applicable to him.

In most countries covered by Directive 2011/16 and 2014/107, the total gross amount distributed by the Company and/or the total gross proceeds from the sale, refunding or redemption of shares in the Company are reported to the tax authorities in the state of residence of the beneficial owner of the income.

Notes to the financial statements at 30/11/2024

b) Residents of third countries or territories

No withholding tax is levied on interest paid to residents of third countries or territories. Nevertheless, in the framework of Automatic Exchange of Information package (AEOI) covering fiscal matters elaborated by OECD, the Company may need to collect and disclose information about its shareholders to third parties, including the tax authorities of the participating country in which the beneficiary is tax resident, for the purpose of onward transmission to the relevant jurisdictions. The data of financial and personal information as defined by this regulation which will be disclosed may include (but is not limited to) the identity of the shareholders and their direct or indirect beneficiaries, beneficial owners and controlling persons. A shareholder will therefore be required to comply with any reasonable request from the Company for such information, to allow the Company to comply with its reporting requirements. The list of AEOI participating countries is available on the website: <http://www.oecd.org/tax/automaticexchange/>

c) US Tax

Under the Foreign Account Tax Compliance Act (“FATCA”) provisions which came into force as from 1 July 2014, in the case the Company invests directly or indirectly in US assets, income received from such US investments could be subject to a 30% US withholding tax.

To avoid such withholding tax the United States have entered, on 28 March 2014, into an intergovernmental agreement (the “IGA”) with the Grand Duchy of Luxembourg under which the Luxembourg financial institutions undertake due diligence to report certain information on their U.S. investors to the Luxembourg Tax authorities. Such information will be onward reported by the Luxembourg tax authorities to the U.S. Internal Revenue Service (“IRS”).

The foregoing provisions are based on the Law and practices currently in force and are subject to change. Potential investors are advised to seek information in their country of origin, place of residence or domicile on the possible tax consequences associated with their investment. The attention of investors is also drawn to certain tax provisions specific to individual countries in which the Company publicly markets its shares.

Note 6 - Distribution fees

Distribution fees are calculated daily and paid monthly from the average net assets of a sub-fund, share category, or share class. They are paid to the Management Company and serve to cover the remuneration of the distributors, being supplemental to the share of the management fee that they receive.

The maximum distribution fees amount to 0.05% for the share categories S and S distribution.

Note 7 - Reverse repurchase agreements

In accordance with the Circulars 08/356 and 14/592, each sub-fund may engage in reverse repurchase agreements. Reverse repurchase agreements consist of a forward transaction at the maturity of which the seller (counterparty) has the obligation to repurchase the asset sold and the sub-fund the obligation to return the asset received under the transaction.

A reverse repurchase agreement shall be eligible to be entered into by a sub-fund provided that all of the following conditions are fulfilled:

- a) the sub-fund has the right to terminate the agreement at any time upon giving prior notice of no more than two working days;
- b) the market value of the assets received as part of the reverse repurchase agreement is at all times at least equal to the value of the cash paid out.

The assets received by a sub-fund as part of a reverse repurchase agreement shall be money market instruments that fulfil the requirements set out above and shall not be sold, reinvested, pledged or otherwise transferred.

The assets received by a sub-fund as part of a reverse repurchase agreement shall be sufficiently diversified with a maximum exposure to a given issuer of 15% of the NAV of the sub-fund, except where those assets take the form of money market instruments that fulfil the requirements of point 2 (ii) of Diversification Rules of the Prospectus. The assets received in this context shall be issued by an entity that is independent from the counterparty and is expected not to display a high correlation with the performance of the counterparty.

A sub-fund that enters into a reverse repurchase agreement shall ensure that it is able to recall the full amount of cash at any time on either an accrued basis or a mark-to-market basis. When the cash is recallable at any time on a mark-to-market basis, the mark-to-market value of the reverse repurchase agreement shall be used for the calculation of the NAV of the sub-fund.

Notes to the financial statements at 30/11/2024

By way of derogation from point above, a sub-fund may receive as part of a reverse repurchase agreement liquid transferable securities or money market instruments other than those that fulfil the requirements set out in point above provided that those assets comply with one of the following conditions:

- a) they are issued or guaranteed by the European Union, a central authority or central bank of a Member State, the European Central Bank, the European Investment Bank, the European Stability Mechanism or the European Financial Stability Facility provided that a favourable assessment has been received regarding the credit quality assessment. The assets received as part of a reverse repurchase agreement in this respect shall be disclosed to the shareholders and shall fulfil the requirements of point 2 (ii) of Diversification Rules of the Prospectus.
- b) they are issued or guaranteed by a central authority or central bank of a Third Country, provided that a favourable assessment has been received regarding the credit quality assessment.

The maximum proportion of assets that can be subject to reverse repurchase agreements and the expected proportion of assets that are subject to them are mentioned in Book 2 for each sub-fund of the Prospectus.

Notes to the financial statements at 30/11/2024

Note 9 - Exchange rates

The exchange rates used for consolidation and for share classes denominated in a currency other than the reference currency of the relevant sub-fund as at 30 November 2024 were the following:

Note 10 - Swaps

Interest Rate Swaps

The Company has entered into interest rate swaps agreements whereby it exchanges fixed income (sum of the notional amount and the fixed rate) for variable income (sum of the notional amount and the floating rate) and vice versa. These amounts are calculated and recognised at each calculation of the Net Asset Value; the receivable amount is stated under “Other assets” in the Statement of net assets, while the payable amount is given under “Other liabilities” in the Statement of net assets.
