Investment Manager's Report

Taxonomy Article 7 Requirement

The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

SFDR Article 7 Requirement for Transparency of Adverse Sustainability Impacts

The Emerging Markets Targeted Value Fund considered how exposure to controversial weapons (anti-personnel mines, cluster munitions, chemical weapons, and biological weapons) impacted sustainability factors. The Investment Manager made this consideration when making investment decisions for the Fund by seeking to exclude securities of companies that are involved in the production of controversial weapons. The Fund did not promote environmental or social characteristics (or combination thereof) and did not have sustainable investment as its investment objective.

Emerging Markets Targeted Value Fund

The Emerging Markets Targeted Value Fund (the "Fund") invests in small and mid cap low relative price (value) companies across emerging markets. As of 30 November 2022, the Fund had holdings in approximately 3,220 companies. This reflects our approach of seeking to deliver highly diversified exposure to small and mid cap emerging markets value companies.

Over the one-year period ending 30 November 2022, the total return of the Fund in U.S. dollars (the base currency of the Fund) was -6.86%. This compares to a total return of -9.12% for the MSCI Emerging Markets SMID Value Index (the "Index"). The Fund's emphasis on value stocks contributed positively to performance relative to the index, as these stocks outperformed. The Index has been included for market context purposes only.

Dimensional Fund Advisors Ltd on behalf of Dimensional Ireland Limited 30 March 2023

Directors' Report

The Directors (the "Directors") of Dimensional Funds II plc (the "Company") submit this Annual Report together with the audited financial statements for the financial year ended 30 November 2022. As at 30 November 2022, the Company had one active fund (30 November 2021: one), Emerging Markets Targeted Value Fund (the "Fund").

The Company is established as an umbrella investment company with segregated liability between funds and variable capital incorporated in Ireland as a public limited company pursuant to the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended), and under the Central Bank (Supervision & Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations") (together the "UCITS Regulations").

The Company is constituted as an umbrella fund insofar as the share capital of the Company will be divided into different portfolios of assets which will comprise separate funds. In accordance with the requirements of the Central Bank of Ireland (the "Central Bank") UCITS Regulations, shares may be divided into different classes to accommodate different subscription and/or redemption charges and/or charges and/or dividend and/or fee arrangements. The portfolio of assets maintained and comprising a separate fund will be invested in accordance with the investment objectives and policies applicable to such fund.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable Irish law and Financial Reporting Standard 102 ("FRS 102"), the Financial Reporting Standard applicable in the UK and Republic of Ireland.

Irish Company law requires the Directors to prepare financial statements for each financial year that give a true and fair view of the assets, liabilities and financial position for the Company and of the profit or loss of the Company for that financial year. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, and note the effect and reasons for any departure from these standards; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing these financial statements.

The Directors are responsible for keeping adequate accounting records which disclose, with reasonable accuracy at any time, the financial position of the Company and to enable them to ensure that the financial statements are prepared in accordance with accounting standards generally accepted in Ireland and that they comply with the Companies Act 2014 and the UCITS Regulations. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under the UCITS Regulations, the Directors are required to entrust the assets of the Company to the depositary for safe-keeping. In carrying out this duty, the Directors have delegated custody of the Company's assets to State Street Custodial Services (Ireland) Limited (the "Depositary").

The measures taken by the Directors to secure compliance with the Company's obligations to keep adequate accounting records include the use of appropriate systems and procedures and employment of competent persons. The accounting records are retained at the offices of State Street Fund Services (Ireland) Limited, 78 Sir John Rogerson's Quay, Dublin 2, Ireland (the "Administrator"). The Management Company is responsible for the maintenance and integrity of the corporate and financial information regarding the Company included on the Management Company's website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Principal Activities and Review of the Business

The Company has been formed to provide investors with an opportunity to purchase shares in a series of investment funds. For the financial year ended 30 November 2022 the Company has issued shares in one fund, Emerging Markets Targeted Value Fund.

The investment objective of the Emerging Markets Targeted Value Fund is to maximise long-term total return.

A review of the performance of the Company together with an analysis of key financial and non-financial performance indicators is available in the Investment Manager's Report.

Significant Events during the Financial Year

The First Addendum was issued on 10 December 2021. It was supplemental to the Prospectus dated 26 October 2021, it included the following changes to the Prospectus disclosures required under Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088:

• A disclosure for the sub-fund which does not promote sustainability in accordance with Article 8 of SFDR that the investment do not take into account the EU criteria for environmentally sustainable economic activities as set out in the EU Taxonomy Regulation.

On 23 February 2022 the Company sent a notification to shareholders informing them that the Company would cease being a self-managed investment company and that it intended to appoint Dimensional Ireland Limited as a third party UCITS management company effective from on or around 1 April 2022. Dimensional Ireland Limited is a limited company incorporated under Irish law on 20 September 2018, having its registered office at 3 Dublin Landings, North Wall Quay, Dublin 1, Ireland.

In February 2022, Russian military entered Ukraine. Economic sanctions have been placed on Russia and certain of its citizens, including the exclusion of certain Russian banks from the SWIFT (Society for Worldwide Interbank Financial Telecommunication) global payments network. Price volatility, trading restrictions, including the potential for extended halting of Russian market trading, and general default risk related to Russian securities have increased substantially. It is uncertain how long the conflict, economic sanctions and market instability will continue and whether they will escalate further. The Investment Manager is actively monitoring the situation and the impact it may have on the Company.

On 28 February 2022, the Russian stock markets ceased trading and pricing for these securities was temporarily unavailable. Reliable price quotations for Russian securities, including Russian depositary receipts trading outside of Russia that are held by the sub-fund, are difficult to obtain, requiring the Investment Manager to estimate prices for such depositary receipts using other market information, which in turn may also be more difficult to obtain and validate. As of 30 November 2022, the Emerging Markets Targeted Value Fund had an immaterial exposure to Russian securities through investment in depositary receipts.

A new Prospectus was issued on 1 April 2022 in order to reflect the appointment of Dimensional Ireland Limited as UCITS management company for the Company.

The First Addendum was issued on 20 June 2022. It was supplemental to the Prospectus dated 1 April 2022, to include language to clarify that the Emerging Markets Targeted Value Fund is considered an equity fund under the German Investment Tax Act.

The Second Addendum was issued on 16 November 2022. It was supplemental to the Prospectus dated 1 April 2022, the First Addendum dated 20 June 2022 which included the following changes:

- To add Kuwait to the "Emerging Markets Countries" section of the Prospectus;
- To remove Israel from the "Emerging Markets Countries" section of the Prospectus;
- To update the references to the Company website to "http://www.dimensional.com"; and
- To reflect the change in registered address of the Company and a number of the service providers.

A new Prospectus was issued on 30 November 2022 in order to satisfy the requirements the Commission Delegated Regulation (EU) 2022/1288 (SFDR Level 2 requirements) supplementing SFDR and included the following changes:

- to add an explanation of how the sub-fund considers principal adverse impacts on sustainability factors; and
- to add a statement that information on principal adverse impacts on sustainability factors is available in the information to be disclosed in the
 annual report of the sub-fund.

There were no other significant events during the financial year end which required adjustment to, or disclosure in, these financial statements.

Outlook

Our goal at Dimensional is to deliver an outstanding investment experience to our clients. Our close ties to academia help us to identify leading research that can be beneficial to investors, and our team works to interpret, rigorously test, and consider the practical applicability of those ideas in carefully implemented investment strategies. This focus on research and implementation has been central to Dimensional's approach since our founding and will continue to be a key part of our offer to investors.

Risk Management Objectives and Policies

Information in relation to the Company's Financial Risk Management Objectives, Uncertainties and Policies are included in Note 11 to the financial statements.

Segregated Liability

The Company is an umbrella investment company with segregated liability between funds. As at 30 November 2022 and 30 November 2021, the Company has only one fund.

Results and Dividends

The Directors may declare dividends in respect of any redeemable shares out of net income (including dividend and interest income) and the excess of realised and unrealised capital gains over realised and unrealised losses in respect of investments of the Company.

The Directors anticipate that there will be no dividend distributions in respect of the accumulation classes of the Fund. Accordingly, income and capital gains arising in respect of the accumulation classes of the Fund will be re-invested in the Fund and reflected in the net asset value per share of the Fund.

The Directors anticipate making dividend distributions in respect of the distributing classes of the Fund. Accordingly, any income arising in respect of the distributing classes of the Fund, will be distributed to investors in the Fund in accordance with its shareholdings. Dividends of the GBP distributing class will normally be declared by the Directors for the periods ending 31 May and 30 November. Dividends of the USD distributing class and EUR distributing class would normally be declared by the Directors for the financial year ending 30 November. For the financial years ended 30 November 2022 and 30 November 2021, there were no USD distributing class shares or EUR distributing class shares in issue.

Dividends declared and paid during the financial year are disclosed in note 14 of the financial statements.

Connected party transactions

Central Bank UCITS Regulations states that 'A responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm's length; and b) in the best interest of the unit-holders of the UCITS'.

As required under Central Bank UCITS Regulations, the Directors, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Central Bank UCITS Regulations are applied to all transactions with a connected party; and all transactions with connected parties that were entered into during the financial year to which the report relates complied with the obligations that are prescribed by therein.

Significant events after the Financial Year End

For details of significant events affecting the Fund after the financial year end, refer to note 18 of the financial statements.

Directors

The names of the persons who were Directors during the financial year ended 30 November 2022 are set out on page 2.

Directors' and Secretary's Interests in Shares and Contracts

The authorised share capital of the Company is 500,000,030,002 shares of no par value divided into 2 Subscriber Shares of no par value, 300,000 Capitalisation Shares of no par value and 500,000,000,000 Shares of no par value. As at 30 November 2022, 2 Subscriber Shares were held by Peter Blessing and Nathan Lacaze (30 November 2021: Peter Blessing and Nathan Lacaze).

Nathan Lacaze, Catherine L. Newell, Gerard O'Reilly and John Romiza, as employees of the Investment Manager (the "Investment Manager") during the financial year ended 30 November 2022 and 30 November 2021 or part of it, are not entitled to remuneration from the Company for these financial years.

Aside from the information disclosed above, the Directors and Secretary and their families had no other interest in the shares of the Fund as at and during the financial years ended 30 November 2022 or 30 November 2021. No Director had a material interest in any other contract of significance, during or at the end of the financial year, in relation to the business of the Company.

Compliance statement

The Directors acknowledge that they are responsible for securing the Company's compliance with its relevant obligations. These include all requirements of the Company under Section 225 of the Companies Act 2014, as amended, and all tax law within the Republic of Ireland (the "relevant obligations").

In keeping with the responsibility,

- A Compliance Policy Statement has been drawn up setting out the Company's policy (that, in the Directors' opinion, is appropriate to the Company) respecting compliance by the Company with its relevant obligations;
- The Directors have determined that adequate structures are in place, that in the Directors' opinion, are designed to secure material compliance with the Company's relevant obligations; and
- The Directors have through the Compliance Policy Statement implemented an annual review procedure to review the Company's relevant obligations and determine that a structure is in place designed to comply with the relevant obligations.

Audit Committee

The Directors are aware of section 167 of the Companies Act 2014 which requires certain companies to establish an audit committee. For the year ending 30 November 2022, the Directors confirm that they did not establish an audit committee due to the fact that the Board believes that the Company

Audit Committee (continued)

already has adequate procedures in place that cover, in all material respects, the areas of responsibility of an audit committee, as provided for in Section 167(7) of the Companies Act 2014 and in light of the nature, scale and complexity of the Company's sub-fund, the Board does not believe that a separate audit committee is required in the circumstances.

Relevant Audit Information

To the best of each Director's knowledge, at the time that the financial statements are approved, there is no relevant audit information of which the Company's auditors are unaware and the Directors have taken all reasonable steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent Auditors

The Auditors, PricewaterhouseCoopers, will be re-appointed and continue in office in accordance with section 383(2) of the Companies Act 2014.

Corporate Governance Statement

The Company is subject to and complies with Irish Statute comprising the Companies Act 2014 and the UCITS Regulations.

Although there is no specific statutory corporate governance code applicable to Irish investment funds, the Company is subject to corporate governance practices imposed by:

- 1. The Companies Act 2014 which are available for inspection at the registered office of the Company and may also be obtained at www.irishstatutebook.ie:
- 2. The Articles of Association of the Company which are available for inspection at the registered office of the Company and at the Companies Registration Office in Ireland;
- 3. The Central Bank in their UCITS Regulations and Guidance Notes which can be obtained from the Central Bank's website at: www.centralbank.ie and are available for inspection at the registered office of the Company.

A voluntary corporate governance code (the "Code") was issued by Irish Funds (formerly the Irish Funds Industry Association) in December 2011. The Board of Directors (the "Board") adopted the Code with effect from 31 December 2012. Paragraph 4.1 of the Code recommends that the Board comprise a majority of non-executive Directors. The Board currently consists of six non-executive Directors, two of which are independent non-executive Directors.

Diversity

The Company is subject to a number of legal and regulatory requirements regarding the make-up of the Board including the UCITS Regulations. In addition, the Company has adopted the Code for Collective Investment Schemes and Management Companies which includes requirements regarding board composition.

As a consequence, the Company is obliged to have at least two directors resident in Ireland, to have at least one independent director and to have a majority of non-executive directors (as defined for the purposes of the Code). In addition, the Company is obliged to ensure that each of its directors meet all legal and regulatory requirements including being of sufficiently good repute and sufficiently experienced in relation to the type of business carried out by the Company, that all directors meet the Central Bank's fitness and probity requirements and that the Board of the Company has a good balance of skill and expertise so as to enable it to properly and effectively conduct the business of the Company. These requirements aim to ensure a diverse and balanced range of skills as between the directors on the Board.

In addition, the Board has adopted a retirement policy and is obliged to have regard to the educational and professional background of any prospective directors. At this time the Board does not have a specific policy as regards gender representation on the Board but is subject to other legal, regulatory and corporate governance requirements applicable to the Company's appointment of prospective directors.

The Board has regard to the various requirements set out above when considering any prospective new appointments to the Board.

Financial Reporting Process - Description of Main Features

The Board is ultimately responsible for overseeing the establishment and maintenance of adequate internal control and risk management systems, which includes an assessment of both financial and non-financial risks of the Company in relation to the financial reporting process. As the Company has no employees, all functions including the preparation of the financial statements have been outsourced. The Company has appointed State Street Fund Services (Ireland) Limited as its Administrator consistent with the regulatory framework applicable to investment fund companies such as the Company.

Financial Reporting Process – Description of Main Features (continued)

On appointing the Administrator the Board noted that it was regulated by the Central Bank and, in the Board's opinion, had significant experience as an administrator. The Board also noted the independence of the Administrator from the Company's Investment Manager. Subject to the supervision of the Board, the appointment of the Administrator is intended to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The annual and interim financial statements of the Company are required to be approved by the Board of the Company and filed with the Central Bank. The annual financial statements are required to be audited by independent auditors who report annually to the Board on their findings. The Board evaluates and discusses significant accounting and reporting issues as the need arises.

Risk Assessment

The Board is responsible for assessing the risk of irregularities whether caused by fraud or error in financial reporting and for ensuring that processes are in place for the timely identification of internal and external matters with a potential effect on financial reporting. The Board's appointment of an Administrator and Depositary independent of the Investment Manager to the Company and which are regulated by Central Bank is intended to mitigate though not eliminate the risk of fraud or irregularities which may impact the financial statements of the Company.

Monitoring

The Board receives regular presentations and reviews reports from the Depositary, Investment Manager and Administrator. The Board also has an annual process to consider and address any control weaknesses identified and measures recommended by the independent auditors.

Capital Structure

No person has a significant direct or indirect holding of securities in the Company. No person has any special rights of control over the Company's share capital. There are no restrictions on voting rights.

For the appointment and replacement of Directors, the Company is governed by its Memorandum and Articles of Association, Irish Statute comprising the Companies Act, 2014 the UCITS Regulations and the Code which it adopted. The Articles of Association themselves may be amended by special resolution of the shareholders.

Composition and Operation of the Board of Directors

There are six Directors currently, all of whom are non-executive and two of whom are independent from the Investment Manager. All related party transactions during the financial year are detailed in note 10 to the financial statements. The Articles of Association do not provide for retirement of Directors by rotation. However, the Directors may be removed by the shareholders by ordinary resolution in accordance with the procedures established under the Irish Companies Act, 2014. The Board generally meets at least quarterly.

The Directors have designated a sub-committee to carry out certain management functions of the Company, an independent committee consisting of Peter Blessing and Victoria Parry (the "Independent Committee"). Independent Committee is responsible for monitoring compliance, monitoring of capital complaints handling and internal audit. The committee, in conjunction with the Board, is also responsible for decision making and supervision of delegates. During the financial year the Independent Committee was dissolved following the appointment of Dimensional Ireland Limited as Management Company to Dimensional Funds II plc.

The Board is responsible for managing the business affairs of the Company in accordance with the Articles of Association. Subject to its supervision and direction, the Board has appointed Dimensional Ireland Limited as Management Company with responsibility for the day to day management of the assets of the Company. Dimensional Ireland Limited has appointed each of Dimensional Fund Advisors Ltd., Dimensional Fund Advisors Pte. Ltd., Dimensional Fund Advisors LP, DFA Australia Limited, and Dimensional Japan Limited as investment managers to the Company. The Board has delegated the distribution function to Dimensional Ireland Limited. The Board has delegated the day to day administration of the Company to the Administrator and appointed State Street Custodial Services (Ireland) Limited as the Depositary to the Company with responsibility for the safekeeping of the assets of the Company.

Shareholders Meetings

The Annual General Meeting of the Company will usually be held in Dublin, normally during the month of August or such other date as the Directors may determine. Notice convening the Annual General Meeting in each financial year at which the audited financial statements of the Company will be presented (together with the Directors' and Auditors' Reports of the Company) will be sent to shareholders at their registered addresses not less than 21 days before the date fixed for the meeting. Other general meetings may be convened from time to time by the Directors in such manner as provided by Irish law.

Each of the shares entitles the holder to attend and vote at meetings of the Company and of the Fund represented by those shares. Matters will be determined by a meeting of shareholders on a poll. Each share gives the holder one vote in relation to any matters relating to the Company which are submitted to shareholders for a vote by poll. No business shall be transacted at any shareholder meeting unless a quorum is present. Two shareholders

Shareholders Meetings (continued)

present either in person or by proxy shall be a quorum for a general meeting. If within half an hour after the time appointed for a meeting a quorum is not present, the meeting, if convened on the requisition of or by shareholders, shall be dissolved. In any other case it shall stand adjourned to the same day in the next week, at the same time and place or to such other day and at such other time and place as the Directors may determine. One shareholder present either in person or by proxy shall be a quorum for any such adjourned meeting.

Depositary Report to the Shareholders of Dimensional Funds II plc

We have enquired into the conduct of the Company for the financial year ended 30 November 2022 in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, (the "UCITS Regulations"), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed:

- (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Constitution and the UCITS Regulations; and
- (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the financial year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations"); and
- (ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

30 March 2023

Independent auditors' report to the members of Dimensional Funds II plc

Report on the audit of the financial statements

Opinion

In our opinion, Dimensional Funds II plc's financial statements:

- give a true and fair view of the Company's assets, liabilities and financial position as at 30 November 2022 and of its results for the year then ended;
- have been properly prepared in accordance with Generally Accepted Accounting Practice in Ireland (accounting standards issued by the Financial Reporting Council of the UK, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and Irish law); and
- have been properly prepared in accordance with the requirements of the Companies Act 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended).

We have audited the financial statements, included within the Annual Report and Audited Financial Statements, which comprise:

- the Statement of Financial Position as at 30 November 2022;
- the Statement of Comprehensive Income for the year then ended;
- the Statement of Changes in Net Assets Attributable to Holders of Redeemable Shares for the year then ended;
- the Portfolio of Investments as at 30 November 2022; and
- the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and applicable law.

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report and Audited Financial Statements other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our

opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Directors' Report, we also considered whether the disclosures required by the Companies Act 2014 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (Ireland) and the Companies Act 2014 require us to also report certain opinions and matters as described below:

- In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 30 November 2022 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.
- Based on our knowledge and understanding of the Company and its environment obtained in the course of the
 audit, we have not identified any material misstatements in the Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our audit testing might include testing complete populations of certain transactions and balances, possibly using data auditing techniques. However, it typically involves selecting a limited number of items for testing, rather than testing complete populations. We will often seek to target particular items for testing based on their size or risk characteristics. In other cases, we will use audit sampling to enable us to draw a conclusion about the population from which the sample is selected.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

 $\underline{https://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description \ of \ auditors \ responsibilities \ for \ \underline{audit.pdf}.$

This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with section 391 of the Companies Act 2014 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2014 opinions on other matters

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.

Companies Act 2014 exception reporting

Directors' remuneration and transactions

Under the Companies Act 2014 we are required to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by sections 305 to 312 of that Act have not been made. We have no exceptions to report arising from this responsibility.

Danelle Dolan

Darrelle Dolan for and on behalf of PricewaterhouseCoopers Chartered Accountants and Statutory Audit Firm Dublin 30 March 2023

Statement of Financial Position

| Emerging Markets Targeted Value Fund | | As at 30 November 2022 | As at 30 November 2021 |
|---|--------|------------------------|------------------------|
| | Note | USD '000 | USD '000 |
| Assets | | | |
| Financial assets at fair value through profit or loss | 3(a) | 333,373 | 361,140 |
| Cash and cash equivalents | 8 | 1,953 | 1,202 |
| Cash collateral received | 4 | 1,505 | 1,189 |
| Receivable for shares sold | | 637 | 794 |
| Receivable for securities sold | | 64 | 2,674 |
| Dividends and tax reclaims receivable | | 881 | 501 |
| Prepaid fees | | 13 | 45 |
| Total Assets | | 338,426 | 367,545 |
| Liabilities | | | |
| Payable under securities loan agreements | 4 | (1,505) | (1,189) |
| Management fees payable | 6 | (289) | (174) |
| Payable for shares repurchased | | (261) | (1,174) |
| Payable for securities purchased | | (331) | (45) |
| Distributions payable | | (2,984) | (2,709) |

For the financial year ended 30 November 2022

1. Organisation

Dimensional Funds II plc (the "Company") was incorporated on 5 December 2006. The Company is established as an umbrella investment company with segregated liability between funds and variable capital incorporated in Ireland as a public limited company pursuant to the Companies Act, 2014 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended), and under the Central Bank (Supervision and Enforcement) Act, 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 (together the "UCITS Regulations"). As at 30 November 2022 the Company had only one fund, the Emerging Markets Targeted Value Fund (the "Fund"), in operation.

2. Basis of Preparation and Presentation

These audited financial statements are prepared in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102").

The Company has continued to avail of the exemption available to open-ended investment funds under FRS 102 and is not presenting a cash flow statement.

The financial statements have been prepared on a going concern basis. Note 11 (c) sets out information on liquidity risks and how they are managed by the Company.

All amounts, including comparative amounts as at and for the financial year ended 30 November 2022 as presented in these financial statements, have been rounded to the nearest thousand, unless otherwise indicated.

3. Significant Accounting Policies

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates and judgements are continually evaluated and are based on historical experience and other factors. Estimates and assumptions used may include the use of valuation techniques for the purposes of determining the fair value of financial instruments that are not quoted in active markets, such as unlisted equities and investment in other investment funds. Fair values of such instruments are determined by using valuation techniques as discussed in note 3(a)(iv).

a) Investments at Fair Value

i) Classification

The Company has classified its investments at fair value through profit or loss.

ii) Recognition/Derecognition

Purchases and sales of investments are recognised on trade date i.e. the date on which the Company commits to purchase or sell the asset. Investments are initially recognised at fair value and transaction costs for all financial assets carried at fair value through profit or loss are expensed as incurred.

Investments are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

iii) Measurement

The Company recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument. A regular purchase of financial assets is recognised using trade date accounting. From this date any gains and losses arising from changes in fair value of the financial assets or financial liabilities are recorded.

Profits and losses on the disposal of investments are computed on a first-in, first-out basis and are included in the Statement of Comprehensive Income. Unrealised gains and losses on investments are recognised in the Statement of Comprehensive Income.

iv) Fair value estimation

In preparing the financial statements, the assets and liabilities of the Fund were valued at the respective valuation point for the Fund on 30 November 2022.

Equity and fixed income securities

For financial statements purposes the quoted market price used for financial assets held by the Company is the last traded price with the exception of corporate and government bonds where the quoted market price is quoted mid price.

Unlisted securities

Unlisted securities, if any, are valued at their probable realisation value determined with care and in good faith by the Administrator in consultation with the Investment Manager, who is approved for that purpose by the Depositary. When a "readily available market quotation" for a security is not available, the Company employs "fair value" methodologies to price securities.

The fair valuation process requires the Valuation Committee (the "Valuation Committee") of the Investment Manager to make a determination as to the value of a particular security or group of securities depending on the particular facts and circumstances involved. The Fund does not invest in any unlisted securities other than certain unlisted warrants and rights that have been received as a result of corporate actions.

For the financial year ended 30 November 2022 (continued)

3. Significant Accounting Policies (continued)

b) Income

Interest income and expenses are recognised in the Statement of Comprehensive Income for all debt instruments using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or financial liability. Dividend income is recorded on the ex-dividend date gross of withholding taxes and is disclosed separately in the Statement of Comprehensive Income, net of any tax credits.

c) Expense Recognition

All expenses are taken to the Statement of Comprehensive Income on an accruals basis. Costs and expenses incurred in the operation of the Fund are borne out of the assets of the Fund. The Management Company may, at its discretion, contribute directly towards the expenses attributable to the establishment and/or operation of the Fund and/or the marketing, distribution and/or sale of shares and may from time to time at its sole discretion waive any or all of the management fees in respect of any particular payment period.

d) Foreign Currency Translation

Functional and presentational currency: items included in the Company's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is U.S. Dollar for Emerging Markets Targeted Value Fund. The Company has adopted the functional currency as the presentation currency for the financial statements.

Purchases and sales of securities, and income and expenses are translated at the rate of exchange quoted on the respective date that such transactions are recorded. All assets and liabilities denominated in foreign currencies are translated at the rate of exchange at the latest available rate at the valuation point. Foreign exchange gains and losses resulting from both the settlement of such transactions and from the translation at financial year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

e) Redeemable Shares

Redeemable shares are redeemable at the shareholder's option and are classified as financial liabilities. Any distribution on these redeemable shares is recognised in the Statement of Comprehensive Income. The redeemable shares can be put back to the Company at any time for cash equal to a proportionate share of the Company's NAV. The redeemable shares are carried at the redemption amount that is payable at the Statement of Financial Position date if the shareholders exercised their right to put the shares back to the Company.

f) NAV per Share

The NAV per share of the relevant class of the Fund is calculated by dividing that proportion of the NAV of the Fund which is attributable to the relevant class by the total number of shares of the relevant class in issue at the relevant valuation point. The NAV per share presented in note 15 is calculated in accordance with the Prospectus.

g) Distributions

The Company's distribution policy is disclosed in note 14.

Dividends paid by the Fund are recorded by the Fund on the ex-dividend date and are disclosed separately in the Statement of Comprehensive Income. Proposed distributions to holders of redeemable shares are recognised in the Statement of Comprehensive Income when such dividends are appropriately authorised.

h) Income Equalisation

The Company may operate an equalisation account in respect of certain classes of shares in the Fund. This arrangement is intended to ensure that the income per redeemable share which is distributed in respect of the distribution period is not affected by changes in the number of redeemable shares in issue during that period. The calculation of equalisation is based on net income and represents the income portion of the price of subscriptions/redemptions of redeemable shares. Refer to note 14 for disclosure of income equalisation adjustments on dividends during the financial year.

i) Taxation

As disclosed in note 7, generally the Company is not subject to Irish tax on income, profits or capital gains or other taxes payable.

However, income from investments held by the Company may be subject to withholding taxes or capital gains taxes in jurisdictions other than the Company's country of domicile. Taxes incurred by the Fund are recorded in the Statement of Comprehensive Income within withholding tax on dividends and other taxation.

j) Securities Lending Income

The Company has appointed State Street Bank and Trust Company as securities lending agent (the "securities lending agent"). The Fund may lend securities through the securities lending agent to brokers, dealers and other financial organisations to earn additional income.

Income earned from securities lending activities is accounted for on an accruals basis.

As referred to in note 4, any cash collateral received in relation to securities lending activities is presented on the Statement of Financial Position.

Cash received as collateral is recorded as an asset on the Statement of Financial Position and is valued at fair value. A related liability to repay the collateral is recorded as a liability on the Statement of Financial Position and is also valued at its fair value in line with the requirement of FRS 102. Cash or securities may be set aside as collateral by the Depositary in accordance with the terms of the futures agreement.

For the financial year ended 30 November 2022 (continued)

3. Significant Accounting Policies (continued)

k) Transaction Costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. When a financial asset or financial liability is recognised initially, an entity shall measure it at its fair value through profit or loss with transaction costs for such instruments being recognised directly in the Statement of Comprehensive Income.

Transaction costs charged by the Depositary on the settlement of purchases and sales of investments are disclosed within depositary fees in the Statement of Comprehensive Income for the Fund.

Transaction costs on purchases and sales of equities are presented in net gain/(loss) on financial assets and financial liabilities at fair value through profit or loss in the Statement of Comprehensive Income for the Fund. These costs are presented in note 6 "Fees and Expenses - Transaction Costs".

I) Cash and Cash Equivalents

Cash and cash equivalents comprise cash balances valued at their face value with interest accrued, where applicable.

4. Lending of Securities

Each security loan is collateralised with collateral assets in an amount greater than the current market value of the loaned securities. There is a risk of delay in receiving collateral or in recovering the securities loaned or even loss of rights in collateral should the borrower fail financially.

However, in the event of default or bankruptcy by the other party to the agreement, realisation and/or retention of the collateral may be subject to legal proceedings. In the event that the borrower fails to return loaned securities, and collateral being maintained by the Fund is insufficient to cover the value of loaned securities and provided such collateral insufficiency is not the result of investment losses, the securities lending agent has agreed to pay the amount of the shortfall to the Fund or, at the option of the securities lending agent, to replace the securities.

Subject to the Fund's investment policy, any cash collateral received by the Fund from securities on loan may be invested in securities of the U.S. government or its agencies, repurchase agreements collateralised by securities of the U.S. government or its agencies, time deposits and registered and unregistered money market funds. Agencies include both agency debentures and agency mortgage backed securities.

As at 30 November 2022, USD1,505,000 (30 November 2021: USD1,189,000) of the total cash collateral received by the Fund (as disclosed in the Statement of Financial Position) was reinvested in repurchase agreements with approved counterparty: Merrill Lynch

(30 November 2021: Merrill Lynch). The fair value of repurchase agreements entered into as at 30 November 2022 was USD1,508,000 (30 November 2021: USD1,189,000).

In addition, the Fund will be able to terminate the loan at any time and will receive reasonable interest on the loan, as well as amounts equal to any dividends, interest or other distributions on the loaned securities.

As at 30 November 2022 and 30 November 2021 the Fund had outstanding loans of securities to certain brokers, dealers or other financial institutions for which it has a security interest and lien upon segregated cash and/or securities equivalent to at least 100% of the current market value of the loaned securities with respect to any type of securities loaned through the securities lending agent.

As at 30 November 2022 and 30 November 2021 the collateral received for securities lending purposes comprised cash and government bonds as disclosed in the market value of U.S. loaned securities and market value of non-U.S. loaned securities on the following tables.

As at 30 November 2022 and 30 November 2021 the Fund had the following loaned securities with respect to U.S. securities through the securities lending agent:

| Market Value of U.S. Loaned Securities | As at 30 November 2022 USD '000 | As at 30 November 2021 USD '000 |
|---|---------------------------------------|---------------------------------------|
| Emerging Markets Targeted Value Fund | 20 | 1,982 |
| Total | 20 | 1,982 |
| Fair value of securities received as collateral Cash collateral received | 20 | 2,046 |
| Total | 20 | 2,068 |

As at 30 November 2022 and 30 November 2021 the Fund had the following loaned securities with respect to non-U.S. securities through the securities lending agent:

| Market Value of non-U.S. Loaned Securities | As at 30 November 2022 USD '000 | As at 30 November 2021 USD '000 |
|---|---------------------------------------|---------------------------------------|
| Emerging Markets Targeted Value Fund | 34,393 | 54,152 |
| Total | 34,393 | 54,152 |
| Fair value of securities received as collateral | 35,645 | 58,979 |
| Cash collateral received | 1,505 | 1,167 |
| Total | 37,150 | 60,146 |

Securities lending income as disclosed in the Statement of Comprehensive Income, is received net of the securities lending agent's fee. The securities lending agent's fee incurred for the financial year ended 30 November 2022 was USD89,364 (30 November 2021: USD105,192). All operational costs are borne out of the securities lending agent's share.

None of the above securities and cash collateral received from a single issuer has exceeded 20% of the Fund's NAV at the financial year end date (30 November 2021: none).

For the financial year ended 30 November 2022 (continued)

5. Net Gain/(Loss) on Financial Assets at Fair Value through Profit or Loss and derivative contracts

| | Emerging Markets Targeted Value Fund | | | |
|---|--------------------------------------|-------------------------|--|--|
| | 30 Nov 2022 USD '000 | 30 Nov 2021 USD '000 | | |
| Net realised gain on financial assets at fair value | | | | |
| through profit or loss | 7,676 | 52,062 | | |
| Net realised (loss) on forward contracts | (296) | (148) | | |
| Net realised gain/(loss) on futures contracts | - | (37) | | |
| Net change in unrealised (loss)/gain on financial assets at fair value through profit or loss | (39,962) | 9,707 | | |
| Net change in unrealised (loss) on forward contracts | (6) | - | | |
| Net change in unrealised gain(loss) on futures contracts | | <u>-</u> | | |
| | (32,588) | 61,584 | | |

6. Fees and Expenses

Management fees

The Management Company is entitled to receive management fees in respect of the Fund payable out of the assets of the Fund accruing daily and payable monthly in arrears. The Management Company's fees are charged at 0.57% of the daily NAV of the Fund.

Management Company Fees

The Management Company is entitled to receive a management company fee of up to 0.02% of the Net Asset Value of the Company. The management company fee shall be payable out of the assets of the Funds on a pro-rated basis based on their proportionate share of the total Net Asset Value of the Company accruing daily and payable monthly in arrears.

Notwithstanding the maximum annual fee payable by the Company to the Manager, the fee provisions agreed between the Company and the Management Company are such that the Fund is charged a fixed fee per sub-fund of €10,000 per annum and 0.00285% of the Net Asset Value of the Fund.

Administration and Depositary fees

State Street Fund Services (Ireland) Limited acts as administrator (the "Administrator") of the Company.

The Administrator receives from the Fund a fee calculated at an annual rate not to exceed 0.01633% of the average NAV of the Fund.

The Administrator's fee is subject to a minimum annual fee of USD40,000 per fund multiplied by the total number of funds in existence in the Company and Dimensional Funds plc. The minimum fee is applied to the aggregate assets under administration (of both the Company and Dimensional Funds plc) and not at a fund level. All fees are payable monthly in arrears.

The Administrator shall also be entitled to reimbursement of all reasonable costs and expenses incurred for the benefit of the Fund out of the assets of the Fund in respect of which such costs and expenses were incurred.

State Street Custodial Services (Ireland) Limited acts as depositary (the "Depositary") to the Company.

The Depositary receives from the Fund a fee calculated at an annual rate not to exceed 0.01% of the average NAV of the Fund.

The Fund also bears the cost of all sub-custodian charges and transaction charges incurred by the Depositary, or any sub-custodian, which shall not exceed normal commercial rates. The Depositary shall also be entitled to reimbursement of reasonable expenses incurred by the Depositary, or any sub-depositary, for the benefit of the Fund out of the assets of the Fund in respect of which such charges and expenses were incurred.

State Street Fund Services (Ireland) Limited acts as Registrar and Transfer Agent to the Company.

The Registrar and Transfer Agent is entitled to a fee payable out of the assets of the Company and Dimensional Funds plc, accruing daily and payable monthly in arrears, of up to USD300,000 per annum, allocated to the Fund based on average assets under management. The Registrar and Transfer Agent is also entitled to reimbursement of all reasonable costs and expenses incurred for the benefit of the Fund out of the assets of the Fund in respect of which such charges and expenses were incurred.

Directors' fees

The Directors are entitled to a fee in remuneration for their services. The amount of each Director's remuneration for the financial year in respect of the Company should not exceed EUR10,000 (30 November 2021: EUR10,000) The fee cannot be increased without the shareholders being notified.

Aggregate Directors' fees of EUR819 (30 November 2021: EUR840) were accrued during the financial year ended 30 November 2022. Directors' fees of EUR421 (30 November 2021: EUR420) were payable at financial year end. The Directors who were employees of the Investment Manager during the financial year were not entitled to any such remuneration.

Nathan Lacaze and John Romiza are current employees of Dimensional Fund Advisors Ltd. Catherine L. Newell and Gerard O'Reilly are current employees of Dimensional Fund Advisors LP, both of which are affiliates of Dimensional Ireland Limited. The remuneration of Nathan Lacaze and John Romiza is paid by Dimensional Fund Advisors Ltd. The remuneration of Catherine L. Newell and Gerard O'Reilly is paid by Dimensional Fund Advisors LP. The above mentioned directors' services to this Company and to a number of affiliates are of a non-executive nature and their remuneration is deemed to be wholly attributable to their services to Dimensional Fund Advisors Ltd. and Dimensional Fund Advisors LP, respectively.

For the financial year ended 30 November 2022 (continued)

6. Fees and Expenses (continued)

Audit fees

The remuneration payable to the auditors by the Company for the financial years ended 30 November 2022 and 30 November 2021 were as follows:

| | 30 November 2022 EUR '000 | 30 November 2021 EUR '000 |
|-----------------|------------------------------|------------------------------|
| Statutory audit | 13 | 12 |
| | 13 | 12 |

The audit fees shown above are exclusive of VAT and inclusive of out of pocket expenses.

There were no other assurance, tax, advisory or non audit fees other than the fees disclosed above paid to PricewaterhouseCoopers in Ireland as the Statutory Auditors of the Company as no other services were provided.

Waivers and reimbursements

The Management Company may, at its discretion, contribute directly towards the expenses attributable to the establishment and/or operation of any particular Fund and/or the marketing, distribution and/or sale of Shares and may from time to time at its sole discretion waive any or all of the Management Fees in respect of any particular payment period.

Transaction Costs

Transaction costs on purchases and sales are included in net gain/(loss) on financial assets and financial liabilities at fair value through profit or loss in the Statement of Comprehensive Income for the Fund. Details of transaction costs for the financial years ended 30 November 2022 and 30 November 2021 were as follows:

| | | | Purchases | | Sale | Fees from | Fees from | Total |
|--------------------------------------|----------|-------------|-----------|-------------|----------|-----------|-----------|-------------------|
| | | Purchase | Tax/Fee/ | Sale | Tax/Fee/ | Custodial | Fund | Transaction Costs |
| | | Commissions | Other | Commissions | Other | Services | Services | 30 November 2022 |

| | | Purchase | Tax/Fee/ | Sale | Tax/Fee/ | Custodial | Fund | Transaction Costs |
| | | Commissions | Other | Commissions | Other | Services | Services | 30 November 2021 |
| Fund | Currency | '000 | '000 | '000 | '000 | '000 | '000 | '000 |
| Emerging Markets Targeted Value Fund | USD | 35 | 48 | 74 | 186 | 51 | 57 | 451 |

7. Taxation

Under current law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or chargeable gains. However, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes any distribution payments to shareholders, any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year anniversary beginning with the acquisition of such shares.

No Irish tax will arise on the Company in respect of chargeable events in respect of:

- a) a shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Company at that time or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- b) certain exempted Irish tax resident shareholders who have provided the Company with the appropriate signed declarations in the prescribed Revenue format.

Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

For the financial year ended 30 November 2022, the Fund incurred capital gains tax expenses of USD224,033 (30 November 2021: incurred capital gains tax expenses of USD1,040,537).

8. Cash and Cash Equivalents

The cash balances as disclosed in the Statement of Financial Position were held at State Street Custodial Services (Ireland) Limited as at 30 November 2022 and 30 November 2021.

In March 2015, the Central Bank introduced Investor Money Regulations ("IMR"). These regulations, which were effective from 1 July 2016, detail material changes to the current rules in relation to investor money, and were designed to increase transparency and enhance investor protection.

In response to these regulations, cash accounts held with a third party banking entity for collection of subscriptions and payment of redemptions are now deemed to be assets of the Company.

For the financial year ended 30 November 2022 (continued)

8. Cash and Cash Equivalents (continued)

Cash collateral received relates to collateral received for securities on loan and is held by the securities lending agent as at 30 November 2022 and 30 November 2021.

Please refer to Note 4 for reference to cash collateral received by the Fund that was re-invested in repurchase agreements.

9. Share Capital

The authorised share capital of the Company is 500,000,300,002 shares of no par value divided into 2 Subscriber Shares of no par value, 300,000 Capitalisation Shares of no par value and 500,000,000,000 Shares of no par value. The Subscriber Shares and the Capitalisation Shares together are defined as "Non-Participating Shares".

The Non-Participating Shares entitle the holders to attend and vote at general meetings of the Company but do not entitle the holders to participate in the profits or assets of the Company except for a return of capital on a winding-up.

Following the expiration of the initial offer of shares in the Fund, the Non-Participating Shares may at the option of the Directors either be redesignated as shares at the Offer Price or repurchased. The Non-Participating Shares shall have one vote for each Non-Participating Share held. The Non-Participating Shares are not included in the calculation of the NAV per redeemable share.

Shares entitle the holders to attend and vote at general meetings of the Company and to participate equally (subject to any differences between fees, charges and expenses applicable to different classes) in the profits and assets of the Company on the terms and conditions set out in the Prospectus. The Fund has the ability to issue multiple classes of redeemable shares. Each redeemable share within a class represents an identical legal interest in the Fund and has identical rights.

The following redeemable share transactions occurred during the financial years ended 30 November 2022 and 30 November 2021:

| | EUR Accum. Class | | GBP Accum. Class | | GBP Dist. Class | | USD Accum. Class | |
|---|---------------------|-------------------|---------------------|-------------------|--------------------|-------------------|---------------------|-------------------|

| Redemption of redeemable shares during the | | | | | | | | |
| financial year | (900) | (293) | (706) | (1,732) | (800) | (1,949) | (570) | (1,242) |
| Balance at the end of the financial year | 1,895 | 2,496 | 4,691 | 4,040 | 4,863 | 4,809 | 523 | 1,017 |

10. Related Party Transactions

The related parties to the Fund are the Directors, the Management Company and the Investment Managers and the shareholders with significant holdings of at least 20% of the Fund.

As at 30 November 2022 and 30 November 2021, the Investment Manager held no shares in the Fund.

Peter Blessing, Nathan Lacaze, Catherine L. Newell, Gerard O'Reilly and John Romiza are also directors of the Management Company, Dimensional Ireland Limited.

As at 30 November 2022 and 30 November 2021, Peter Blessing and Nathan Lacaze both held a subscriber share in the Company.

In the opinion of the Directors, the Management Company and the Investment Managers are related parties under FRS 102. Fees earned by these parties and the amounts due at 30 November 2022 and 30 November 2021 are disclosed in the Statement of Comprehensive Income and Statement of Financial Position respectively.

The Management Company shall pay the fees of any Investment Manager out of the Management Fees. Please refer to note 6 for further details.

There was one significant shareholder as at 30 November 2022 (30 November 2021: none) with significant holding of at least 20% of the Fund.

The aggregate shareholding value of significant holding is USD75,649,219 which forms 22.74% of the Fund's NAV (30 November 2021: Nil).

There were no other related party transactions in the financial year under review.

11. Risk Management

The requirement of FRS 102 is to provide information about the Company's exposure to material risk and to disclose the Company's policies to manage these risks.

The management of financial instruments is fundamental to the Company's business. The Directors have appointed Dimensional

For the financial year ended 30 November 2022 (continued)

11. Risk Management (continued)

Ireland Limited as the Management Company and an Investment Manager to the Fund. The Company has been established for the purpose of investing in transferable securities in accordance with the UCITS Regulations. The Investment Manager has responsibility for investing and managing the assets of the Fund according to its investment objective, investment guidelines approved by the Board and policies set forth in the Prospectus and in accordance with the UCITS Regulations.

The investment objective for Emerging Markets Targeted Value Fund is to maximise long-term total return.

The Management Company has appointed Dimensional Fund Advisors Ltd., Dimensional Fund Advisors LP, DFA Australia Limited, Dimensional Fund Advisors Pte. Ltd. and Dimensional Japan Ltd. to provide investment advisory and investment management services to the Management Company.

a) Market Risk

The investments of the Fund are subject to normal capital market fluctuations and to the risks inherent in investment in international securities markets, there can be no assurances that appreciation or preservation will occur.

The Company is exposed to market risk, credit risk and liquidity risk. Market risk includes market price risk, currency risk, interest risk and other price risk.

Investment decisions for the Fund are made by the Investment Committee of the Investment Manager. The Investment Committee meets on a regular basis and also as needed to consider investment issues. The Investment Committee is composed of certain officers and directors of the Investment Manager and its affiliate. The Investment Committee maintains and monitors a list of eligible brokers and dealers to effect securities transactions.

The Investment Committee maintains a specified list of approved markets and countries for the Fund. Compliance with these investment guidelines is monitored by the Directors on an ongoing basis. The Investment Manager continually reviews the holdings of the Fund and reviews the trading process and the execution of securities transactions. The Investment Committee of the Investment Manager formally reviews all portfolios on a monthly basis.

The Investment Manager is responsible for determining those securities which are eligible for purchase and sale by those Funds.

The overall market positions are monitored on a quarterly basis by the Board of Directors.

Global exposure

In accordance with the UCITS Regulations issued by the Central Bank, the Investment Manager is required to employ a risk management process to monitor the exposure to the Fund from derivatives. The Central Bank requires exposure to be measured in one of two ways, either using the Commitment Approach or Value at Risk ("VaR").

During the financial year, the Commitment Approach was used for the Fund. The Commitment Approach is a methodology that aggregates the underlying market or notional values of derivatives to determine the exposure of the Fund to derivatives.

In accordance with the UCITS Regulations, exposure to derivatives for the Fund which use the Commitment Approach must not exceed 100% of the Fund's NAV.

i) Market Price Risk

Market price risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of changes in market prices.

The maximum price risk resulting from the ownership of financial instruments is determined by the fair value of financial instruments. The Investment Manager may consider the asset allocation of the portfolios in order to diversify the risk associated with individual countries, industry sectors or securities while continuing to follow the Fund's investment objective. Market price risk is managed by the Investment Manager through a careful selection of securities within specified limits and investment mandates.

The Valuation Committee of the Investment Manager reviews the appropriateness and accuracy of the methods used in fair valuing securities on a monthly basis. The exposure to market price risk of Emerging Markets Targeted Value Fund is illustrated within the Portfolio of Investments.

The Fund's market price risk is monitored, but not managed, relative to an index. The global exposure is calculated using the Commitment Approach that calculates the incremental exposure generated by the instruments held by the Fund. The following table sets out a comparative index for the Fund and quantifies the estimated impact to the value of the NAV for the Fund based on positive and negative movements in the comparable index using Beta. Beta is a measure of the Fund's securities volatility in relation to the market or index.

It is the opinion of the Directors that a 5% movement in asset prices of equities is a reasonable assumption upon which to base the sensitivity analysis.

| As at 30 November 2 | | et Asset Value ment in Prices | | | |
|---|---|----------------------------------|------|-------------|-------------|
| Fund | Index | Currency | Beta | Positive 5% | Negative 5% |
| Emerging Markets Targeted Value Fund | MSCI Emerging Markets SMID Value Index (net dividends) | USD | 1.03 | 5.15% | (5.15) % |

For the financial year ended 30 November 2022 (continued)

11. Risk Management (continued)

- a) Market Risk (continued)
 - i) Market Price Risk (continued)

| As at 30 November 2 | | et Asset Value ment in Prices | | | |
|---|---|----------------------------------|------|-------------|-------------|
| Fund | Index | Currency | Beta | Positive 5% | Negative 5% |
| Emerging Markets Targeted Value Fund | MSCI Emerging Markets SMID Value Index (net dividends) | USD | 1.03 | 5.16% | (5.16) % |

The sensitivity analysis presented in these financial statements is subject to limitations for example:

- the sensitivities are based on historical data and cannot take account of the fact that future market price movements and future performance, correlations between markets and levels of market liquidity in conditions of market stress may bear no relation to historical patterns;
- the market price risk information is a relative estimate of risk rather than a precise and accurate number;
- the market price information represents a hypothetical outcome and is not intended to be predictive; and
- future market conditions could vary significantly from those experienced.

ii) Foreign Currency Risk

Since securities may be denominated in a foreign currency and may require settlement in foreign currencies and pay interest and/or a dividend in foreign currencies, changes in the relationship of these foreign currencies to the functional currency in respect of the Fund can significantly affect the value of the investments and earnings of the Fund. Monetary assets and liabilities denominated in foreign currencies are translated to the functional currency of the Fund at the foreign currency closing exchange rate ruling at the Statement of Financial Position respectively date. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised in the Statement of Comprehensive Income. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency of the Fund at the foreign currency exchange rates ruling at the dates that the values were determined. Foreign investments may also subject the Fund to foreign government exchange restrictions, expropriation, taxation, or other political, social or economic developments, all of which could affect the market and/or credit risk of the investments.

The Fund may 'cross-hedge' on foreign currency exposure by selling a related foreign currency into the functional currency of the Fund. The Fund did not hold any forward contracts as at 30 November 2022 (30 November 2021: none). The Investment Manager does not actively manage the currency exposure of the Fund.

The Investment Manager may hedge the foreign currency exposure of classes denominated in a currency other than the Base Currency. The Investment Manager does not currently intend to hedge any foreign currency exposure in any class.

All assets and liabilities held by the Fund are monetary assets and liabilities except for investments in equity type instruments which are defined as non-monetary assets.

The Fund's currency exposure, for monetary and nonmonetary assets and liabilities, as at 30 November 2022 was as follows:

| | Assets and | Forward Currency | |
|----------------------|-------------|------------------|--------------|
| | Liabilities | Contracts | Net exposure |
| Currency | USD '000 | USD '000 | USD '000 |
| Brazilian Real | 14,975 | - | 14,975 |
| Chilean Peso | 1,259 | - | 1,259 |
| Chinese Renminbi | 15,101 | - | 15,101 |
| Chinese Yuan | 542 | - | 542 |

The following tables set out a sensitivity analysis in relation to foreign currency risk and its effect on the NAV of the Fund where foreign currency risk is deemed significant (greater than 10% of NAV for the Fund's exposure to emerging and developing countries). Sensitivity analysis is calculated based on +/-10% for the Fund's exposure to emerging and developing countries and based on +/-5% on all other investments and cash. Other net assets/(liabilities) are not significant and are assumed unchanged. All other market parameters have also been assumed unchanged.

| | | | Impact on Net Asset Value due to movement in foreign exchange | | | |
|--------------------------------------|------------------|--------------|---|--------------|--------------|--|
| | | 30 Novemb | er 2022 | 30 Novemb | er 2021 | |
| Fund | Currency | Positive 10% | Negative 10% | Positive 10% | Negative 10% | |
| Emerging Markets Targeted Value Fund | Hong Kong Dollar | 1.73% | (1.73)% | 2.07% | (2.07)% | |
| | Indian Rupee | 1.83% | (1.83)% | 1.38% | (1.38)% | |
| | South Korean Won | 1.31% | (1.31)% | 1.56% | (1.56)% | |
| | Taiwan Dollar | 1.86% | (1.86)% | 2.09% | (2.09)% | |

The sensitivity analysis set out above, should not be used as an indication of future performance.

iii) Interest Rate Risk

The majority of the Company's financial assets and financial liabilities are non-interest bearing, as a result the Company is not subject to a significant amount of risk due to the fluctuations in the prevailing levels of market interest rates. Any excess cash and cash equivalents are invested in short-term market interest rates earning a rate under LIBOR or invested in money market funds.

b) Credit Risk

Credit risk is the risk that a counterparty to or issuer of a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. The Fund is exposed to credit risk on parties with whom it trades and will also bear the risk of settlement default.

All transactions in exchange traded securities are settled/paid for upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities sold is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker in all developed countries. The trade will fail if either party fails to meet their obligation. In certain emerging market countries, the Fund settles with the settlement house one day prior to the

For the financial year ended 30 November 2022 (continued)

11. Risk Management (continued)

b) Credit Risk (continued)

counterparty settlement. However the transaction will still fail if the counterparty does not settle the transaction. At times some of the markets in which the Fund will invest can be less liquid and more volatile. This may result in fluctuations in the price of the shares.

Transactions involving derivative financial instruments are with counterparties with whom the Company has master netting agreements which provide for the net settlement for contracts with the same counterparty in the event of default. The credit risk associated with derivative financial assets subject to a master netting arrangement is eliminated only to the extent that financial liabilities due to the same counterparty will be settled after the assets are realised. All forward currency contracts (if any), are traded with counterparties.

Detail of credit risk associated with security lending is disclosed in note 4 of these financial statements.

The Investment Manager's approved list of counterparties is generally limited to the most highly rated and recognised dealers in their sectors. The Investment Manager performs ongoing monitoring of this list. Counterparty/issuer risk is monitored on an ongoing basis in the following manner:

- Approved broker selection the trading system only permits trading with approved brokers. New brokers are added, subject to a formal review process that includes a review of the broker's creditworthiness, financial strength, ability to enter into legally enforceable arrangements and standing in the financial community.
- Broker monitoring performed through a variety of ongoing activities, including the assessment of certain regulatory filings and financial statements
- Measurement and monitoring of counterparty or issuer trade exposure - a daily review of outstanding positions is performed.

The risk exposure of the Fund to a counterparty to an Over the Counter ("OTC") derivative may not exceed 10% of net assets.

The Company's Depositary is State Street Custodial Services (Ireland) Limited.

The Depositary has appointed State Street Bank and Trust Depositary (the "Sub-Custodian") as its global Sub-Custodian.

All of the Company's assets are held by the Depositary and Sub-Custodian. The Company's non-cash assets are maintained by the Depositary in segregated accounts so that in the event of the Depositary's insolvency or bankruptcy the Company's noncash assets are segregated and protected and this further reduces counterparty risk. While cash held by the Depositary or any depositary will be identifiable as belonging to the Company, the Company will be exposed to the credit risk of the Depositary or any depositary where cash is deposited.

In the event of the insolvency of the Depositary or any depositary, the Company will be treated as a general creditor of the Depositary or other depositary in relation to cash holdings of the Company. Bankruptcy or insolvency of the Depositary may cause the Fund's rights with respect to the cash held by the Depositary to be delayed or limited. The long term credit rating of the parent company of the Depositary and Sub-Custodian, State Street Corporation, as at 30 November 2022 is A1 (30 November 2021: A1). If the credit quality or financial position of the Depositary deteriorated significantly the Board would consider moving the depositary relationship to another bank. As at 30 November 2022 and 30 November 2021 the total amount of financial assets exposed to credit risk approximates to their carrying value in the Statement of Financial Position.

The Company has granted a continuing security interest by way of a charge over the assets of the Fund to the Depositary and its affiliates, pursuant to the Depositary Agreement dated 6 October 2020 between the Company, the Depositary and State Street Bank and Trust Company, as continuing security for payment, discharge and performance of the obligations of the Fund.

For efficient portfolio management purposes, the Fund may enter into securities lending agreements subject to the conditions and limits set out in the UCITS Regulations.

Until the expiry of the securities lending transactions, collateral obtained in relation to such contracts or transactions:

- (i) must be marked to market daily;
- (ii) must equal or exceed, in value at all times, the value of the amount invested or securities loaned as disclosed in note 4;
- (iii) must be transferred to the securities lending agent; and
- (iv) immediately be available to the Fund without recourse to the counterparty in the event of default of that counterparty.

The Fund participates in securities lending which is executed through the securities lending agent. As such the Fund is exposed to an underlying exposure to the credit risk and risk that the borrower may default. The Fund benefits from a borrower default indemnity provided by State Street Bank and Trust Company. A list of eligible borrowers is maintained by the securities lending agent. Minimum credit rating of an eligible borrower is A-2 by Standard and Poor's or its equivalent or if the loan is indemnified no minimum rating. If the credit rating falls below the minimum credit rating the securities lending agent can terminate the securities lending arrangement.

Collateral is held and monitored by the securities lending agent with the Depositary undertaking an overview of this on a periodic basis.

Collateral received by the Fund may be reinvested by the securities lending agent in repurchase agreements with approved counterparties, Merrill Lynch, rated A+ (30 November 2021: Merrill Lynch, rated A+). Details in relation to securities lending are disclosed in note 4.

For the financial year ended 30 November 2022 (continued)

11. Risk Management (continued)

c) Liquidity Risk

Liquidity risk is the risk that the Funds will encounter difficulty in meeting obligations associated with financial liabilities.

Global markets have experienced serious, and potentially continuing, economic problems associated with the COVID-19 pandemic. During the early days of the pandemic, financial markets experienced increases in price volatility and liquidity deteriorated significantly. The financial markets had generally rebounded by Q4 2021 however this continues to have adverse effect globally and is expected to have a significant impact for the foreseeable future. Numerous emerging market countries may also experience political problems, and stock markets in many emerging countries are relatively small and risky. Investors are often limited in their investment and divestment activities.

Additional restrictions may be imposed under emergency conditions. Emerging market securities may decline or fluctuate because of economic and political actions of emerging market governments and less regulated or liquid securities markets. Investors holding the securities are also exposed to the possibility that an emerging market currency will fluctuate against the base currency of the Fund.

The legislative framework in emerging market countries for the purchase and sale of investments and in relation to the beneficial interests in those investments may be relatively new and untested. There can be no assurance regarding how the courts or agencies of emerging market countries will react to questions arising from the Fund's investments in such countries and arrangements contemplated in relation thereto.

The Investment Manager performs liquidity analysis on the Fund on a monthly basis. The number of potentially illiquid assets held in the Fund is minor.

The Company is exposed to daily cash redemptions of redeemable shares. It therefore invests the majority of its assets in investments that are traded in an active market and can be readily disposed of; it invests only a limited proportion of its assets in investments not actively traded on a stock exchange. The Company's listed securities are considered readily realisable as they are listed on recognised and established stock exchanges. The Administrator monitors subscription and redemption volumes and notifies the Investment Manager of significant movements and unusual trends as appropriate.

If outstanding redemption requests from shareholders of the Fund for any dealing day exceed in aggregate more than 10% of all the outstanding shares of the Fund, the Directors shall be entitled at their discretion to refuse to redeem such excess shares. If the Directors refuse to redeem shares for these reasons, the requests for redemption on such date shall be reduced rateably and the Company shall treat the balance of such redemption requests as if they were received on each subsequent dealing day until all the shares to which the original request related have been redeemed.

The liabilities presented in the Statement of Financial Position are typically payable within the following periods:

Less than 1 month
Payable for shares repurchased
Payable for securities purchased
Distributions payable

Less than 3 months

Management fees payable

Accrued expenses

More than 3 months
Payable under securities loan agreements
Capital gains tax payable

The Company does not engage in leverage activities.

d) Fair Value Estimation

The fair value of the financial instruments traded in active markets such as publicly traded derivatives and trading securities is based on quoted market prices at the Statement of Financial Position date. The quoted market price at the valuation point used for bonds traded on a regulated market held by the Company can be last traded price or quoted mid price depending on the bond type. Securities other than bonds which are traded on a regulated market will be issued at the last traded prices at the relevant valuation point. When a "readily available market quotation" for a security is not available, the Company employs "fair value" methodologies to price securities. As a general principle, fair value is the price that the Fund might reasonably expect to receive upon a current sale. The fair valuation process requires the Investment Manager to make a determination in good faith as to the value of a particular security or group of securities depending on the particular facts and circumstances involved. Circumstances in which a market quotation is not readily available may include, trading suspensions prior to the close of the relevant market; events that unexpectedly close entire markets such as natural disasters, power blackouts, or similar major events; market holidays; or volume of trading in a security.

When determining the fair value of a security, the Investment Manager may consider all relevant methods, including but not limited to any one or all of the following pricing methods:

- 1. A multiple of earnings;
- 2. A discount from market of a similar freely traded security;
- 3. A discounted cash-flow analysis;
- 4. The book value or a multiple thereof;
- 5. A risk premium/yield analysis;
- 6. Yield to maturity; or
- 7. Fundamental investment analysis.

Investments measured and reported at fair value are classified and disclosed in one of the following fair value hierarchy levels based on the significance of the inputs used in measuring its fair value. These levels are the fair value hierarchy levels per FRS 102.

For the financial year ended 30 November 2022 (continued)

11. Risk Management (continued)

d) Fair Value Estimation (continued)

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the valuation date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are inputs other than quoted prices in active markets included within level 1 that are observable for the asset or liability, either directly or indirectly. Fair value is determined through the use of models or other valuation methodologies. Level 2 inputs include the following:

- a) Quoted prices for similar assets or liabilities in active markets:
- b) Quoted prices for identical or similar assets or liabilities in markets that are not active, that is, markets in which there are few transactions for the asset or liability, the prices are not current, or price quotations vary substantially either over time or among market makers, or in which little information is released publicly;
- c) Inputs other than quoted prices that are observable for the asset or liability (e.g. interest rate and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks and default rates); and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Company's own assumptions about how market participants would be expected to value the asset or liability. Unobservable inputs are developed based on the best information available in the circumstances, other than market data obtained from sources independent of the Company and might include the Company's own data.

An investment is always categorized as Level 1, 2 or 3 in its entirety. In certain cases, the fair value measurement for an investment may use a number of different inputs that fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and is specific to the investment.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in these securities

The following table analyzes under the fair value hierarchy the Fund's financial assets and financial liabilities measured at fair value at 30 November 2022 and 30 November 2021:

| | 30 November 2022 USD '000 | 30 November 2021 USD '000 |
|--------------------|------------------------------|------------------------------|
| Level 1 | | |
| Equity Instruments | 332,953 | 359,163 |
| | 332,953 | 359,163 |
| Level 2 | | |
| Equity Instruments | 420 | 1,977 |
| | 420 | 1,977 |
| Total | 333,373 | 361,140 |

There were no Level 3 securities held during the financial years ended 30 November 2022 and 30 November 2021.

Securities of the aggregated market value of USD218,092 were transferred from Level 1 to Level 2 during the financial year ended 30 November 2022 (30 November 2021: USD1,791,283). During the same time securities of the aggregated market value of USD1,482,534 were transferred from Level 2 to Level 1 (30 November 2021: USD153,211).

On 28 February 2022, the Russian stock markets ceased trading and pricing for these securities was temporarily unavailable. Reliable price quotations for Russian securities, including Russian depositary receipts trading outside of Russia that are held by the sub-fund, are difficult to obtain, requiring the Investment Manager to estimate prices for such depositary receipts using other market information, which in turn may also be more difficult to obtain and validate. It is uncertain how long the conflict, economic sanctions and market instability will continue and whether they will escalate further. The Investment Manager is actively monitoring the situation and the impact it may have on the Company.

As of 30 November 2022, the Emerging Markets Targeted Value Fund's exposure to russian securities through investment in depositary receipts has been fair valued by the Investment Manager with a market value of Nil.

12. Foreign Exchange Rates

The following exchange rates were used to convert the investments and other assets and liabilities denominated in currencies other than the Fund's base currency at 30 November 2022 and 30 November 2021:

| Exchange Rates against | 30 November 2022 | 30 November 2021 |
|--------------------------------|------------------|------------------|
| Brazilian Real | 5.1894 | 5.6219 |
| Chilean Peso | 890.5000 | 827.3750 |
| Chinese Yuan Renminbi | 7.1430 | 6.3712 |
| Chinese Yuan Renminbi Offshore | 7.0465 | - |
| Colombian Peso | 4,828.0000 | 3,995.0000 |
| Euro | 0.9610 | 0.8818 |
| Hong Kong Dollar | 7.8110 | 7.7980 |
| Hungarian Forint | 393.2347 | 321.2636 |
| Indian Rupee | 81.4363 | 75.1525 |
| Indonesian Rupiah | 15,731.5000 | 14,322.5000 |
| Israeli Shekel | 3.4118 | 3.1520 |

For the financial year ended 30 November 2022 (continued)

12. Foreign Exchange Rates (continued)

| Exchange Rates against (continued) | 30 November 2022 | 30 November 2021 |
|------------------------------------|------------------|------------------|
| Japanese Yen | 138.0900 | - |
| Malaysian Ringgit | 4.4475 | 4.2115 |
| Mexican Peso | 19.2940 | 21.4425 |
| Philippine Peso | 56.5600 | 50.3850 |
| Polish Zloty | 4.4873 | 4.1072 |
| Pound Sterling | 0.8297 | 0.7519 |
| Quatari Riyal | 3.6418 | 3.6410 |
| Saudi Riyal | 3.7593 | 3.7516 |
| Singapore Dollar | 1.3608 | 1.3646 |
| South African Rand | 17.2769 | 15.9050 |
| South Korean Won | 1,318.8500 | 1,187.9000 |
| Taiwan Dollar | 30.9055 | 27.8045 |
| Thai Baht | 35.2650 | 33.6975 |
| Turkish Lira | 18.6380 | 13.6883 |
| United Arab Emirates Dirham | 3.6731 | 3.6731 |

13. Derivative Financial Instruments

The Fund may employ investment techniques and instruments for efficient portfolio management of its assets including hedging against market movements, currency exchange or interest rate risks, under the conditions and within the limits stipulated by the Central Bank under the UCITS Regulations. The Fund may use such investment techniques and instruments only where their use is, in the opinion of the Investment Manager, consistent with the investment policies of the Fund. In particular, the Fund may lend its securities, enter repurchase and reverse repurchase agreements, call options, spot and forward currency contracts and financial futures. The total exposure of the Fund including but not limited to its exposure from the use of any derivative instruments, may not exceed the total net assets of the Fund.

The direct and indirect operational costs arising from these contracts cannot practically be split from the total return of the instrument. The realised and unrealised gains and losses on forward currency contracts, if applicable, are included within net gain/(loss) on financial assets at fair value through profit or loss in the Statement of Comprehensive Income.

As at 30 November 2022 and 30 November 2021, the Fund did not hold derivative instruments for efficient portfolio management purposes.

As at 30 November 2022 and 30 November 2021 the Fund entered into securities lending agreements for the purposes of effective portfolio management. Please refer to Note 4 for further details.

14. Distributions

The Directors may declare dividends in respect of any redeemable shares out of net income (including dividend and interest income) and the excess of realised and unrealised capital gains over realised and unrealised losses in respect of investments of the Company. Paid and proposed distributions to redeemable participating shares are classified as finance costs in the Statement of Comprehensive Income

The Directors anticipate that there will be no dividend distributions in respect of the accumulation classes of the Fund. Accordingly, income and capital gains arising in respect of the accumulation classes of the Fund will be re-invested in the Fund and reflected in the NAV per redeemable share of the Fund.

The Directors anticipate making dividend distributions in respect of the distributing classes of the Fund. Accordingly, any income arising in respect of the distributing classes of the Fund will be distributed to redeemable shareholders in the Fund in accordance with its shareholdings.

Dividends of the GBP distributing class will normally be declared by the Directors for the financial periods ending 31 May and 30 November. Dividends of the USD distributing class and EUR distributing class will normally be declared by the Directors for the financial year ending 30 November. For the financial years ended 30 November 2022 and 30 November 2021 there were no USD distributing class or EUR distributing class in issue.

The Directors do not expect to declare a dividend in respect of any class where it would be uneconomical to pay such dividend to shareholders.

Distributions for the financial years ended 30 November 2022 and 30 November 2021 were as follows:

| | 30 Nov 2022 | 30 Nov 2021 | |
|--|-------------|-------------|--|
| | USD '000 | USD '000 | |
| Gross distribution for the financial year | 3,615 | 3,174 | |
| Add: Income deducted on cancellation of shares | 259 | 462 | |
| Deduct: Income received on issue of shares | (234) | (233) | |
| Net distribution for the financial year | 3,640 | 3,403 | |

15. Comparative Net Asset Values

| Emerging Markets Targeted Value Fund | 30 November 2022 '000 | 30 November 2021 '000 | 30 November 2020 '000 |
|--------------------------------------|--------------------------|--------------------------|--------------------------|
| Net Asset Value | USD332,739 | USD361,688 | USD374,079 |
| Outstanding shares | | | |
| EUR Accumulation Class | 1,895 | 2,496 | 2,469 |
| GBP Accumulation Class | 4,691 | 4,040 | 4,850 |
| GBP Distributing Class | 4,863 | 4,809 | 5,731 |
| USD Accumulation Class | 523 | 1,017 | 2,132 |
| Net Asset Value per share | | | |
| EUR Accumulation Class | EUR22.51 | EUR22.18 | EUR17.95 |
| GBP Accumulation Class | GBP25.57 | GBP24.88 | GBP21.13 |
| GBP Distributing Class | GBP23.06 | GBP23.03 | GBP19.97 |
| USD Accumulation Class | USD16.42 | USD17.63 | USD15.01 |

16. Use of Soft Commission and Brokerage Services

The Company pays no brokerage services and soft commission through commission sharing arrangements.

17. Commitments and Contingent Liabilities

As at 30 November 2022 and 30 November 2021, the Company did not have commitments or contingent liabilities to be presented in the Statement of Financial Position.

For the financial year ended 30 November 2022 (continued)

18. Significant Events after the Financial Year End

A new German Consolidated Prospectus was issued on 8 December 2022.

Management continue to monitor the ongoing conflict in Ukraine and its impact on the securities held by the sub-funds. Reliable price quotations for Russian securities, including Russian depositary receipts trading outside of Russia that are held by the sub-funds, continue to be difficult to obtain, requiring the Investment Manager to estimate prices for such depositary receipts using other market information, which in turn may also be more difficult to obtain and validate. As of 30 March 2023, the Emerging Markets Targeted Value Fund had an immaterial exposure to Russian securities through investment in depositary receipts.

There were no other significant events after the financial year end which required adjustment to, or disclosure in, these financial statements.

19. Approval of Financial Statements

The financial statements were approved by the Directors on 30 March 2023.

Statement of Portfolio Changes (unaudited)

for the financial year ended 30 November 2022

In accordance with the Central Bank (Supervision and Enforcement) Act, 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019, a statement of the largest changes in the composition of the Portfolio of Investments during the financial year is provided to ensure that shareholders can identify changes in the investments held by the Fund. These statements present the aggregate purchases and sales of an investment exceeding 1.00% of the total value of purchases and sales for the financial year or at least the top 20 purchases and sales.

Remuneration Policy (unaudited)

In accordance with the European Communities (UCITS) Regulations, 2011 (as amended), the Company adopted a remuneration policy on 11 November 2016 which in the case of the Company, only applies to certain Directors as it has no employees. The annual review has taken place and no changes were made

The Directors of the Company who are separately employed by the Investment Manager or its affiliated entities do not receive remuneration from the Company for acting in their capacity as Directors. The other 2 persons who acted as director during the period in question receive a fixed fee only and do not receive performance-based or variable remuneration. The fixed fees payable to such members of the Board of Directors reflect amounts provided for in the Company's Prospectus are set at a level based on considerations including, without limitation, the market rate, the qualifications and contribution required in view of the nature, scope and complexity of the Company's activities, the extent of the responsibilities and the number of board meetings and is subject to review from time to time. The aggregate amount of remuneration paid to those Directors for the financial year was EUR819 (2021: EUR840).

None of the directors receive performance based or variable remuneration and the structure of remuneration does not encourage excessive risk taking with respect to sustainability risks. It is not considered that there is any conflict of interest or pursuit of less sustainable opportunities with the goal of increasing compensation payable to any director.

Further details will be available on the Company's website www.dimensional.com. A paper copy of this information provided on the website is available free of charge following a request to the Company.
