

## **Key Investor Information**

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

	nd of TENDERCAPITAL FUNDS plc (the Company) e Class (ISIN IE00B8XC4845)
Objectives and Investment Policy	
The Fund aims to produce positive returns with medium/high volatility (range and frequency of price movement).	and/or (ii) collective investment schemes, including exchange traded funds. From time to time, the Fund may hold up to 100% of its NAV in liquid assets,
The Fund is actively managed and is not managed in reference to a benchmark.	such as money market instruments (including certificates of deposit, commercial paper (type of bond with a short maturity), cash deposits, fixed income securities (such as notes, preferred securities, debentures,
The Investment Manager has discretion over the composition of the Fund's portfolio, subject to the stated investment objectives and policies.	convertible and non-convertible bonds) issued or guaranteed by governments, municipalities, agencies, supranationals or corporates. Such investment could be made, in particular, where the Investment
The main investment strategy of the Fund is to seek to identify and invest in companies that could benefit from trends, such as humanity (demographic trends, population growth/decline,	Manager considers that the markets for these securities look favourable compared to equity securities.
immigration/emigration), low, mid, high business production cycles, economic developments (technological enhancements, internet, cloud computing) or country specific (gross domestic product growth rates). However, other investments could be made depending on the Investment Manager's assessment of the market.	No more than 30% of the NAV shall be directly invested in bonds which, at the time of their most recent purchase, were not rated investment grade by at least one credit rating agency approved by the Company or which are deemed by the Investment Manager to have an implied rating of investment grade for instance by reference to other bonds issued by the issuer of the relevant bond. The credit rating agencies currently approved
The Fund may invest up to 100% of its net asset value ( <b>NAV</b> ) in equities and equity related securities whose currency unit is Euro, accrete all inductries and all sizes of companies mainly be listed on a	for such purposes are Standard and Poors, Moody's, Fitch and DBRS.
across all industries and all sizes of companies, mainly be listed on a Regulated Market (as defined in the Prospectus) in Europe.	The Fund may also use financial derivative instruments ( <b>FDI</b> ) for investment purposes and/or for hedging (protect against/ net off) exposure on investments. These FDI may include futures, swaps, options, contracts for
These investments could include shares, options (a derivative that gives the holder the right to buy or sell the underlying security but not the obligation), index option strategies, convertible bonds (securities that	difference, spot and forward currency contracts, which may be exchange traded or over the counter. The Fund may use reverse repurchase agreements for efficient portfolio management.
give the holder the right to convert the bond into shares), warrants (securities that give the holder the right to buy newly created shares at a fixed price during a set period), listed depository receipts	You can buy or sell Shares on every Business Day in Dublin and London. Any net income the Fund generates will be reinvested and reflected in the value of your Shares.
(securities issued by banks evidencing their ownership of specific foreign securities). Up to 10% of the NAV could be invested in (i) the securities described	For full investment objectives and policy details please refer to the prospectus of the Company (the Prospectus) which is available at https://tendercapital.com/
above but which may be listed or traded on other Regulated Markets	https://tendercapital.com/
and may have a currency unit other than Euro;	
Risk and Reward Profile	
Lower risk Higher risk Typically lower rewards Typically higher rewards	<ul><li>The following are risks materially relevant that are not captured by the SRRI indicator:</li><li>Investors should note the difference between the nature of a deposit</li></ul>
